

Being a column in which the publisher just "blows off the steam."

By Willard Jones

L. H. McBRIDE was pulling some wisecracks about the high water over the state at the Tuesday noon luncheon of the Hamlin Lions Club. And he had several others who were helping him supply the mirth. The jibes included . . .

Farmers of the section, it is reported, are having to go in motor boats to the post office to get their drought relief checks.

The Texas Gulf has had a rise of two feet due to the heavy rains that have been dumping into the Gulf of Mexico from the rivers of the state.

They are selling camp sites at Lake Texoma now by providing the prospective buyer a skin diving suit so he may inspect the property.

One dairy farmer south of town is reported having trouble with the catfish that are milking his cows.

It was proposed at the Lions Club meeting that, in planning to take the high school football boys home from practice this fall, the club probably would have to buy boats for transportation.

TREATING EACH DAY as a separate project, we can make the most of them, Dr. W. E. Barton wrote these words:

Do not, I beg of you, insult the morning hour by talking of your backache. There are other and more important things to talk about.

Do not blaspheme by snarling over your coffee about the price of coal, or the argument you had yesterday with a man who proved himself less than a gentleman.

Treat the new day as becomes a gentleman, and the rewards of the hours shall be yours.

WE ARE LIFTING another batch of those clever little quips from the Barbs column of The Fort Worth Press:

Some fish grow faster out of water than they do in it, depending on the fisherman's line.

A doctor removed a signet ring from a woman's stomach. She shouldn't bite her nails so hard.

Too many pedestrians stand up for their rights in the middle of the street.

A writer says the speed limit eventually will be 100 miles per hour. That will slow some drivers down, we hope.

The best indication of second childhood is the way some oldsters act at parties.

Lots of women are much like flowers in that when they fade they die.

Overcharge on any account that you have in the stores and you're sure to get shocked.

TWO HAMLIN hospital patients, bored and unable to secure playing cards, sneaked the discarded cards from a nurse's pocket and started a game of draw poker. On the very first hand after the draw they bet high and outbid each other until all their money was on the table.

"Well, I guess I win," said one, reaching out for the money. "I've got three appendicitis and two gallstones."

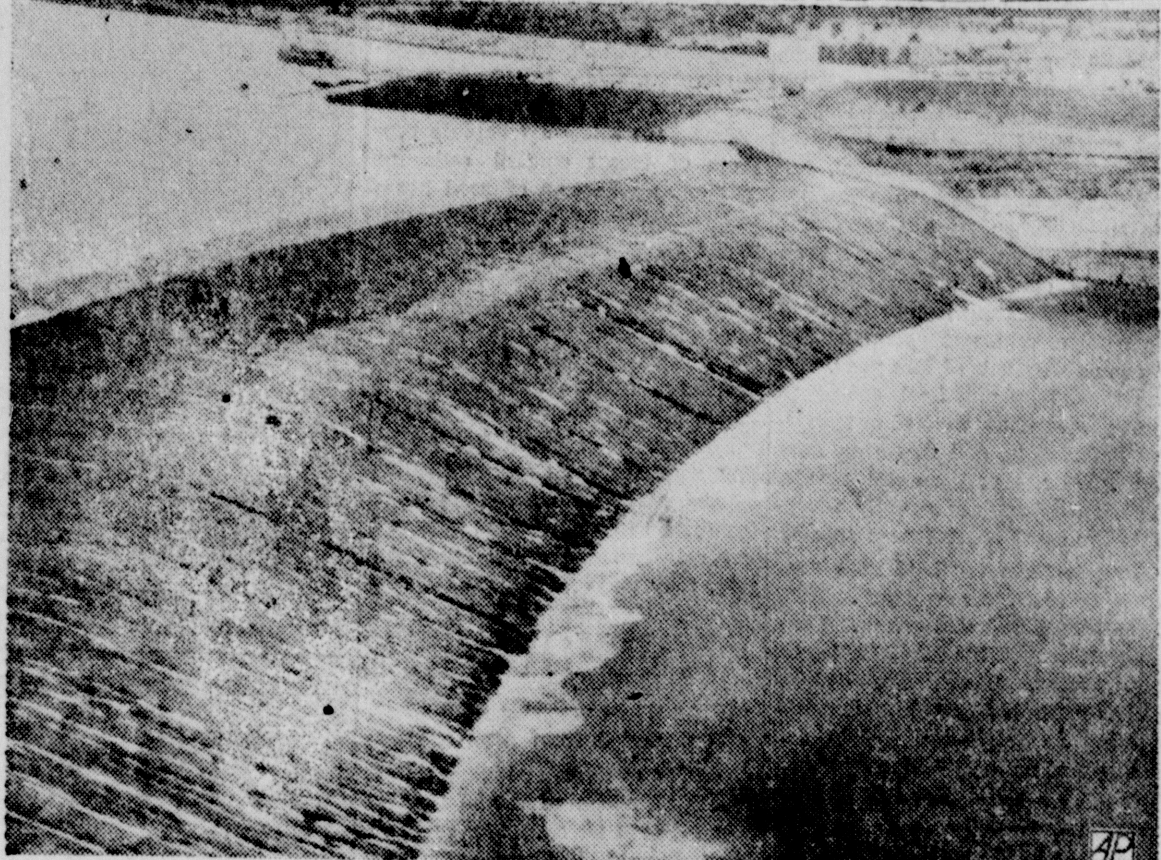

"Just a minute," spoke up the other. "Not so fast. I've got four enemas."

"O. K.," said the first. "You win the pot!"

BABY SITTING is getting to be a major business with a lot of the young folks. Most of us can remember, as we recently read in a familiar magazine, way back when the child's mother was the best baby sitter.

Today the young woman in Hamlin wears the observation that . . . box would think that they could find stonemasonry more fitting—vegetable sitters in our house and a little time for house!

One who wishes he had as he says he is.

LAKE TEXOMA OVER SPILLWAY—Swollen by record rainfall to its 640-foot elevation crest, Lake Texoma started over its 2,000-foot spillway. The lake was overflowing at a depth of four inches when this photo was made. This is the first overflow for the giant reservoir since its completion in 1944. Engineers say it will overflow only once in 100 years.

Edmund W. Robb of Amarillo Assigned to First Methodists

Rev. H. C. Adair Returned Here To Faith Church

Edmund W. Robb, 31-year-old Amarillo man, is to be the new pastor of the First Methodist Church in Hamlin. Rev. Henry C. Adair was returned to the pastorate of Faith Methodist Church.

The appointments were among those announced for the coming year at the annual Northwest Texas Methodist Conference last Friday at Amarillo. They are effective immediately.

Rev. Darris L. Egger, who has been at First Methodist Church for two years, was assigned to the First Methodist Church at Dimmitt, Castro County, northwest of Plainview.

Rev. Robb has been pastor of Forest Hills Methodist Church in Amarillo for three years, where he has done a fine work, it is reported. Previously he had been pastor for a short time of the Quittake Methodist Church.

He and his wife have four children, three girls aged nine, seven and two, and a boy aged six years. They are due to move into the parsonage on Southwest Avenue A Thursday or Friday, The Herald understands.

Other appointments made at the conference were:

See METHODISTS—Page 2

New Hamlin Woman's Forum Officers Installed and Committees Appointed

At a regular meeting of the Hamlin Woman's Forum the following officers were installed by Mrs. Ned Moore, immediate past president: Mrs. M. T. York, president; Mrs. John D. Ferguson, first vice president; Mrs. Dean Witt, second vice president; Mrs. W. O. Cassle, recording secretary; Mrs. Noel Weaver, corresponding secretary; Mrs. Sol Branscum, treasurer; and Mrs. E. M. Wilson, reporter.

Mrs. York announced her standing committees as follows:

Library Committee—Mrs. Tate May, Mrs. Zelma Hulse, Mrs. E. M. Wilson and Mrs. Holly Toler. Community Affairs—Mrs. Dean Witt, Mrs. J. E. McCoy, Mrs. R. L. McClung, Mrs. J. O. Murphree, Pearl Hudson and Mrs. Tarlton Willingham.

Membership—Mrs. Clyde Grice, Mrs. B. O. Bell, Mrs. W. T. Johnson.

HERALD MAN OUT.

Roy Harrison, employee of The Herald in the mechanical department, sustained a severe heart attack at his home Sunday night, and has been in the Hamlin Memorial Hospital since. His condition was reported still critical Wednesday morning when The paper went to press.

OUT ON A LIMB—County Commissioner Jesse K. Bell of Dallas is literally out on a limb as he sits in a tree waiting rescue from the flooded lowlands along the Trinity River. Bell and three workers from his district were making an inspection tour of a levee break, south of Dallas, when their boat capsized and they were forced to take refuge in the trees.

District Approves Davey Weaver for Lone Star Farmer

Davey Weaver, son of Mr. and Mrs. Noel Weaver, passed the area checking committee for Lone Star Farmer Degrees last week in the meeting at Brownfield. The Lone Star Farmer Degree is the highest award that any state association of Future Farmers of America may confer upon a member.

Weaver, a recent graduate of Hamlin High School, was selected on the basis of his outstanding leadership and supervised farming program while a member of the FFA and a student of vocational agriculture. He has been selected this year as the Star Chapter Farmer of the local chapter by his classmates and fellow FFA members. He has been an active member of the FFA at Hamlin for four years and has also been on several judging teams and winning leadership teams during this time.

During the Brownfield meeting young Weaver was selected as runner-up for the Star District Farmer of this district of the Future Farmer organization.

Since passing the area checking committee, Weaver's application is now being processed by a state checking committee in Austin. If it passes there Weaver will receive his award at a special meeting held during the state FFA convention in Fort Worth in July.

COMPLETES BOOT.

Milton Crow, EFSA in the U. S. Navy, has recently completed his boot training at San Diego, California, and is visiting with his parents, Mr. and Mrs. F. M. Crow. He will report to the Great Lakes Naval Training Center near Chicago, Illinois, soon.

Nominating—Mrs. R. D. Moore, Mrs. E. J. Hawkins and Mrs. O. H. Weaver.

Finance—Mrs. L. C. Bonds, Mrs. G. L. Masser, Mrs. Fred Young, Mrs. J. B. Terrell, Mrs. M. S. Johnson, Mrs. Eddie Jay and Mrs. Leroy Smith.

Program—Mrs. John D. Ferguson, Mrs. Irby Weaver, Mrs. W. S. Seals and Mrs. Sam Hodges.

Public Affairs—Mrs. Earl Smith, Mrs. S. C. Ferguson Sr., Mrs. Ruth Johnston, Mrs. Weldon Carlton and Mrs. Kenneth Riddle.

Trustees—Mrs. A. A. Hackley, Mrs. E. M. Wilson and Lennie Greenway. Mrs. E. D. Perrin was appointed parliamentarian.

Mrs. W. O. Willbanks, librarian, reported the gift of a dictionary stand by the Good Neighbor Home Demonstration Club to the Hamlin Memorial Library where the meeting was held.

Mrs. Tate May, chairman of the library committee, reported a total of 382 books in the library.

Wet Weather Keeps Farmers from Fields

Recreation Plan For Summertime Set at School Gym

Summer recreation program to be conducted under the supervision of the new Hamlin High School coach, D. C. Andrews, is scheduled to begin next Thursday, according to announcement by Superintendent of Schools C. F. Cook.

Both boys and girls of next year's sixth grade through high school will be eligible to participate. The program will begin at 9:00 a. m. Thursday.

The sixth, seventh and eighth graders will participate from 9:00 to 10:30 a. m. The high school level students will attend from 10:30 to 12:00 noon.

Recreation will consist of volleyball, basketball, tennis, ping-pong and shuffle board. All participants will be expected to wear tennis shoes while on the gym floor.

"The board and administration of the Hamlin Schools feel that we have lots of money invested in facilities that are not being made available to our children," declared Cook. "A decision was made to have a summer recreation program for our boys and girls in the new high school gymnasium."

More Rains Put Total Rainfall for Year for Hamlin 18.59 Inches

While some parts of the state, including Beaumont which reported the driest May on record were crying for moisture, Hamlin territory continued to be a wet spot of the state and country. It rained on 15 of the 31 days of the month for a total rainfall for May of 8.62 inches, according to the government gauge maintained by Bill Rountree at the city pump station.

Since last week's report in The Herald the rainfall totaled an even three inches. It tabulated like this: May 31, 1.74 inches; June 1, .54; June 2, .36; June 3, .09; and June 4, .27.

Total precipitation for the year so far is 18.59 inches, compared with an average for this time of year of about 10 inches.

Outside Work Done On Hospital Wing

Practically all the outside work has been completed on the new \$60,000 east wing addition to the Hamlin Memorial Hospital, despite the rainy weather that has prevailed during much of the construction period.

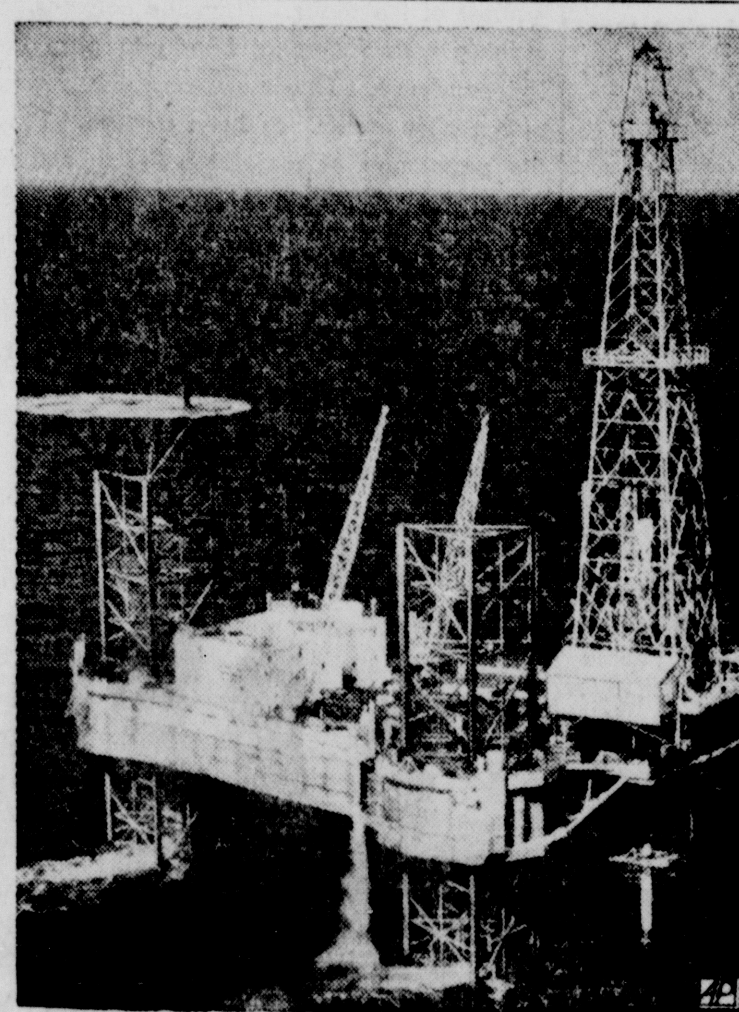

J. C. Babb, director of work on the project for Baco Construction Company of Abilene, general contractor, declares the structure still will be ready on time if nothing unforeseen now occurs to halt the work. Work is being done on the interior of the building, including wiring, plastering, painting and installing plumbing.

The contractor has 210 working days in which to complete the two-story 70x44 structure, but he declares he will complete it in less time, barring unforeseen difficulties.

Don Greenway, son of Mr. and Mrs. J. D. Greenway of Odessa, is among students to be honored at Honors Day convocation, which recognizes students who have maintained a high scholastic record at Southern Methodist University, Dallas. The ceremony was held at McFarlin Memorial Auditorium on the campus.

Greenway, who completes his pre-medical training this summer, plans to enter Southwestern Medical School in September.

Greenway, who is the grandson of Mrs. J. S. Dickey and Mr. and Mrs. J. C. Greenway of Hamlin.

FIRST ON-LOCATION PHOTO—This offshore drilling rig called the "Vinegaroon" is shown on location 12 miles offshore from Cameron, Louisiana, in the Gulf of Mexico. The unit, built by R. G. LeTourneau Inc. of Longview for the Zapata Offshore Company of Houston at a cost of \$3,250,000, is capable of drilling to depths in excess of 20,000 feet in waters up to 100 feet deep. The drilling platform is self elevating. Note heliport on stand at left.

Two Other Coaches Are Named for HHS

Hamlin High School's head football coach, elected several weeks ago, is on the job, and two other members of the coaching staff have been named and should be on the job within a few days, according to Superintendent of Schools C. F. Cook.

Coach D. C. Andrews moved to Hamlin last week to assume his duties as head football coach of Hamlin High School. He and his family have moved to 50 Southwest Avenue A.

Andrews and his wife, who came to Hamlin from Memphis, where he was assistant football coach, have a three-year-old daughter, Kay. They are Baptists.

Assistant football coach named is Jimmy Vaughn, who comes from

Jones-Fisher County Singers Meet Sunday

Singers and song lovers of the Hamlin area are advised that the regular Jones and Fisher County singing will be held at the Four-square Gospel Church in Hamlin Sunday afternoon. The church is located at the corner of Southwest First Street and Avenue D.

Singing will get underway at 2:00 o'clock, and the public is invited, declare singing officials.

Work on First Baptist Structure Underway

Despite the rainy weather of the past several days, work has continued partially on the new \$60,000 educational building at the First Baptist Church. Foundation material is on the ground.

General contractor is Stone Construction Company of Colorado City.

The contractor has 210 working days in which to complete the two-story 70x44 structure, but he declares he will complete it in less time, barring unforeseen difficulties.

Don Greenway Gets High Honor at SMU

Don Greenway, son of Mr. and Mrs. J. D. Greenway of Odessa, is among students to be honored at Honors Day convocation, which recognizes students who have maintained a high scholastic record at Southern Methodist University, Dallas. The ceremony was held at McFarlin Memorial Auditorium on the campus.

Greenway, who completes his pre-medical training this summer, plans to enter Southwestern Medical School in September.

Sunshine Vital to Harvest of Grain Fast Going Down

Farmers, ranchers and others who have lived in this territory for years, especially through the past six years of drought, who had vowed they would never complain about rain any more, have about decided they have had enough for a spell.

They are not actually complaining about the amount of rain that have come the past several weeks, but they need to get into the fields with combines, planters and cultivators—or the bountiful rains may not mean bumper crops to the territory after all!

Thousands of acres of wheat that several days ago looked like the biggest crop in the history of the territory, are fast deteriorating. Heavy rains and winds have blown much of it down; some of it is rusting; and certainly a few days of hot sunshine is needed to make it mature and then be harvested.

And it is cotton planting time. In fact, most farmers of the territory ordinarily plant the bulk of their cotton about the middle of May; June 1 is usually the last feasible time to plant. But very few farmers have been permitted to plant their fields because of the continuing rains and wet fields.

Moreover there are thousands of acres of maize and other head grains in the territory that needs attention. Although generally it is doing nicely, sections have been washed out that could have been replanted. And weeds and grass are growing along with the feed—and these growths need to be clipped by cultivators and hoes.

Hot weather is vitally needed within the next several days or farmers will be crying frantically for a let-up in the rains.

Swimming Pool to Be Opened When Fair

Although the Hamlin swimming pool at the City Park has been ready for several days, it has not been opened on account of the rainy weather and muddy conditions around the pool, declared B. V. Newberry, who is operating the pool under lease from the Hamlin Foundation, Inc.

Several new improvements have been made in facilities of the pool, including an improved filter system, Newberry says.

Opening of the pool for the summer season will be staged as soon as the weather clears, it is announced.

Buddy Poppy Sales In Hamlin Net \$166.10

Sale of Buddy Poppies by the Hamlin post of Veterans of Foreign Wars in Hamlin last Saturday was good, reports Bill Herbert, director of the campaign.

Receipts of \$166.10 were reported following work by members of the Ladies' Auxiliary and members of the Camp Fire Girls, Herbert said.

Funds from the Buddy Poppies go to the VFW home and to aid disabled veterans.

Who's New This Week

Two new citizens have been recorded at the Hamlin Memorial Hospital since last report in The Herald. They are:

A boy for Mr. and Mrs. Eddie Frank Blackwell was born May 25. Weighing five pounds 10 1/2 ounces at birth, he has been given the name of Terry Glen.

A girl for Mr. and Mrs. Bill Cork arrived May 28. After tipping the scales at seven pounds seven ounces, she accepted the name Alberta.

FLOOD TALK—Fort Worth City Manager Frank Davis presents the city's flood case before a congressional sub-committee meeting at the U. S. courthouse in Fort Worth. Center is Congressman Jim Wright of Weatherford. At left is Congressman Edmondson of Oklahoma and (right) is Congressman Byrne of Illinois.

BASIC RESPONSIBILITIES HAVE FALLEN ON US

Early in April, news dispatches from London told of serious political problems faced by Prime Minister Macmillan—and of what was termed a "new wave of anti-Americanism."

These two developments are closely related. They stem from a British fear, which finds many influential voices in the country's principal newspapers and magazines as well as government, that England is becoming the tail to the U. S. kite. For example, our agreement at Bermuda, to supply England with guided missiles, drew this comment from the Sunday Express: "The Bermuda deal gives rise to fears that the rocket defense of Great Britain is virtually handed over to American GIs."

The root of all this lies in the profound change that is taking place in Britain's role in the world. The British are proud people and for good reason. Behind them is a magnificent history. What is shocking to traditionally minded England is that the days of vast empire and power are also behind them.

U. S. News and World Report puts it this way: "Great Britain, in all except economic relations with commonwealth nations, is drawing back to the status of an island country—still with great strength and great resources in capital and in people, but no longer a power that leads." It adds that the islands are militarily vulnerable in this age of hydrogen weapons, and, on top of that, are self-sufficient in very few of today's basic national needs.

The magazine traces what has happened to the old empire—that empire on which the

sun never set. It came to its zenith in the great age of Victoria, who was the ruler of a quarter of the globe. Then the colonies, beginning with Australia, began to gain their independence. One new and independent nation after nation has been created. Today the population of remaining British colonies is but 80,000,000—where as recently as 1939 it was 563,000,000.

Britain's economic power and military power have declined accordingly. Once the British Navy ruled the waves. At the peak of her sea power, in 1914, she had 195 capital ships. In 1939 she had 122. Now she has 48, and but 20 are currently in operation.

What this means is that much of the authority Britain used to exert in the world has passed to other hands. She remains an ally of the United States, and to most students she is the most important and reliable ally. But her capacity to pursue major policy purely on her own hook and in accordance purely with her own judgment is gone—which the Middle Eastern crisis and the resignation of Prime Minister Eden so dramatically demonstrated.

What importance has this fateful evolution to the United States? The answer is: Every importance, whether we like it or not. When vacuums exist in the world, they must be filled. Only two powers are capable of filling great vacuums—the United States and the Soviet Union. These are the sole powers with the wealth, the weapons, the populations, the strengths of all kinds. Americans certainly want no empires. But basic responsibilities of empire have fallen upon us.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper. The Herald.

TWENTY YEARS AGO.

Among news items of interest in the Hamlin community 20 years ago were the following, reprinted from the issue of The Hamlin Herald dated June 4, 1917:

Among recent improvement in Hamlin is the installation of a modern soda fountain at the Reynolds Pharmacy.

Lila Lee became the bride of John Reynolds in a quiet home wedding at the home of her parents in McCaulley Tuesday.

The Herald moved over the last week-end into the newspaper's new building on South Central Avenue.

W. E. Benson, W. L. Boyd and Earl Smith went to Bronte Wednesday to attend the celebration of the opening of Highway 70.

Thanks to good rains during the past several weeks, the Hamlin territory is a veritable picture of beauty. Fine grain crops are in readiness for the harvest, and row crops are looking good.

New Ford V-8 Model 60s are being advertised at \$529 f. o. b. factory.

Mr. and Mrs. Marvin Culbertson and family of Vernon were here this week to visit his parents, Mr. and Mrs. J. C. Culbertson.

TEN YEARS AGO.

Reviewing the past, The Herald reproduces the following items of interest in the community 10 years ago, taken from the issue of The Herald dated June 6, 1927:

Wheat harvest is in full swing in the Hamlin territory, with prospects being for the best crop in the area for several years. Wheat was bringing \$2.05 per bushel on the Hamlin market Tuesday.

Clifton Townsend, outstanding Future Farmers of America boy at Hamlin High School, has been awarded the first in a series of Jersey heifers by the Hamlin Chamber of Commerce in a program to promote the dairy industry in the territory.

Rev. Will C. House was returned as pastor of the First Methodist Church by the annual Northwest Texas Conference, which met at Amarillo last week-end.

Hamlin High Schools baseball team has tied Trent for the district title in a series of games being played. Both teams have won three and lost no games this season.

Several local men have recently taken their solo flights in aviation training being conducted at the Hamlin Aviation School. They are Truman Boyles, Wilburn Boyd, J. W. Riddle, Edward Dodd, Huie Parker, Edwin Shadle and Bill Eysen.

FIVE YEARS AGO.

Goings-on in the Hamlin community five years ago included the following, reproduced from the issue of The Hamlin Herald dated June 6, 1932:

Rufus Herbst, 56-year-old operator of Longhorn Courts in East Anson, former McCaulley man, was injured Saturday night when he was hit by an automobile as he crossed the highway near his business.

I. R. Huchingson is being boosted for the post of district governor for Lions Clubs of Central West Texas, with the Hamlin club taking the lead.

Rev. Orion Lewis, who is a senior ministerial student at McMurry College in Abilene, has been assigned as pastor of the new Faith Methodist Church in Southeast Hamlin.

Farmers of Jones County are reported to be planting approximately 175,000 acres to cotton this year, according to County Agent Bill Lehmberg.

ONE YEAR AGO.

As we recall other years in the Hamlin territory, we reprint the following items of interest taken from the issue of The Herald dated June 7, 1936:

Harden Memorial Library, which is being operated under direction of the Hamlin Woman's Forum, voted at its last meeting to make a charge of \$1 per year per family for use of the facilities of the library.

Despite continued drought in the Hamlin section, the row crop situation looks hopeful, declare the county farm agent and others.

New gymnasium for Hamlin High School is taking shape this week as foundations for the big \$150,000 structure are being poured this week.

Rev. Houston Walker, pastor of the First Baptist Church since November, 1933, this week announced that he had accepted the pastorate of the Arnett-Benson Baptist Church in Lubbock, which has a membership of 1,400.

Worst Scourge of Insects Expected in State This Year Than for Many Years

As is already apparent to most people of the Hamlin territory and elsewhere over the state of Texas, insects are having a field day following the bountiful rains that have produced standing water and rank vegetation growth.

This can be said without reservation: We will have more insects to fight this year than ever before, especially flies and mosquitoes.

Plans for combatting the horde of insects in the Hamlin area have been underway for several weeks, but continued rains have hampered effective means of control.

Mosquitoes breed in standing water—whether in a Gulf Coast marsh, a West Texas stock tank or a tin can or old tire in the back yard? They harbor in damp vegetation and undergrowth like we have so much of this year. As for flies, they will be breeding in the garbage of washed-out sanitary land fills, and in sewer lines broken or overflowed by floods. And conditions are equally favorable for most other insect species.

Insects have troubled man ever since he has been on earth. They have bitten and stung him. They have destroyed his food, his home, his clothes. They have carried germs that brought him horrible death. In all, entomologists can identify some 10,000 insect "public enemies" that do \$4,000,000,000 in damage annually.

Let us realize, though, that some insects are not harmful, and others actually do valuable chores for man. Various species of beetles feed on harmful insects, and some caterpillars eat weeds. And other insects, like the honey bee, pollinate crops. Nevertheless, with all his scientific knowledge, it is only by constant effort that man is able to hold his own against insects.

Consider just a single crop—wheat. Each year insects destroy in stored wheat the equivalent of 2,000,000,000 loaves of bread—enough to supply every person in the United States for seven weeks. Or consider just a single disease—encephalitis, spread by mosquitoes. At least 500 cases occurred in the Plainview area last summer. Many of the victims died.

But let's be fair about it. Insects got here first. They have been on earth for at least 250,000,000 years, 250 times longer than man. And in all that time, they have remained relatively unchanged. The reach, for example, looks just about as he did 250,000,000 years ago. Old fossils and stone impressions tell us this.

For thousands of years man

probably swatted or squashed insects to defend himself against them, but by 1,000 B. C. Homer was atkin about sulphur as a fumigant. Since then insecticides have improved. One, DDT, was developed in 1942, and gave early promises of providing the knock-out punch against insect hordes. But it has not. Entomologists say flies, salt marsh mosquitoes, lice and roaches quickly developed resistance to the chemical, and Mexican beetles, spider mites and aphids are not affected by it.

Today we know a complete program of insect control calls for constant application of good home and community sanitation—such things as garbage cans with tight lids, good systems of garbage pick-ups and well operated sewerage disposal plants—together with periodic spraying with effective insecticides, declare officials of the Texas State Health Department.

Fortunately, Hamlin has generally good facilities for controlling insects, and city officials have determined to do their best at insect control—but individual cooperation, they declare, is necessary.

METHODISTS

(concluded from page one)

Amarillo conference include: Rev. David Stephens to the McCaulley Methodist Church. He succeeds Rev. Jarrel H. Sharp, who was assigned to Blackwell. Young Stephens is the son of Rev. Clarence Stephens, pastor at Seymour.

Rev. Vernon Mayfield was appointed to the Sagerton-Tuxedo charge, succeeding Rev. Frank Knox, who went to Eula.

Rev. Joe Yoho was returned to the Sylvester Methodist Church. Among other former pastors of the area listed in appointments were: Rev. James E. Harrell, who was assigned to Morton Methodist Church and Rev. S. Duane Bruce, who was moved from Phillips to Perryton First Methodist Church.

RETURNS TO SAN ANGELO.

Mrs. S. J. Burselson of San Angelo returned Monday to her home after having visited for several days with her sister-in-law, Mrs. W. S. Graham.

DESENSITIZE THAT ITCH! JUST 15 MINUTES

If not pleased, your 40c back at any drug counter. Instant drying ITCH-ME-NOT! deters itch in minutes; kills germs on contact. Use day or night for eczema, insect bites, foot itch, other surface rashes. Now at Howard City Drug.

Black and white combinations are smart, in dress or sportswear. Slim cotton pants and loose cardigan of cotton popcorn knit are by Stephanie Koret of California. Both are washable and wrinkle resistant. Cardigan has giant patch pockets, wide ribbing at neck and front closing.

Rubber bands at The Herald.

Four from Hamlin Go to Area II FFA Meet at Brownfield

Four from Hamlin attended the Area II Association of Future Farmers of America convention held last week at Brownfield. Those in attendance were Gene Murff, incoming president of the local FFA chapter; Jerry Crowley; T. C. Blankinship and Harold Eades, advisors of the boys' organization.

Murff and Crowley were official voting delegates representing the local group. Blankinship and Eades served on committees for checking advanced degree applications of the boys and other business carried on during the three-day sessions.

T. C. Rice of Stamford was elected to serve as new president of the Area II FFA association, and Pete Baker of Anson was selected to be the Area II nominee for state president.

The state Future Farmer convention will be held in Fort Worth July 17-19 at the Will Rogers Coliseum, it was announced.

Joy in Working

A self-righteous man went to see a philosopher. "I was told once," he said, "that they who learned to do the right things are happy. I have not found it so. I am tired of doing the right things when I do not get rewarded for my sacrifices."

"I begin to see your difficulty," said the philosopher. "There is something yet for you to learn. It is not enough just to do the right things. If you would be happy you must learn to enjoy doing them."

Some women look as though they had been poured into their dinner gown without remembering to say "when."

Editorial of the Week

A NEEDED AMENDMENT

Section 41 of Article I of the Texas liquor control act provides a penalty of \$100 to \$1,000 or one year in the county jail for the illegal sale of alcoholic beverages. State Senator Andy Rogers has introduced an amendment that would raise the penalties to a minimum of \$500 and a maximum of \$5,000 or five years in the penitentiary for anyone convicted the second time for this offense. Rogers contends that the present penalties are not sufficient to deter violations of the liquor control laws.

The Standard agrees with the senator 100 per cent. Bootlegging has been too easy in Texas. We have yet to hear of the maximum penalty being assessed an offender. One day's operation will often pay the fine if the party be apprehended. It is small wonder that so many flaunt the law and continue to peddle the evil tax free.

When the judges and juries of this state learn that the people mean business and want all laws enforced such illegal sales will soon be stopped, and when they have been brought to an end the people will go to the polls and vote out legal sales also.

Nothing but fear will deter some persons from wrongdoing. Christian people should give their moral and vocal support to Senator Rogers and all others who insist that we have some liquor control legislation that will let the world know that the people of Texas have had enough of dallying around with the liquor traffic, legal or illegal.—The Baptist Standard.

Stronger Prices Are Rule in Trading First of Week on Fort Worth Markets

All classes of livestock, except shorn old crop lambs, opened the week with strong performances at Fort Worth Monday, declares Ted Goudly, special market reporter for The Herald, in his weekly release. His release continues: In the cattle yards the offering was cleared early and fed steers and yearlings were steady to strong, as steers averaging 1,010 pounds from Wynnewood, Oklahoma, scored \$24, and fed heifers from McClung Land & Cattle Company of Johnson County, topped at \$23.

Cows sold on a stronger basis, and bulls were steady to 25 cents higher. Fat calves were strong to 50 cents or more higher as choice kinds brought \$21 and \$22 freely. Stocker and feeder cattle and calves again sold on a strong to 25 or 50 cents higher basis.

Comparative prices: Good and choice slaughter steers and yearlings, \$20 to \$24; and common and medium butcher sorts, \$13 to \$19. Fat cows netted \$12.50 to \$16, and canners and cutters, \$8.50 to \$12.50. Bulls sold from \$11 to \$15.75.

Good and choice slaughter calves cashed at \$18.50 to \$22, while plain and medium butcher kinds sold from \$14 to \$18. Cull and common sorts sold from \$10 to \$14. Good and choice stocker steer calves cashed at \$19 to \$23, and good steer yearlings sold from \$21.50 down. Plain stockers sold from \$13 to \$17.50. Stocker heifer calves ranged from \$21 down. Stocker cows bulked at \$10 to \$14.

Choice butcher hogs cashed at \$20 and \$20.25 at Fort Worth Monday, the best price since January, at which time the top was \$20.50. This January price was the highest on hogs at Fort Worth since June, 1955.

Medium grade butchers sold from \$16 to \$19. Sows sold from \$15 to \$17.50, and stags cashed at \$9 to \$12.

Spring lambs of good and choice grades sold Monday at Fort Worth at \$20 to \$23, and the trade was cleared early and fed steers and yearlings were steady to strong, as steers averaging 1,010 pounds from Wynnewood, Oklahoma, scored \$24, and fed heifers from McClung Land & Cattle Company of Johnson County, topped at \$23.

Comparative prices: Good and choice milk fed lambs netted \$20 to \$23; and cull to medium spring lambs sold from \$14 to \$19. Feeders spring lambs sold from \$19 down. Late last week some fancy crossbred feeders at 65 pounds topped at \$20.25.

Good and choice shorn old crop lambs cashed at \$16 to \$18, and cull to medium old crop lambs drew \$10 to \$15. Stocker wether old crops sold around \$15 down, and stocker ewes shorn old crops sold from \$18.50 down, with crossbred black faces quotable at \$20.

Slaughter ewes cashed at \$5 to \$7, and aged bucks sold from \$4 to \$5. Old wethers cashed around \$12 down, and some two-year-old wethers sold from \$16 down.

The packers and stockyards division of the Agricultural Marketing Service of the United States Department of Agriculture has prepared a booklet of questions and answers regarding the application of the packers and stockyards act of 1921 as amended, and how it serves the livestock producer.

This is the regulatory act that governs all livestock markets under USDA control. A free copy of this booklet will be sent to the readers of The Herald upon written request to: Livestock Market Institute, 122 East Exchange Avenue, Fort Worth 6, Texas. The booklet is free on request, postage paid.

It is full of information important to livestock producers. A typical question is: "Who benefits from the act?" Answer: "Farmers and ranchers, for it protects their interests when selling livestock at a market subject to the act by preventing stockyards, market agencies, dealers and packers from carrying on practices that would injure livestock producers. General public, for it protects the community with a financially sound and stable outlet for livestock and a good source of meat supplies. Market operators, for it protects their interests from those operators who may be lax in handling their responsibilities."

BLIND STUDENT WINS AWARD—J. K. Martin of Fort Worth, a blind student at Texas A. & M. College, (left) receives an award for winning second place in the showmanship contest at the Little Southwestern Livestock Show at College Station. Martin, who fitted and groomed his Rambouillet yearling ewe, placed second over approximately 70 other students. He is an agricultural education major at the college.

Vacation Bible Schools Doing Good In Hamlin Despite Rainy Weather

Despite threatening weather, muddy grounds and poor transportation, the simultaneous vacation Bible schools being conducted this week at nine churches of the city, fairly good crowds of youngsters have been attending the classes, report officials of the schools.

A colorful parade Saturday afternoon at 5:00 o'clock in downtown streets of Hamlin featured decorated floats boosting the five-

Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending June 1, 1957, were 20,608 compared with 23,002 for the same week in 1956, reflecting a continuing decline from the year ago figure. Cars received from connections totaled 11,461 compared with 12,185 for the same week in 1956.

Total cars moved were 32,069 compared with 35,187 for the same week in 1956. Santa Fe handled a total of 33,567 cars in the preceding week this year.

day schools, with scores of youngsters and instructors taking part in the festival.

Churches participating in the simultaneous vacation Bible school are Faith Methodist Church, First Methodist Church, Church of the Nazarene, Sunset Baptist Church, Foursquare Gospel Church, Calvary Baptist Church, First Baptist Church, Mexican Baptist Church, and North Central Avenue Baptist Church.

Workers in the First Methodist Church Bible school are: Mrs. M. L. Smith, director; Mmes. Bill Fagan, John D. Ferguson and Max Murrell, kindergarten; Mmes. Dean Witt, Fred Smith, Wesley Nail and George Poe, primary; Mrs. L. C. Bonds, juniors; Mrs. R. L. McClung and Mrs. L. W. Shivers, float decorations. Workers at the Faith Methodist Church are: Mrs. N. L. Crowley, director; Billie Dominey, music; Mrs. Irene Woolf and Mrs. N. L. Crowley, kindergarten; Mrs. H. C. Adair, junior girls; Mrs. Jerrill Renfro, junior boys; Mrs. O. R. Criswell, primaries.

Workers at the North Central Avenue Baptist Church are: Rev. Woodrow McHugh, principal; Mrs. Leaford Stone, song leader and secretary; Sharon Cary and Mrs. Sid Clay, nursery; Mrs. Woodrow McHugh, Mrs. W. J. Stuart, Mrs. Ben Wilcox and Mrs. Willard Jones, beginners; Mrs. Bob Christian, Mrs. G. B. Phillips, Mrs. J. W. Brown and Beth Christian, primaries; Mrs. Bobbie Yearly, Mrs. Jackie Embrey, Mrs. Dorothy White and Mrs. Sarah Carlan, juniors; Mrs. W. A. Pattillo, Mrs. Charlene Bonds, Mrs. L. H. Clark and Mrs. Marie Wilcox, intermediates; Mrs. A. G. Anderson, refreshments.

VISITS IN SAN ANGELO.

Viola Avants is visiting with friends, Mr. and Mrs. Russell Trimble, in San Angelo this week.

IT WORKED FIRST TIME.

A somewhat haughty government inspector approached a farmer and demanded to see his livestock. "My card, sir. It entitles me to inspect your farm."

A little later the farmer heard screams from his alfalfa patch where the inspector was being chased by a bull.

Leaning over the gate as the inspector drew near, the farmer yelled: "Show him your card, mister, show him your card!"

Twelve 4-H Club Youths of County Go to Round-Up

Twelve Jones County 4-H Club boys and girls will go to the annual 4-H Club Round-Up at Texas A. & M. College to enter in the state contests June 11 to 13, according to Bill Lehmberg, county agent, and Mary Y. Newberry, home demonstration agent.

The girls who will be participating are Judy Simmons and Kathy Hagler of Anson, vegetable team demonstration; Patsy Wade and Rita Herring of Anson, electric team demonstration.

Boys making this trip are Jimmy Roberts, Delbert Wilson, Will Agee, John Mitchell, Tom Martin and Mark Holloway of Anson in share-the-fun festival. John Bill Oman of Ericksdahl and Darrell Richards of Lueders will enter the state soil and water conservation contest.

These four teams won first in the District III 4-H contests at Wichita Falls on April 13.

Some 2,000 Texas 4-H Club boys, girls and adult leaders will gather on the campus of A. & M. College for the annual round-up. Theme of this year's round-up is "The People to People Program" and is based on the conference called by President Eisenhower recently on this subject.

The two agents and A. H. Roberts will accompany these boys and girls to College Station.

Hamlin FFA Group Goes to Throckmorton Lake for Three Days

Several members of the Hamlin Future Farmers of America chapter were at Throckmorton Lake last Monday, Tuesday and Wednesday on a fishing trip as part of the group's recreational activities. They were accompanied by Harold Eades, one of the local advisors of the boys, and Jimmy Sedbury of Hamlin.

The group reports lots of luck fishing and a good time had by all 11 boys. Boys who made the trip were DeVaughn Carrigan, Steve Reynolds, Carl Weaver, Red Fowler, Larry Moore, Jimmy Beasley, Dale Ponder, William Cranford, Victor Criswell, Ronnie Hill and Terry Scott.

NOT LONG THAT WAY.

"John, I found this letter in your coat pocket this morning. I gave it to you a month ago to mail."

"Yes, dear, I remember. I took that coat off for you to sew a button on and I'm still waiting."

Annette Fletcher and Dee Prewit Say Marriage Vows in Church Ceremony

Annette Fletcher and Eugene Dee Prewit repeated marriage vows Saturday afternoon, May 25, in the Hamlin Church of Christ. Officiating for the single ring ceremony was Austin Siburt, minister of the church.

The bride is the daughter of Mrs. Jackie Fletcher, and parents

Leo Massers Feted At Farewell Party

A farewell party, sponsored by the McCaulley Home Demonstration Club, was given for the Leo Massers Saturday evening in the McCaulley school gymnasium.

The Massers are moving soon to Fort Dodge, Iowa. The club presented the Massers a lovely bedspread and friends brought other gifts.

Refreshments were served to the several scores of attendants at the party.

of the bridegroom are Mr. and Mrs. L. E. Prewit, all of Hamlin. Preceding the ceremony music was provided by a quartet from Abilene Christian College, and it featured Marilyn Fletcher, cousin of the bride, and Richard Palm of A.C.C.

The bride was given in marriage by her uncle, P. D. Pearson of Tulsa. She wore a gown of imported venetian lace over white taffeta. The scoop neck and cap sleeves were re-embroidered with scallops of lace, and she wore long tulle mitts. Her waist length skirt of tiered tulle ruffles and scalloped lace panels fell from a basque waist, and a taffeta bustle bow circled her waist.

Sandra Pearson of Abilene was maid-of-honor, and Charlotte Wallace of Hamlin was bridesmaid. Miss Pearson wore a pale blue polished cotton dress, and Miss Wallace's dress was yellow. Each carried an arc of daisies.

Ken Prewit was his brother's best man. Lane Fletcher was groomsmen. Ushers were Jerry Fred Jay and David Noel Weaver.

Both the young people are 1957 graduates of Hamlin High School, where they were popular in school activities. He was a four-year letterman on the Pied Piper football team and was president of the Student Council.

Following a short wedding trip the newlyweds are at home in Abilene at 2526 South Sixteenth Street.

Reception Follows Fletcher-Prewit Rites

A reception was held for attendants at the Fletcher-Prewit wedding Saturday afternoon week immediately following the rites in the Hamlin Church of Christ, the reception being held in the home of Mr. and Mrs. Austin Siburt.

Georgia McDonnell registered the guests as they entered.

Cake was served by Lavada Teichelman, and Mittie Ann Ray ladled the punch. Others in the house party included Barbara Cheshier, Martha Gage, Elva Siburt, Myra Siburt and Elizabeth Norton.

RETURNS TO MICHIGAN

A. B. Clements returned to his home at Battle Creek, Michigan, Friday after a two-week visit with his brother and sister, Ira Clements and Mrs. W. J. Howell, and friends at Hamlin. It had been 43 years since he had been back to Hamlin. He subscribed to The Herald, declaring, "I read it from cover to cover."

MRS. EUGENE DEE PREWIT (above) was before her marriage on May 25 at the Hamlin Church of Christ, Annette Fletcher. The popular young people, who are both graduates last month of Hamlin High School, are making their home in Abilene. She is the daughter of Mrs. Jackie Fletcher, and his parents are Mr. and Mrs. L. E. Prewit, all of Hamlin.

Stretching the Dollar Can Be Easier With Planned Shopping and Serving

Dollar stretching is a quality that every housewife wishes she had. Here are some ways to help acquire that elusive ability:

The first step is to plan your purchases as far ahead as possible. This enables you to shop leisurely and take advantage of any specials or sales that might come along.

Make a list of all the things you will be needing within the next year. It is easy to think of the large items, but try to include

Six Go to Workshop On Self Improvement

Six Hamlin girls and women attended a workshop on self improvement at Seymour last Monday through Thursday. Mrs. Bess Rothman, sales training director and director of relations and publicity for Volk Brothers of Dallas, taught the course. Mrs. Rothman is also a teacher-trainer for John Robert Powers.

The course was sponsored by the homemaking department of Seymour High School.

Those from Hamlin attending the Seymour meeting were Mrs. Joe Wayne Carter, Mrs. James E. Simmons, Mrs. Joe Norton, Elizabeth Norton, Gayle Bishop and Mrs. Fred Smith.

some of the small purchases you usually buy on "impulse."

Paying cash helps to stretch money, too. Plan ahead for any major purchase. Then if you can pay a good part in cash, you will not have to pay as much in interest.

Are you quality and quantity conscious? The cheapest is not always the thriftiest. Cheap clothes often wear out more quickly than expensive ones. But expensive items are not always practical, as in children's clothes. Since children grow quickly the quality does not have time to prove itself in durability.

Large amounts usually come cheaper. So when grocery shopping, buy soap, tooth paste, cleansers and bleaches in the largest possible size. Stagger your purchases by buying soap one week, then tooth paste and shampoo the weekly bill.

Another way to stretch dollars is to take care of what you have. Try to keep track of small items like bobby pins, thumb tacks or spoons of thread, so you don't have to replace them. Also mend clothes before tears and holes become so noticeable. Also keep tools and household equipment in tip-top shape.

VISIT FROM MICHIGAN

Don Harrison and family and his father-in-law, W. M. Six, were here over the week-end from Clare, Michigan, visiting the family of Don's brother, Bill Harrison. Don, who left Hamlin in 1948, is on the Michigan State Police.

McDonnell-Evans Party Has Reception

Immediately following the McDonnell-Evans wedding rites Saturday evening at the Church of Christ, a reception for members of the wedding party was held in the home of Dr. and Mrs. William S. Seals.

Guests were received at the door by the hosts and directed to the serving room.

Mittie Ann Ray ladled the punch and Lavada Teichelman served the wedding cake.

Guests were registered by Charlotte Wallace.

On January 10, 1946, the U. S. Army first hit the moon with radar impulses.

"New Tablet Relieves Painful Monthly Cramps — Brought Me Greater Relief Than Aspirin!"

"Couldn't sleep, was all on edge," adds Mrs. H. Y. Russell, Ky. "But new Pinkham's Tablets gave me soothing relief the very first day!"

For millions who suffer torture of cramps and nervous tension every month, an amazing new tablet has been developed that brings greater relief than aspirin!

Relief for 3 out of 4 Tested! For 3 out of 4 women tested by doctors, pains and cramps were stopped or strikingly relieved. This new discovery offers more relief than aspirin because it contains not just 1 or 2 ingredients but a unique combination of medicines that act on the cause of distress. Called "Lydia Pinkham's Tablets," they're at all drugstores without prescription. Try Pinkham's Tablets! See if you don't escape much irritability, discomfort—both before and during your period! (Also liquid Lydia Pinkham's Vegetable Compound.)

Hamlin People Go to Fall, Back-to-School Markets in Dallas

Elsie Withers of Bailey's Department Store, George Malouf and Mrs. Inell Huff of Malouf's Department Store, and Mr. and Mrs. Frank Bayouth of Frank's Department Store attended the greater Dallas fashion market last week in Dallas. Exhibits were shown in the Adolphus, Baker and Dallas Hotels and in the Merchandise Mart.

The greater Dallas fashion market is composed of four market associations — American Fashion, National Fashion, Southwest Children's Wear and the Dallas Fashion Center, with combined membership of more than 1,000 salesmen showing 3,000 lines of women's and children's apparel.

Featured events of the week were the sales merchandising clinic fashion shows on Monday and Tuesday night in the Crystal ballroom of the Baker Hotel, and a giant bingo game in the recently completed Dallas memorial auditorium on Wednesday night.

Theme of the two identical fashion shows, "Fashion's Theme and Variations," depicted leading colors and latest styles in fall apparel with emphasis on school wear from kindergarten through college. Mrs. Evelyn Lambert, formerly director of sales and promotions for Neiman-Marcus of Dallas, directed and commented the shows.

Tooth Decay Can Be Controlled With Care And Right Brushing

Tooth decay and the common colds are the nation's most prevalent health problems. But much of the dental discomfort can be avoided.

Damage to the teeth is caused primarily by the action of bacteria on carbohydrates in the mouth. This produces an acid that can dissolve tooth structure.

So by following a few simple rules, the average person can prevent decay. Healthy teeth are clean teeth. The greatest danger to the teeth occurs within half an hour after eating, which is all the time needed by the bits of food that remain in the mouth to form enamel-destroying acids.

Teeth should be brushed immediately after each meal at home. If you are eating out, a thorough rinsing of your mouth with water is recommended. In brushing, use a downward stroke on the upper teeth and an upward motion on the lowers. Always brush away from the gums.

A tooth brush's best ally in keeping teeth clean is dental floss or dental tape. It is a waxed nylon thread that is drawn between the teeth after brushing to remove particles of food that lodge in crannies and crevices where they cannot be reached by the brush.

To use dental floss correctly draw about a 12 or 14-inch length from the self-cutting container.

Confucius was a Chinese philosopher.

This striped man tailored jacket and solid color slim skirt are both styled for town and country wear. They are both made from Dan River's Wink-Shed combed cotton slens. Fabric is washable and treated for water and spot repellency.

Three From Hamlin Attend FHA Session

Joyce Grimm and Sara Kay Fomby, homemaking students at Hamlin High School, and Mrs. James E. Simmons, instructor, attended a meeting in Stephenville Monday, Tuesday and Wednesday of this week of the executive council of Future Homemakers of America, Area IV.

The group made plans for both the Area IV and district meetings; met as the regular executive council; and studied their jobs as leaders.

Joyce Grimm is vice president of Area IV, District 2.

Sara Kay is outgoing area secretary and is incoming local FHA president.

MOVING KEYHOLE

A policeman watching a man who was having trouble unlocking his front door, walked over and politely offered to help.

"If you let me have your key," he said, "I'll see what I can do."

"Thank all right," replied the other. "I'll handle the key. You jus' hold the housh."

NOT A DUMMY, ANYWAY

The little girl of five was entertaining the guests while her mother was getting ready to serve dinner. One of the ladies remarked to the other with a significant look: "Not very p-r-e-t-t-y," spelling the last word.

"No, but awfully s-m-a-r-t," said the child quickly.

Georgia Lee McDonnell Becomes the Bride of John Edward Evans Saturday

Georgia Lee McDonnell of Hamlin and John Edward Evans of Dyess Air Force Base in Abilene repeated wedding vows in double ring ceremonies Saturday evening in the Hamlin Church of Christ. Officiating was Austin Siburt, minister of the church.

The bride is the daughter of Mrs. Fannie Worthington, and parents of the bridegroom are Mr. and Mrs. H. C. Evans of Englewood, Colorado.

Traditional wedding music preceded the marriage rituals, and "Because" was furnished by a recording of the Abilene Christian College a Capella Choir.

The bride chose a white chantilly lace dress over white crystal.

ette. The bodice was fashioned with a decollete neckline outlined with lace appliques encrusted with pearls and iridescents. The full skirt of illusion puffed beneath an apron effect of the lace. Her finger-tip veil of illusion fell from a petal shaped cap of lace worked with seed pearls and iridescents. Her bouquet featured red carnations.

Shirley Hulsey of Odessa, cousin of the bride, was maid-of-honor. She wore a princess styled red faille dress and carried a bouquet of white carnations.

Jack Miller of Dyess Air Force Base was best man, with Jerry Jay and Sonny Winegeart acting as ushers.

The bride is a 1957 graduate of Hamlin High School, and Evans is a 1955 graduate of Englewood, Colorado, High School.

After a brief wedding trip the couple will be at home in Abilene. For traveling the bride wore a blue princess style dress with matching accessories. She wore the red carnations from her bouquet.

Wong is the most common family name—it is used by at least 150,000,000 Chinese.

State Capitol NEWS

By Vern Sanford,
Manager, Texas Press Association

Austin.—Fifty-fifth legislators will have a shorter-than-usual "vacation." Governor Price Daniel says he will call them back, probably about October, for a special session.

Final score showed 47 out of 51, or better than 90 per cent, of the governor's recommended bills were passed in the regular session. But the missing 10 per cent are vital, says Daniel. He still wants:

1. His law enforcement commission, a sort of state-wide grand jury, to investigate official misconduct.

2. A lobbyist registration act, registration of persons who represent others before state agencies, and, possibly, other "better government" bills previously advocated.

3. A state plan for buying water storage space in federal reservoirs. A constitutional amendment to do this died in the past session. Since amendments cannot be considered in a special session, the governor said he is working on a statutory plan—possibly the creation of a state-wide water district with authority to issue bonds and levy taxes.

4. Action on "other matters that may arise" after the Travis County grand jury reports. Jury is looking into any irregularities that might have caused the ICT Insurance Company collapse and alleged pay-offs to legislators by the Texas Naturopathic Association.

So, instead of the usual post-session lull, the capitol faces a summer of suspense followed by a frenzied fall.

New Jury at Work.—Texas has generated more troubles than one grand jury could see to in two months. Hence, a brand new Travis County jury begins this week where the old one left off after digging away all during April and May.

Old-Timers Meet In Annual Session At Anson Tuesday

Several from the Hamlin area were present last Tuesday for the annual gathering of Jones County old-timers at Anson. The session was conducted at the high school cafeteria.

Mrs. Robert Paxton of Hawley was introduced as the person living in the county for the greatest length of time, since 1882. Oldest person present was Mrs. George Baker, 90. She has lived in the county since 1891.

Old-timers were registered by Mrs. Etta Whaley, and Ab McKeever, president, welcomed the group. Virgil Reaves led a song festival of old favorites. Rev. Frank Foster of Aspermont, son of Allie Foster of Anson, presented the sermon.

Music was presented by S. H. Mays with violin, Dave Herring with guitar and Mrs. Bertie Mae Gentry at the piano. A solo was presented by Jack Weltman.

Following the covered dish luncheon served by Mrs. Alton Sealy and Mrs. Clint Brandon, there was a period of old-timers testimonials and lots of "remember back when" talk.

McKeever was reelected president and Ellis Dean was reelected vice president. New secretary is Mrs. Arrie Barrett. Outgoing secretary is Mrs. W. M. Cowser.

Its study of ICT's past and naturopathic legislation will probably last all summer.

A Dallas grand jury already has indicted Ben Jack Cage, one-time ICT manager, on charges of theft and embezzlement. Authorities are trying to get him returned from South America so he can be tried.

Who, What, Where and When?—Texas' off-again, on-again Insurance Commission is still a prime source of speculation.

Past Legislature passed laws abolishing the old board and enabling the governor to appoint new members. It also directed the commission to move within three years from its leased office quarters into a building to be erected with insurance tax revenue. And it passed dozens of new restrictive insurance laws for the new commission to administer.

Old board members Mark Wentz and John Osorio promptly resigned. But Governor Daniel refused to accept their resignations. He said they'd have to stay on until their successors were named.

Then Attorney General Will Wilson rules the insurance tax revenue could not be used for a new building. It goes into the general fund and is already earmarked for other things, he pointed out.

And, until the new commission gets going, insurance men over the state are uncertain as to how to comply in detail with some of the new laws.

Ethics Secondary.—Just who should do what to comply with the new code of ethics is still being discussed in the capitol.

Some 163 legislators and state officials have given the secretary of state statements about their connections with businesses under state regulation. Assets ranged from Cuban oil companies to small town dry goods stores.

Secretary of State Zollie Steakley said failure to file such a statement could be grounds for removal from office, but that he did not have authority to enforce it.

Governor Daniel said he saw no need for his filing, since the constitution prohibits a governor's serving as officer or director of a corporation under state regulation. But, he suggested the secretary of state might ask for an attorney general's ruling to clear up other points about the law.

Bonds Go Begging.—First sale of the second \$100,000,000 issue of Texas veterans land program bonds attracted no takers.

In today's "tight money" market the constitutionally prescribed three per cent interest does not lure buyers, said Land Commissioner Earl Rudder.

He said the bonds would not be offered again until conditions improve.

Crops Lag.—After years of longing for water, most Texas farmers now are trying to "recover" from the rains.

State Agriculture Commissioner John White estimates flood damage to crops at \$50,000,000 or more. Cotton planting deadlines had to be extended by the state office because farmers were delayed in plowing their wet fields. Even so, some crop loss was foreseen from inability to plant.

In some areas of North Texas small grains were reported hurt by too much water. But dry land cotton farmers in South Texas said they could use a little more moisture.

Texas already has received more

KERRY DRAKE

rain in the first five months of 1957 than in the entire year of 1956. Sample totals for 1957: Dallas, 36 inches; Austin, 24 inches; San Antonio, 19 inches; Greenville, 44 inches.

New Buildings Slated.—From four to six new buildings are to go up soon, moving toward the eventual creation of a "state government center" clustered around the capitol. In the offing are:

1. A State Courts building, now under construction, to cost about \$3,750,000.

2. A state office building, for which contracts have been let and site clearing begun, to cost about \$4,000,000.

3. A central power building to

furnish heat and air conditioning for the capitol and other buildings. Authorized by Legislature with directive that it be ready by October, 1958.

4. A state archives and library building for which Legislature appropriated \$2,500,000.

5. A Texas Employment Commission building and an Insurance Commission building. Lawmakers told each to move from rented quarters, but money for new buildings is not immediately available.

Short Snorts.—June will see a rise in the number of job holders in Texas, despite lay-offs from school endings, predicts the Texas Employment Commission. More jobs in industry will make up the

A HELPING HAND.

Joey—"Mother, please give me a nickel for the poor man who is crying out in front of the house."

Mother—"Certainly, dear. But what is he crying about?"

Joey—"He's crying, 'Ice cream, five cents a cone!'"

Obedience is yielded more readily to one who commands gently. —Seneca.

difference. . . . Despite over-crowding, morale of Texas prison inmates is good—no longer "hopeless and forlorn"—reported Pardons and Parole Board members after a week-long tour. More space is due as a result of a \$3,500,000 appropriation last session.

HAD KNOW HOW.

Two countrymen at a fair approached a stall where little balls bobbed about on top of water spouts. One tried his skill with a rifle, but could not stop the bobbing balls.

"Let's have a shot," said the friend, and taking the rifle, fired. Every ball dropped.

Walking away from the stall, the unsuccessful one said, "That was good! How did you manage to stop all the balls with just one shot?"

"Easy," replied the friend. "I took a shot at the man who was working the pump."

George Washington had red hair.

COLORED BOYS ENLIST.

Two Hamlin colored young men, both of whom recently graduated from DePriest Colored School at Hamlin, enlisted for duty with the United States Army Wednesday at the Abilene recruiting station. They are Louis C. Brown and Charles E. Mitchell.

THE WAY SHE ACTS.

Joe—"My wife dreamed last night she was married to a millionaire."

Jack—"You're lucky. Mine thinks that in the day time."

FOG BOUND.

Chuck—"What's the weather like?"

Cheryl—"It's so cloudy I can't see."

Senator Lyndon Johnson Says Spread From Farmer to Consumer Too Much

Cost of living is up again, declares Lyndon B. Johnson, United States senator from Texas, in his weekly newsletter to The Herald from Washington. His release continues: For the eighth straight month a new record high in living costs has been set. The statisticians in the Bureau of Labor predict that the figures for May will show yet another increase.

Most of the rise in the national cost of living index was due to an increase in food prices. But higher prices at the grocery store do not mean higher prices on the farm. A congressional committee is now investigating this question: Why have food costs to the housewife gone up so much over the last several years while the farmers' prices have gone down? The committee's findings will certainly be of interest to Texans.

Farm income has gone down from over \$14,000,000,000 to about \$11,000,000,000 during the last four years. That is a drop of about 17.5 per cent. During the same time income of other segments of the American economy increased by 12.5 per cent. The farmers' share of the consumer dollar went down from 47 to 40 cents.

Comings and Goings.—My mother has gone back home to Texas after visiting with us for a month.

New Coach Tells Lions He Has Fine Coaching Staff

While hedging about any definite promises about producing a football machine that would win the district and state next year, new Hamlin High School Football Coach D. C. Andrews declared he hoped to further develop a formidable grid aggregation next fall, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

The new coach, who succeeds Truman Nix, who has gone to the Wink High School, was presented by W. T. Johnson, who said he comes to Hamlin with a good record behind him at Memphis High School.

Andrews declared that he and the school officials have selected the complete coaching staff, and that already they are at work on an all-around athletic program for HHS that should produce some good teams. Assistant football coach and track coach is Jimmy Laughan, who comes from Dalt. Basketball coach is Neal Laminack, who has had championship basketball teams eight of the last nine years. He comes from New Deal, Andrews said.

Andrews further told of the summer recreation program for youths of the city.

Besides Andrews, other guests at the Tuesday luncheon included Sergeant J. H. Myers of Abilene and Tom Lowery of Denton.

Lady Bird and I and our two girls certainly enjoyed her visit and we miss her.

Attorney General Will Wilson was in Washington recently, accompanied by his charming wife and their two children, Lou and Will Jr. Young Will was wide-eyed over a visit to the FBI.

I was glad to see George Chance of Bryan, who is currently president of the National Cotton Council. Chance operates a big farm in the Brazos River Valley. He said the floods have caused him to do most of his farming from a row boat this spring.

Appropriation Bills continue to occupy much of my time. We are still making cuts in amounts requested by President Eisenhower in his budget. Prudent, careful consideration is being given to every proposed expenditure.

Chancellor Konrad Adenauer of West Germany visited Washington for the fifth time since 1935. I am always inspired by an opportunity to talk with this wise and patriotic old gentleman. He is America's loyal friend and staunch ally. He has kept freedom alive in Western Germany. He is a symbol of hope to all those who pray for the reunification of the German nation.

Texas Flood Damage will be inspected by a committee of the House of Representatives. They will find we need more flood control projects in Texas. They will find that existing projects have paid big dividends. I know the visit to Texas of these representatives, who will be accompanied by a number of newsmen, will prove beneficial to our state.

Kent Westbrook in Petroleum Fraternity

Kent Westbrook of Hamlin has been initiated into Pi Epsilon Tau, national honorary petroleum engineering fraternity at the University of Oklahoma.

Westbrook, a junior studying petroleum engineering, is the son of Mr. and Mrs. W. C. Westbrook, 44 Northwest Avenue C.

Membership in the fraternity is restricted to juniors in the upper 17 per cent of their class and seniors in the upper 25 per cent of their class. The organization is the top scholastic society in OU's school of petroleum engineering, the largest petroleum engineering school in the world.

James C. Lambdin Gets Degree at UT

James Chester Lambdin of 1953 Southeast Avenue A, Hamlin is among the 158 students of the University of Texas who received masters' degrees at June 1 commencement exercises at Austin.

Young Lambdin took a master's degree in education at the big state school.

STUDENTS RIOT—Angry charges of Red affiliation and counter charges of 'propaganda from the rich,' flew on the campus of Juarez Agricultural College after students wrecked some \$20,000 in property damage. This auto was the property of an instructor in the school at Juarez, Mexico. Police were powerless as 1,200 strikers held the campus as their fortress.

Installation Rites For Faith Church Officials Slated

Installation service for the new officials will feature the morning worship service of the Faith Methodist Church in the beautiful new auditorium recently completed in Northwest Hamlin, it is announced by Rev. Henry C. Adair, pastor.

The pastor will officiate when the following officials are installed with appropriate rites:

Stewards—Glen Bond, Gerald Renfro, Bill Dominey, T. W. McGuire, Mrs. D. W. Carlton, Mrs. J. W. McCrary and R. Cooley.

Trustees—B. F. Ford, E. A. Lawlis, O. C. Stice, N. C. Crowley, Glen Bond, M. Rawlins and Mrs. O. R. Criswell.

Miscellaneous Officers—Jack Bond, Sunday School superintendent; Mrs. J. W. McCrary, lay member to annual conference; Mrs. N. C. Crowley, first reserve lay member; O. C. Stice, charge lay leader; Mrs. O. R. Criswell, chairman of committee on membership and evangelism; Mildred Crowley, chairman of committee on education; Mrs. Bill Dominey, chairman of committee on missions; Gerald Renfro, chairman of committee on finance; Mrs. B. F. Ford, recording steward and church school secretary; Billie Dominey, church school treasurer; Mrs. O. C. Stice, treasurer; Mrs. T. W. McGuire, communion steward.

Official opening of the new swimming pool, largest building project of many years, will be held at 2:00 p. m. after recreation period led by Carroll Herring of Olden.

Morning devotional will be led by Rev. Ed Laux, pastor of Pioneer Drive Baptist Church in Abilene, and song service by Gayle Bowen.

Rev. Byron Bryant, pastor of the First Baptist Church at Breckenridge and president of Lueders Baptist Encampment, will preside for the day's activities.

Summer plans will be described by various speakers, including: Mrs. George Graham, district

PERSONAL ARCHITECT.

If you would have your son be something in the world, teach him to depend on himself. Let him learn that it is by close and strenuous personal application he must rise—that he must, in short, make himself, and be the architect of his own fortune.—H. Edwards.

Rally Day Program Slated June 17 as Baptists of District Open Encampment

Rally day, set aside by Baptists of District 17 to visit Lueders Baptist Encampment grounds, take part in Bible study, hear inspirational messages and visit together, has been set for Monday, June 17.

Activities will open at 9:30 a. m. and will continue through the afternoon. Lunch and supper will be served at the cafeteria.

Dr. E. S. James, editor of The Baptist Standard, denominational publication, will be inspirational speaker. He will address the group at 11:30 a. m. and at 5:00 p. m.

Dr. Lindell Harris of Hardin-Simmons University at Abilene will hold Bible study at Abilene a. m. and again at 4:00 p. m.

Official opening of the new swimming pool, largest building project of many years, will be held at 2:00 p. m. after recreation period led by Carroll Herring of Olden.

Morning devotional will be led by Rev. Ed Laux, pastor of Pioneer Drive Baptist Church in Abilene, and song service by Gayle Bowen.

Rev. Byron Bryant, pastor of the First Baptist Church at Breckenridge and president of Lueders Baptist Encampment, will preside for the day's activities.

Summer plans will be described by various speakers, including: Mrs. George Graham, district

VETERAN QUESTIONS

The questions and answers below about veteran problems are carried as a service to present and former service personnel by The Herald. Material for this column is supplied by the area office of the Veterans Administration at Lubbock.

Question.—I was totally and permanently disabled in an accident recently, and I now plan to apply to VA or a pension. In figuring my annual income, do I include the money I earned before my accident? If so, I know my yearly income will go above the maximum the law allows.

Answer.—No, you need not include the income earned before your accident. Your income will be computed on a proportionate basis, dating from the time you became totally and permanently disabled.

Q.—If a veteran dies without naming a beneficiary for his GI insurance policy, and the money is paid to his estate, how will it be paid—in one lump sum or in monthly installments?

A.—The insurance proceeds will be paid in one lump sum to his estate.

Q.—I am planning to sell my house and let the buyer assume my GI loan. In applying to VA for a release of liability, will there be any charges involved?

A.—Yes. Either you or the proposed purchaser will have to pay for a credit report on the purchaser, as well as recording the assumption agreement and release, if recording is necessary.

Q.—Is on-the-farm training allowed for young men or women eligible for an education under the war orphans' school program?

A.—No. The law limits war orphans' education to classroom studies only. Farm training would be prohibited.

ust 5 and 6; and WMU camp August 8 and 9. Youth camp has been set for August 22-25.

One of the seven state music camps will be at Lueders July 29 through August 1. V. F. Fordenhase, state secretary of church music department, has announced.

TEXAS SIZE GARLIC—J. L. Parsons of Waco hold a giant size garlic plant he grew in his back yard. The stalk was 43 inches above the ground and another seven inches to the end of the root knot and the pod measures 10 inches around. Parsons said the plant might have grown some more but he spaded it up before it matured.

Twelve Students in HHS Summer School

Twelve students have been enrolled in summer classes at Hamlin High School, reported Principal B. V. Newberry this week.

Courses are being offered only for make-up of failures. Classes are being held five days a week from 8:00 till 11:00 a. m. They will continue for six week, Newberry says.

Paul Revere was born on January 1, 1735.

Paul Bryan Lumber Co. HAMLIN, TEXAS

Attendance Drops At Sunday Schools Below 1,000 Sunday

Rainy weather, for which many of the churches have been praying for several years, kept scores of people from Sunday School last Sunday when 992 was the total attendance recorded by the 13 reporting churches. This compares with 1,206 for the preceding Sunday and 1,257 for the year ago total.

Attendance totals, by churches, for June 2, May 26 and a year ago follow:

Churches—	June 2	May 26	Year Ago
No. Cen. Baptist.....	76	77	63
Oak Gr. Col. Baptist.....	17	42	56
Mexican Baptist.....	41	48	53

"We Were Amazed"

Says CAR LIFE,
The Family Auto Magazine

We were amazed as we drove the Special four-door hardtop, to find that an automobile could be completely changed yet retain so much of its former appearance and character. The 1957 models have all the familiar, solid Buick virtues.

THE ABOVE brief clipping tells you worlds about the '57 Buick.

It tells you we went all out to make this car completely new—yet we didn't sacrifice a single Buick virtue.

So you still get that unmistakable Buick styling.

You still get that big-car room and comfort and that solid Buick quality.

But you also get so complete a change in the vitals of this car that the driving of it is a wondrous new experience.

You get a brilliant brand of performance that's different from anything else that goes on four wheels.

Words won't describe it. Telling you there's an all-new engine, an instant new Dynaflo,* a completely new power train—none of that will convey this news to you.

What you have to do is get in this car and drive it. Drive it around the block, through town, out on the highway. Actually feel what happens when you press the gas pedal, turn the steering wheel, touch those powerful new brakes.

Then—and not till then—will you know why folks call this "the dream car to drive."

The best advice we can give you, by far, is this: Ask your dealer for a trial run today.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Buzzer is standard on Roadmaster, optional at extra cost on other Series.

Exclusive With Buick SAFETY-BUZZER®
—the "built-in conscience" that buzzes when you reach the miles-per-hour you want to stay under, keeps alert when you drop below that pace.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

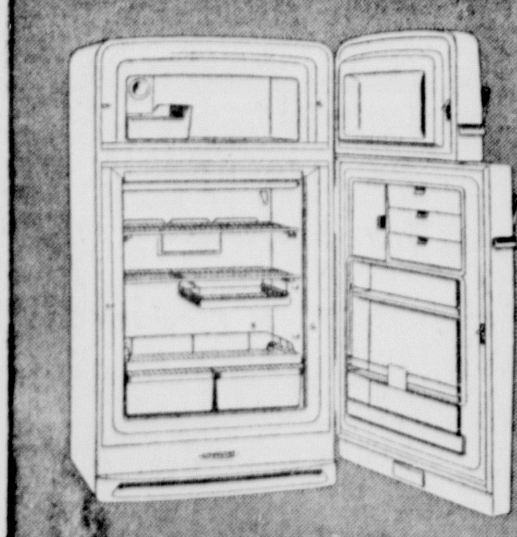

Big Thrill's Buick—The most completely change Buick in history

the little flame that freezes...
secret of today's
most amazing refrigerator

Thirty years ago came the first "electric ice boxes"... costly, complicated, noisy, liable to break down, wear out and glutted for current. Two Swedish chemists decided there must be a better way. And, in their Stockholm laboratory, discovered The Little Flame That Freezes. A tiny gas flame replaced all those moving parts... makes all other refrigerators old-fashioned. No noise! Nothing to wear out! They had discovered the refrigerator that was 30 years ahead of its time! It still is!

BUY the 30-years-ahead **SERVEL**
GAS REFRIGERATOR
MAKES ICE WITHOUT TRAYS

Almost like magic... its sparkling ice-circles replenish themselves. Take one or a handful—there's always plenty. And there are no messy ice trays to fill, spill and forget to refill.

HAMLIN HERALD

Taxes and Schools May Be Adjusted To Fit Today's Needs, Says Babson

Total taxes for the year, including federal, state and local taxes, will amount to more than \$100,000,000 for 170,000,000 people, it is pointed out by Roger W. Babson, economist-analyst, who is a regular writer of The Herald. His release for this week continues:

There is very little possibility of federal or city taxes. On the other hand, if we would really put up a fight, we should be able to keep down state and local taxes. State taxes amount to about \$80 per individual. They range from a low of about \$50 in New Jersey (where city taxes are relatively high) to a top of around \$135 in the state of Washington (where city taxes are especially low).

More than 30 states have income taxes or sales taxes, or both. The states also get a big amount from automobile taxes, with cuts on alcohol and tobacco taxes. Unfortunately, most states are careless in their expenditures because their money comes so easily.

As a result, total state debts have increased almost five-fold during the last 10 years—from about \$2,500,000,000 to more than \$11,000,000,000. Now there is a row on as to who should pay for the new schools. School costs are really the responsibility of the cities and counties, but they are being passed on to the states, which in turn are trying to hand the mover to the federal government.

It is generally agreed that

Mrs. S. D. McMahon's Sister Dies Tuesday

Funeral services for Mrs. J. C. (Ura Ella) McCarley, 88-year-old sister of Mrs. S. D. McMahon of Hamlin, were to have been held Wednesday afternoon at 3:00 o'clock at the First Baptist Church. Pastor Calvin Bailey and a Fort Worth pastor were to officiate. Burial was due in the Hamlin East Cemetery.

Mrs. McCarley, who had visited in Hamlin a number of times, died early Tuesday morning at the home of a daughter, Mrs. L. S. (Inez) Sparks in Fort Worth after a seven-week illness.

A more complete story about Mrs. McCarley will be carried in next week's Herald.

THESE WOMEN!

By d'Alessio

"If I yell at you from time to time, don't be upset. We don't want the people here to suspect we're just married!"

David Spaulding to Go to Greenland Post

Commander David L. Spaulding, whose folks live in Hamlin, as a member of the U. S. Navy, is flying on June 21 from New York to Thule, Greenland. He will represent his naval command at special summer exercises. These exercises will take place as soon as the ice melts and will continue until the ice starts freezing again. He will be in Greenland about three months. Back in the States he will be stationed at Portsmouth, Norfolk, Virginia.

Commander Spaulding is the son of Mr. and Mrs. R. L. Spaulding and brother of Rodney and P. B.

Camel hair brushes are made mostly from the hair of squirrels' tails.

That last is becoming a most important question. Good downtown parking facilities must be provided to enable retailers to continue prosperous. However, parents not only believe that the city should provide parking facilities for their automobiles but also parking facilities for their children!

I believe the present school system is luxurious and expensive because of the desire of parents for places to park their children while they are at club meetings or out working. I, therefore, forecast a complete revolution in school construction, in school maintenance, in the number of teachers required, and in the school curriculum.

IT'S THE LAW IN TEXAS

A Public Service Feature of the State Bar of Texas

This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.

FUTURE TENSE LAW.

You can tell a lot about people by the way they regard time.

Do they put stock mostly in the past—their record; the present—their direct joy in work or play; or the future—their plans? Why not use all three dimensions of time? Past experience to guide, the present for zest, and the future to realize dreams.

Lawyers report a sharp shift in the way people regard time and the law: Of old they thought of law in terms of past facts, misdeeds, etc.—facts useful chiefly in law suits.

You still have to think of the record, since you may have to go to trial some time. So keep good records of your affairs.

But more and more people now also think of the law in the future tense—in terms of built-in safeguards for plans which they want to go through without legal hitches.

Our heavy income and death taxes have made people plan ahead legally rather than wait for the axe to fall.

Any time you buy or sell a home or a business or make an investment you have choices of how you may do it—some wise, some not, in view of your circumstances.

Should you do business as a sole proprietor, a partnership or corporation? Do your contracts set out ways of meeting unexpected events? How best may you serve your estate (and also carry out your wishes)—by a will or a trust or by direct gifts?

While all of these things point forward, the past in the form of court records can serve you by showing where trouble may come from.

As more and more people know the symptoms of legal trouble—where to look for legal hitches in plans before big trouble starts, there will be fewer law suits and better human relations.

And where does trouble sometimes start? Most often where you lack a clear grasp of your relationships, your rights and duties, and your own and the other fellow's resources—in transactions involving large personal or financial stakes.

SMALL PARTY. Corrective Old Gent: "My little man, you mustn't say, 'I ain't going.' You must say, 'I am not going.' He is not going; she is not going; we are not going; they are not going!"

Little Boy—"Ain't nobody going?"

Over \$367,260 Is Loaned by FHA to Farmers of Area

More than \$367,260 has been loaned to farmers in Jones and Shackelford Counties during the 10 months ended April 30, 1957, by Farmers Home Administration, the agency's county supervisor, Thomas M. Nanny, announced this week.

The heaviest demand has been for credit to finance farm operations.

During the same 10-month period Farmers Home Administration extended credit in operating, emergency and real estate loans to some 18,500 Texas farmers and ranchers for a total of \$54,773,000, the agency's state director, Walter T. McKay, reported. This is an increase over the same period last year of about \$6,500,000.

"This increase is due primarily to the demand from family type farmers for credit needed to place their farming operation on an efficient basis," McKay explained. "In fact," he added, "agency records reveal that there has been a slight decline in the demand for emergency credit so far this year. Long-term credit, to develop balanced systems and make full use of resources available, has been extended to a number of operators of family type farms who previously obtained emergency loan assistance."

McKay and members of his staff are meeting this week with National Administrator Kermit Hansen to go over agency operations for next year. This meeting is preparatory to training meetings to be held for county office staffs throughout the state. The objective of these meetings will be to insure that maximum service is rendered to Texas farmers and ranchers promptly and efficiently.

HOLD EVERYTHING

Bob—"Do you know why the man robbed the glue factory?"

Bill—"No, I don't. Why?"

Bob—"Because he was a stick-up man."

Pure gold contains 24 carats.

RESIGNED — Ken Loeffler, basketball coach at Texas A. & M. College, has resigned. The resignation is reported to be the aftermath of charges by the National Collegiate Athletic Association that the veteran coach violated recruiting rules.

Three from County Due to Be Drafted in Call for Men in July

Probably three men from Jones County will be included in the July draft call, it is estimated as quotas are being sent out. The state quota for Texas draft boards in July calls for 661 men. Colonel Morris S. Schwartz, state selective service director, said Tuesday.

The state's July call of 661 compares with a quota of 661 for June, 662 for May and 661 for April. The July call is the state's share of a national call for 13,000 men. The July quota for induction, Colonel Schwartz also announced a call for 3,000 men to take pre-induction physical and mental examinations in July.

The July quota will be filled with men who are at least 22 years old on July 1, with the exception of volunteers or delinquents, who may be younger.

There are 12 pence in an English shilling.

19 Primary Students Have Perfect Records

Nineteen pupils of the Hamlin Primary School had perfect attendance records the past school term, reports Mrs. Fred B. Smith, principal.

Going the entire term without a tardy or absence were Reginald Wells, Darnissue Sims, Guy Roy Campbell, Louise Hill, Jimmy Knabel, Jerry Priddy, Vicki Newland, Charles Joiner, Joyce Marie Fry, Juanita Williams, Michael Cavitt, Michael Rountree, Michael Smith, Judy Jenkins, Patsy Sauls, Richard Johnston, Gary Woolf, Henry Gonzales and Jerry Hill.

Like the bee, we should make our industry our amusement.—Goldsmith.

Hamlin People Go to Crow Family Reunion

Mr. and Mrs. D. D. Crow, Mr. and Mrs. Earl Crow, Mr. and Mrs. F. M. Crow and Milton, Mr. and Mrs. Charley Ward of Midland and Marjory Griffin went to Craterville, Oklahoma, Sunday to attend the fifth annual Crow family reunion. Due to bad weather only about 40 attended instead of the expected 150.

Plans were made to meet there again the first Sunday in June next year, it is announced.

Santa Fe Section Wheat May Reach 31,000,000 Bushels

A wheat crop of 31,000,000 bushels in Texas could be harvested this year with a break from the weather, declares the monthly crop condition report issued for Texas for June 1 by the Santa Fe Railway general offices in Amarillo, in a release to The Herald.

Spring work in Texas has dragged further behind schedule as showers and torrential downpours continued over a large part of the state, in many cases for as long as five consecutive weeks. Turbulent weather, in all except the High Plains counties, has resulted in considerable washing out of planted acreage and necessitated replanting again. In contrast with this extreme, on the southern High Plains cotton farmers have been waiting for the soil to warm up to get into the fields to plant sorghums and their allotted acreage of cotton. Ample moisture is generally available to get the dry land crop off in a good start.

Throughout the High Plains irrigated area and on the early dry land wheat, excellent yields seem to be in prospect. In the low Rolling Plains and eastward across North Texas where fields have not been flooded, wheat prospects are very good. Growth is rank in North Texas, and plants are very susceptible to lodging with open weather now until harvest needed to mature the crop.

He is not born for glory who knows not the value of time.—Vauvenargues.

The American continents were named after Americus Vesputius, a map maker.

HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Albert Stremmel of Sagerton, medical, May 28; Mrs. Willie Schubert of Longworth, medical, May 28; Mrs. Alberta Cork, ob., May 28; Cecil Sellers Jr., medical, May 28; Mrs. Everett Gibson, medical, May 29; E. S. Williams of Sylvester, May 29; Mrs. W. L. Burk of McCaulley, medical, May 30; Mrs. J. F. Dugan of Anson, medical, May 28; Mrs. J. W. Patterson, medical, May 30; Mrs. Bruce Meador of Peacock, medical, May 30; Joe Orona Jr., medical, May 30; Mrs. John T. Pope, surgical, May 30; Fay Dean, medical, May 31; Ross Gruben of McCaulley, medical, May 31; Tommy Jene Wilson of Snyder, medical, May 31; B. O.

Hawkins of Aspermont, surgical, May 31; Rev. Woodrow McHugh, medical, May 31; Mrs. V. R. Bond, medical, May 31; Mrs. L. B. Means of Swenson, medical, June 1; Mrs. J. B. Seifres, medical, June 1. Patients Dismissed—Mrs. James Carter, May 26; Mrs. W. N. Driskell, May 26; Mrs. Billy Jo Jordan, May 27; Mrs. J. D. Rodgers, May 27; Mrs. H. Kellerman, May 27; Tom Simmons, May 29; Mrs. Eddie Blackwell, May 29; Mrs. Arnold Johnson, May 29; Mrs. Jane Stapler, May 30; Cecil Sellers Jr., May 30; Joe Orona Jr., May 31; Mrs. J. F. Bobeen, May 31; Albert Stremmel, May 31; Mrs. Willie Ails, June 1; Rev. Woodrow McHugh, June 1; Mrs. Willie Schubert, June 1; Tommy Jene Wilson of Snyder, June 2.

THAT'S DIFFERENT.

A certain woman with a reputation as a "man hater" announced suddenly she was to be married. "Goodness gracious!" exclaimed a friend. "I thought you despised all men." "Oh, I do," replied the bride-to-be calmly, "but this man asked me to marry him."

People of Section Making Plans for Cowboy Reunion

Already people of the Hamlin territory are making plans to include the annual Texas Cowboy Reunion at Stamford in their summer schedule.

A giant parade at 11:00 a. m. on July 2 will open the twenty-seventh annual show this year, with a matinee performance in the afternoon. Night performances will be held on July 2, 3 and 4 with hundreds of cowboys and cowgirls who will participate in the parade and rodeo events.

Directors and chairmen of the annual affair are predicting this year will be one of the best shows ever, according to W. G. Swenson, who has been the president ever since the beginning in 1930. Over 500 contestants entered last year's shows.

Mrs. Jack Mills, wife of the vice president and general manager of Rule-Jayton Cotton Oil Company, will be hostess to the visiting cowgirl sponsors this year, and Judy Metz, daughter of Dr. and Mrs. L. F. Metz, will be the Stamford sponsor. Judy is a junior at the University of Texas, where she is a member of Kappa Kappa Gamma Sorority and is actively associated with the university rodeo organization.

Homer Merriott, principal of one of the Stamford schools and father of three daughters who are excellent riders, will be sponsor chairman. Ryland Gleaton is chairman for the sponsors' ball, to be held on the night of July 2.

STILL A MAN OF TASTE.

The successful actor had been on a treadmill schedule, dashing between engagements, and decided to catch a quick meal in one of those hole-in-the-wall restaurants.

He was horrified to recognize the waiter as a former colleague who had appeared with him in several first class plays in the past.

"Great Scott!" he gasped. "You—a waiter in this place!"

The waiter drew himself up with dignity.

"Yes," he replied, "but I don't eat here."

DISCRIMINATION.

"I hear you have broken your engagement to Joe because your feelings toward him aren't the same. Are you going to return his ring?"

"Oh, no. My feelings toward the ring are the same as ever."

Unusual harem hemline is starting feature of this romantic afternoon dress by a young Australian designer. The beautiful paisley print is an Everglaze cotton satin.

Earl Smith Attends School for Bankers

Earl E. Smith, vice president of the Farmers & Merchants National Bank at Hamlin, left Sunday for Baton Rouge, Louisiana, where he is attending the School of Banking of the South at the State University of Louisiana.

Smith, who has been with the local bank for about 12 years, is taking refresher courses in various phases of modern banking.

HAD HIM STYMIED.

A little boy was visiting in the home of a friend, and when he made no attempt to eat his boiled egg in a duck-shaped egg cup, he was asked:

"Don't you like eggs, Gordie?"

"Yes," he said, "I like eggs, but I don't know how to eat this one. Cars are always flat ones!"

Cotton Quiz

WHERE DID GINGHAM GET ITS NAME?

ORIGINALLY IT WAS "GING GONG," A CLOTH OF CHECKS AND STRIPES WOVEN FROM YARN DYED COTTON BY NATIVES OF MALAYA & JAVA.

PAST PAYING STAGE.

Little Marcia, the newest member of the Sunday School class, was importantly passing the collection envelope for the first time. When her Sunday School teacher reached over to put in her contribution, Marcia looked puzzled.

"What is it?" her teacher asked. "What's troubling you, Marcia?"

"I thought teachers got to go to Sunday School free," she explained. "You know, after you get to be a teacher you didn't have to pay any more."

LOOKING OUT FOR SELF.

Young Anne was explaining to a friend why she bought an ice cream cone for her puppy whenever she had one for herself.

"Well," she said, "I like ice cream, you see, but Sandy likes it faster than I do!"

Father of Dr. Smith Accumbt at Vernon

Alexander Smith, 68-year-old father of Dr. M. L. Smith of the staff at Hamlin Memorial Hospital, died Monday morning at Vernon following a heart attack suffered earlier in the day.

The elder Smith was editor of The Vernon Daily Record.

Details of the funeral could not be ascertained by The Herald at press time.

VISITS IN CALIFORNIA.

The Herald is in receipt of a picture postcard from Paul Bryan, long-time Hamlin lumber yard owner, mailed at San Mateo, California. Paul is visiting a brother at San Mateo and otherwise seeing the sights of the West Coast.

Constantinople was once known as Byzantium.

The tip of South America is farther south than the tip of South Africa.

PRINTING OF QUALITY

Get in the fine-car swim at the low Ford price!

America's favorite convertible is one of 21 Ford models for 1937

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

But stop inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated

extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff! Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has

a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

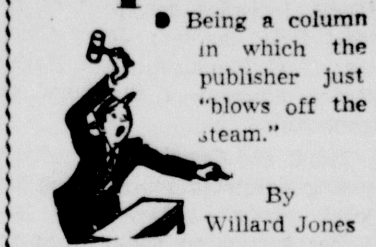

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford. Yes sir! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!

Get in on the fun and savings now in the new kind of

FORD

*Based on comparison of manufacturers' suggested retail delivered prices

HAMLIN MOTOR COMPANY

Being a column in which the publisher just "blows off the steam."

By Willard Jones

L. H. McBRIDE was pulling some wisecracks about the high water over the state at the Tuesday noon luncheon of the Hamlin Lions Club. And he had several others who were helping him supply the mirth. The jibes included:

Farmers of the section, it is reported, are having to go in motor boats to the post office to get their drouth relief checks.

The Texas Gulf has had a rise of two feet due to the heavy rains that have been dumping into the Gulf of Mexico from the rivers of the state.

They are selling camp sites at Lake Texoma now by providing the prospective buyer a skin diving suit so he may inspect the property.

One dairy farmer south of town is reported having trouble with the catfish that are milking his cows.

It was proposed at the Lions Club meeting that, in planning to take the high school football boys home from practice this fall, the club probably would have to buy boats for transportation.

TREATING EACH DAY as a separate project, we can make the most of them, Dr. W. E. Barton wrote these words:

Do not, I beg of you, insult the morning hour by talking of your backache. There are other and more important things to talk about.

Do not contaminate a day as yet unsunrised by complaint that you did not rest well last night, and that, in consequence, you have a headache. Your head will ache the harder for your telling about it.

Do not blaspheme by snarling over your coffee about the price of coal, or the argument you had yesterday with a man who proved himself less than a gentleman.

Treat the new day as becomes a gentleman, and the rewards of the hours shall be yours.

WE ARE LIFTING another batch of those clever little quips from the Barbs column of The Fort Worth Press:

Some fish grow faster out of water than they do in it, depending on the fisherman's line.

A doctor removed a signet ring from a woman's stomach. She shouldn't bite her nails so hard.

Too many pedestrians stand up for their rights in the middle of the street.

A writer says the speed limit eventually will be 100 miles per hour. That will slow some drivers down, we hope.

The best indication of second childhood is the way some oldsters act at parties.

Lots of women are much like flowers in that when they fade they die.

Overcharge on any account that you have in the stores and you're sure to get shocked.

TWO HAMLIN hospital patients, bored and unable to secure playing cards, sneaked the diagnosis cards from a nurse's pocket and started a game of draw poker. On the very first hand after the draw they bet high and outbid each other until all their money was on the table.

"Well, I guess I win," said one, reaching out for the money. "I've got three appendicitis and two gallstones."

"Just a minute," spoke up the other. "Not so fast. I've got four enemas."

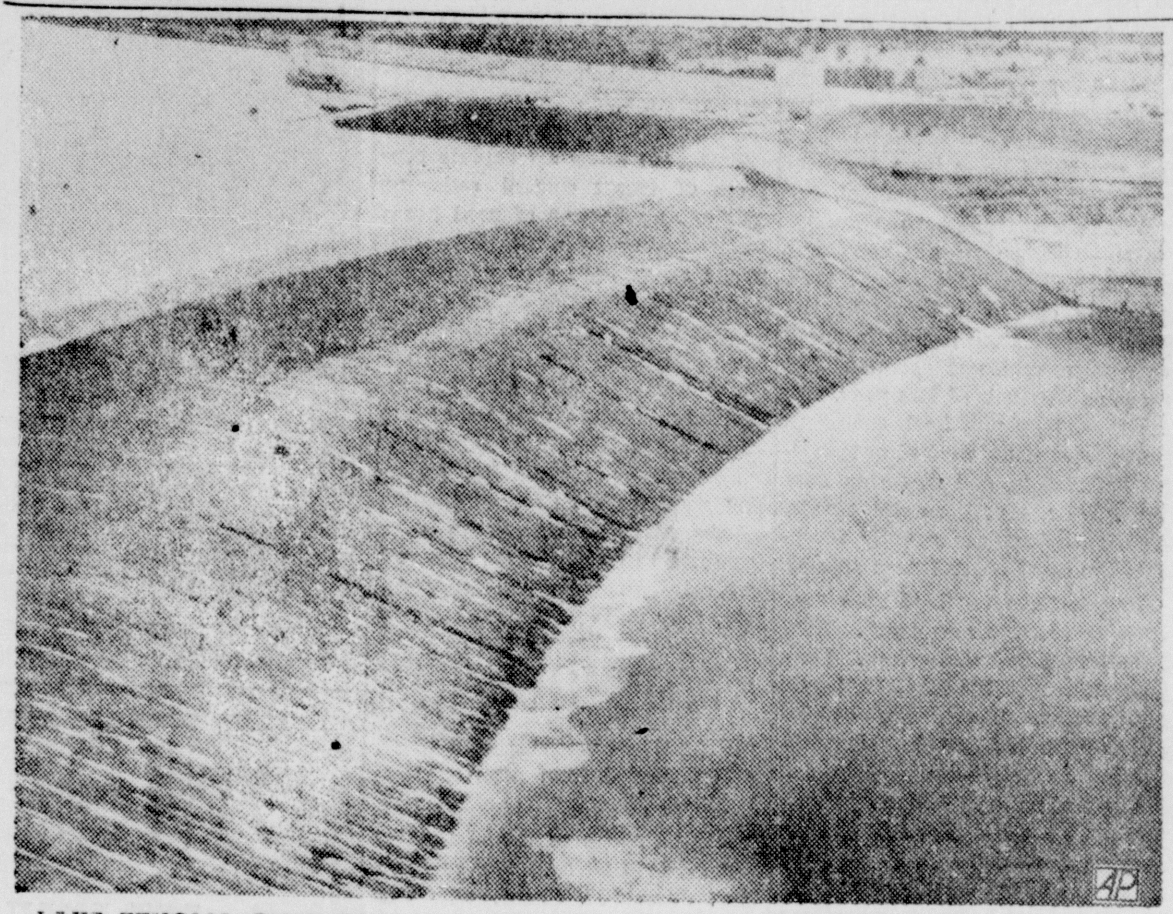

"O. K.," said the first. "You win the pot!"

BABY SITTING is getting to be a major business with a lot of the young folks. Most of them can remember, as we recently did in a familiar magazine, way back when the child's mother was an earnest baby sitter.

get the young woman in Hamlin who was the observation that...

have had think that they could find stonynonym more fitting—vegetable sitters in our house and a little time for sitting!

One who wishes he had as he says he is.

LAKE TEXOMA OVER SPILLWAY—Swollen by record rainfall to its 640-foot elevation crest, Lake Texoma started over its 2,000-foot spillway. The lake was overflowing at a depth of four inches when this photo was made. This is the first overflow for the giant reservoir since its completion in 1944. Engineers say it will overflow only once in 100 years.

Edmund W. Robb of Amarillo Assigned to First Methodists

Rev. H. C. Adair Returned Here To Faith Church

Edmund W. Robb, 31-year-old Amarillo man, is to be the new pastor of the First Methodist Church in Hamlin. Rev. Henry C. Adair was returned to the pastorate of Faith Methodist Church.

The appointments were among those announced for the coming year at the annual Northwest Texas Methodist Conference last Friday at Amarillo. They are effective immediately.

Rev. Darris L. Egger, who has been at First Methodist Church for two years, was assigned to the First Methodist Church at Dimmitt, Castro County, northwest of Plainview.

Rev. Robb has been pastor of Forest Hills Methodist Church in Amarillo for three years, where he has done a fine work, it is reported. Previously he had been pastor for a short time of the Quikake Methodist Church.

He and his wife have four children, three girls aged nine, seven and two, and a boy aged six years. They are due to move into the parsonage on Southwest Avenue A Thursday or Friday, The Herald understands.

Other appointments made at the conference were:

See METHODISTS—Page 2

New Hamlin Woman's Forum Officers Installed and Committees Appointed

At a regular meeting of the Hamlin Woman's Forum the following officers were installed by Mrs. Ned Moore, immediate past president: Mrs. M. T. York, president; Mrs. John D. Ferguson, first vice president; Mrs. Dean Witt, second vice president; Mrs. W. O. Cassle, recording secretary; Mrs. Noel Weaver, corresponding secretary; Mrs. Sol Branscum, treasurer; and Mrs. E. M. Wilson, reporter.

Mrs. York announced her standing committees as follows:

Library Committee—Mrs. Tate May, Mrs. Zelma Hulse, Mrs. E. M. Wilson and Mrs. Holly Toler.

Community Affairs—Mrs. Dean Witt, Mrs. J. E. McCoy, Mrs. R. L. McClung, Mrs. J. O. Murphree, Pearl Hudson and Mrs. Tarlton Willingham.

Membership—Mrs. Clyde Grice, Mrs. B. O. Bell, Mrs. W. T. Johnson, Mrs. Bill Thompson and Mrs. Wilson Brannon.

Hospitality—Mrs. L. E. Prewitt, Mrs. Weldon Griggs, Mrs. Grady Smith, Mrs. James Brown, Mrs. George Poe and Mrs. Cecil Sellers.

Building—Mrs. John C. Bryant, Mrs. Foster Cook, Mrs. C. R. Lovell, Mrs. Gene Westmoreland and Mrs. Noble Greer.

OUT ON A LIMB—County Commissioner Jesse K. Bell of Dallas is literally out on a limb as he sits in a tree waiting rescue from the flooded lowlands along the Trinity River. Bell and three workers from his district were making an inspection tour of a levee break, south of Dallas, when their boat capsized and they were forced to take refuge in the trees.

District Approves Davey Weaver for Lone Star Farmer

Davey Weaver, son of Mr. and Mrs. Noel Weaver, passed the area checking committee for Lone Star Farmer Degrees last week in the meeting at Brownfield. The Lone Star Farmer Degree is the highest award that any state association of Future Farmers of America may confer upon a member.

Weaver, a recent graduate of Hamlin High School, was selected on the basis of his outstanding leadership and supervised farming program while a member of the FFA and a student of vocational agriculture. He has been selected this year as the Star Chapter Farmer of the local chapter by his classmates and fellow FFA members. He has been an active member of the FFA at Hamlin for four years and has also been on several judging teams and winning leadership teams during this time.

During the Brownfield meeting young Weaver was selected as runner-up for the Star District Farmer of this district of the Future Farmer organization.

Since passing the area checking committee, Weaver's application is now being processed by a state checking committee in Austin. If it passes there Weaver will receive his award at a special meeting held during the state FFA convention in Fort Worth in July.

COMPLETES BOOT.

Milton Crow, EFSA in the U. S. Navy, has recently completed his boot training at San Diego, California, and is visiting with his parents, Mr. and Mrs. F. M. Crow. He will report to the Great Lakes Naval Training Center near Chicago, Illinois, soon.

Nominating—Mrs. R. D. Moore, Mrs. E. J. Hawkins and Mrs. O. H. Weaver.

Finance—Mrs. L. C. Bonds, Mrs. G. L. Masser, Mrs. Fred Young, Mrs. J. B. Terrell, Mrs. M. S. Johnson, Mrs. Eddie Jay and Mrs. Leroy Smith.

Program—Mrs. John D. Ferguson, Mrs. Irby Weaver, Mrs. W. S. Seals and Mrs. Sam Hodges.

Public Affairs—Mrs. Earl Smith, Mrs. S. C. Ferguson Sr., Mrs. Ruth Johnston, Mrs. Weldon Carlton and Mrs. Kenneth Riddle.

Trustees—Mrs. A. A. Hackley, Mrs. E. M. Wilson and Lennie Greenway. Mrs. E. D. Perrin was appointed parliamentarian.

Mrs. W. O. Willbanks, librarian, reported the gift of a dictionary stand by the Good Neighbor Home Demonstration Club to the Hamlin Memorial Library where the meeting was held.

Mrs. Tate May, chairman of the library committee, reported a total of 382 books in the library.

Wet Weather Keeps Farmers from Fields

Recreation Plan For Summertime Set at School Gym

Summer recreation program to be conducted under the supervision of the new Hamlin High School coach, D. C. Andrews, is scheduled to begin next Thursday, according to announcement by Superintendent of Schools C. F. Cook.

Both boys and girls of next year's sixth grade through high school will be eligible to participate. The program will begin at 9:00 a. m. Thursday.

The sixth, seventh and eighth graders will participate from 9:00 to 10:30 a. m. The high school level students will attend from 10:30 to 12:00 noon.

Recreation will consist of volleyball, basketball, tennis, ping-pong and shuffle board. All participants will be expected to wear tennis shoes while on the gym floor.

"The board and administration of the Hamlin Schools feel that we have lots of money invested in facilities that are not being made available to our children," declared Cook. "A decision was made to have a summer recreation program for our boys and girls in the new high school gymnasium."

More Rains Put Total Rainfall for Year for Hamlin 18.59 Inches

While some parts of the state, including Beaumont which reported the driest May on record were crying for moisture, Hamlin territory continued to be a wet spot of the state and country. It rained on 15 of the 31 days of the month for a total rainfall for May of 8.62 inches, according to the government gauge maintained by Bill Rountree at the city pump station.

Since last week's report in The Herald the rainfall totaled an even three inches. It tabulated like this: May 31, 1.74 inches; June 1, .54; June 2, .36; June 3, .09; and June 4, .27.

Total precipitation for the year so far is 18.59 inches, compared with an average for this time of year of about 10 inches.

Outside Work Done On Hospital Wing

Practically all the outside work has been completed on the new \$60,000 east wing addition to the Hamlin Memorial Hospital, despite the rainy weather that has prevailed during much of the construction period.

J. C. Babb, director of work on the project for Baco Construction Company of Abilene, general contractor, declares the structure still will be ready on time if nothing unforeseen now occurs to halt the work. Work is being done on the interior of the building, including wiring, plastering, painting and installing plumbing.

Don Greenway, son of Mr. and Mrs. J. D. Greenway of Odessa, is among students to be honored at Honors Day convocation, which recognizes students who have maintained a high scholastic record at Southern Methodist University, Dallas. The ceremony was held at McFarlin Memorial Auditorium on the campus.

Greenway, who completes his pre-medical training this summer, plans to enter Southwestern Medical School in September.

FIRST ON-LOCATION PHOTO—This offshore drilling rig called the "Vinegaroon" is shown on location 12 miles offshore from Cameron, Louisiana, in the Gulf of Mexico. The unit, built by R. G. LeTourneau Inc. of Longview for the Zapata Offshore Company of Houston at a cost of \$3,250,000, is capable of drilling to depths in excess of 20,000 feet in waters up to 100 feet deep. The drilling platform is self elevating. Note heliport on stand-off left.

Two Other Coaches Are Named for HHS

Hamlin High School's head football coach, elected several weeks ago, is on the job, and two other members of the coaching staff have been named and should be on the job within a few days, according to Superintendent of Schools C. F. Cook.

Coach D. C. Andrews moved to Hamlin last week to assume his duties as head football coach.

Andrews and his wife, who come to Hamlin from Memphis, where he was assistant football coach, have a three-year-old daughter, Kay. They are Baptists.

Assistant football coach named is Jimmy Vaughn, who comes from

Dalhart, where he has been an assistant grid mentor. He and his wife have no children. They are members of the Baptist Church, and he has been a member of the Kiwanis Club. He is a graduate of Hardin-Simmons University, where he was a football stand-out.

Vaughn succeeds Jim Herridge, who has gone to Wink with Nix.

Head basketball coach named is Neal Laminack, who has been an outstanding basketball coach for nine years. He has had championship boys' or girls' teams eight of the last nine years. He comes to Hamlin from New Deal. He and his wife have three children, two boys and a girl. He is a graduate of Southwest State College. They are members of the Baptist Church. Laminack succeeds Harrel Blackburn.

Singers and song lovers of the Hamlin area are advised that the regular Jones and Fisher County singing will be held at the Four-square Gospel Church in Hamlin Sunday afternoon. The church is located at the corner of Southwest First Street and Avenue D.

Singing will get underway at 2:00 o'clock, and the public is invited, declare singing officials.

Don Greenway, son of Mr. and Mrs. J. D. Greenway of Odessa, is among students to be honored at Honors Day convocation, which recognizes students who have maintained a high scholastic record at Southern Methodist University, Dallas. The ceremony was held at McFarlin Memorial Auditorium on the campus.

Sunshine Vital to Harvest of Grain Fast Going Down

Farmers, ranchers and others who have lived in this territory for years, especially through the past six years of drouth, who had vowed they would never complain about rain any more, have about decided they have had enough for a spell.

They are not actually complaining about the amount of rains that have come the past several weeks, but they need to get into the fields with combines, planters and cultivators—or the bountiful rains may not mean bumper crops to the territory after all!

Thousands of acres of wheat that several days ago looked like the biggest crop in the history of the territory, are fast deteriorating. Heavy rains and winds have blown much of it down; some of it is rusting; and certainly a few days of hot sunshine is needed to make it mature and then be harvested.

And it is cotton planting time. In fact, most farmers of the territory ordinarily plant the bulk of their cotton about the middle of May; June 1 is usually the last feasible time to plant. But very few farmers have been permitted to plant their fields because of the continuing rains and "wet fields."

Moreover there are thousands of acres of maize and other head grains in the territory that needs attention. Although generally it is doing nicely, sections have been washed out that could have been replanted. And weeds and grass are growing along with the feed—and these growths need to be clipped by cultivators and hoes.

Hot weather is vitally needed within the next several days or farmers will be crying frantically for a let-up in the rains.

Swimming Pool to Be Opened When Fair

Although the Hamlin swimming pool at the City Park has been ready for several days, it has not been opened on account of the rainy weather and muddy conditions around the pool, declared B. V. Newberry, who is operating the pool under lease from the Hamlin Foundation, Inc.

Several new improvements have been made in facilities of the pool, including an improved filter system, Newberry says.

Opening of the pool for the summer season will be staged as soon as the weather clears, it is announced.

Buddy Poppy Sales In Hamlin Net \$166.10

Sale of Buddy Poppies by the Hamlin post of Veterans of Foreign Wars in Hamlin last Saturday was good, reports Bill Herbert, director of the campaign.

Receipts of \$166.10 were reported following work by members of the Ladies' Auxiliary and members of the Camp Fire Girls, Herbert said.

Funds from the Buddy Poppies go to the VFW home and to aid disabled veterans.

Who's New This Week

Two new citizens have been recorded at the Hamlin Memorial Hospital since last report in The Herald. They are:

A boy for Mr. and Mrs. Eddie Frank Blackwell was born May 25. Weighing five pounds 10 1/2 ounces at birth, he has been given the name of Terry Glen.

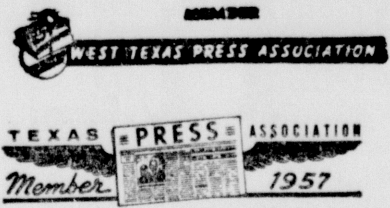

A girl for Mr. and Mrs. Bill Cork arrived May 28. After tipping the scales at seven pounds seven ounces, she accepted the name Alberta.

RECALLING Other Years

☆ Being news items taken from old files of Your Home - Town Newspaper. The Herald.

TWENTY YEARS AGO.

Among news items of interest in the Hamlin community 20 years ago were the following, reprinted from the issue of The Hamlin Herald dated June 4, 1937:

Among recent improvement in Hamlin is the installation of a modern soda fountain at the Reynolds Pharmacy.

Lila Lee became the bride of John Reynolds in a quiet home wedding at the home of her parents in McCaulley Tuesday.

The Herald moved over the last week-end into the newspaper's new building on South Central Avenue.

W. E. Benson, W. L. Boyd and Earl Smith went to Bronte Wednesday to attend the celebration of the opening of Highway 70.

Thanks to good rains during the past several weeks, the Hamlin territory is a veritable picture of beauty. Fine grain crops are in readiness for the harvest, and row crops are looking good.

New Ford V-8 Model 60s are being advertised at \$529 f. o. b. factory.

Mr. and Mrs. Marvin Culbertson and family of Vernon were here this week to visit his parents, Mr. and Mrs. J. C. Culbertson.

TEN YEARS AGO.

Reviewing the past, The Herald reproduces the following items of interest in the community 10 years ago, taken from the issue of The Herald dated June 6, 1947:

Wheat harvest is in full swing in the Hamlin territory, with prospects being for the best crop in the area for several years. Wheat was bringing \$2.05 per bushel on the Hamlin market Tuesday.

Clifton Townsend, outstanding Future Farmers of America boy at Hamlin High School, has been awarded the first in a series of Jersey heifers by the Hamlin Chamber of Commerce in a program to promote the dairy industry in the territory.

Rev. Will C. House was returned as pastor of the First Methodist Church by the annual Northwest Texas Conference, which met at Amarillo last week-end.

Hamlin High Schools baseball team has tied Trent for the district title in a series of games being played. Both teams have won three and lost no games this season.

Several local men have recently taken their solo flights in aviation training being conducted at the Hamlin Aviation School. They are Truman Boyles, Wilburn Boyd, J. W. Riddle, Edward Dodd, Huie Parker, Edwin Shadle and Bill Eysen.

FIVE YEARS AGO.

Goings-on in the Hamlin community five years ago included the following, reproduced from the issue of The Hamlin Herald dated June 6, 1952:

Rufus Herbst, 56-year-old, operator of Longhorn Courts in East Anson, former McCaulley man, was injured Saturday night when he was hit by an automobile as he crossed the highway near his business.

L. R. Huchingson is being boosted for the post of district governor for Lions Clubs of Central West Texas, with the Hamlin club taking the lead.

Rev. Orion Lewis, who is a senior ministerial student at McMurry College in Abilene, has been assigned as pastor of the new Faith Methodist Church in Southeast Hamlin.

Farmers of Jones County are reported to be planting approximately 175,000 acres to cotton this year, according to County Agent Bill Lehnberg.

ONE YEAR AGO.

As we recall other years in the Hamlin territory, we reprint the following items of interest taken from the issue of The Herald dated June 7, 1956:

Harden Memorial Library, which is being operated under direction of the Hamlin Woman's Forum, voted at its last meeting to make a charge of \$1 per year per family for use of the facilities of the library.

Despite continued drought in the Hamlin section, the row crop situation looks hopeful, declare the county farm agent and others.

New gymnasium for Hamlin High School is taking shape this week as foundations for the big \$150,000 structure are being poured this week.

Rev. Houston Walker, pastor of the First Baptist Church since November, 1953, this week announced that he had accepted the pastorate of the Arnett-Benson Baptist Church in Lubbock, which has a membership of 1,400.

Worst Scourge of Insects Expected in State This Year Than for Many Years

As is already apparent to most people of the Hamlin territory and elsewhere over the state of Texas, insects are having a field day following the bountiful rains that have produced standing water and rank vegetation growth.

This can be said without reservation: We will have more insects to fight this year than ever before, especially flies and mosquitoes.

Plans for combatting the horde of insects in the Hamlin area have been underway for several weeks, but continued rains have hampered effective means of control.

Mosquitoes breed in standing water—whether in a Gulf Coast marsh, a West Texas stock tank or a tin can or old tire in the back yard? They harbor in damp vegetation and undergrowth like we have so much of this year. As for flies, they will be breeding in the grabage of washed-out sanitary land fills, and in sewer lines broken or overflowed by floods. And conditions are equally favorable for most other insect species.

Insects have troubled man ever since he has been on earth. They have bitten and stung him. They have destroyed his food, his home, his clothes. They have carried germs that brought him horrible death. In all, entomologists can identify some 10,000 insect "public enemies" that do \$4,000,000,000 in damage annually.

Let us realize, though, that some insects are not harmful, and others actually do valuable chores for man. Various species of beetles feed on harmful insects, and some caterpillars eat weeds, bee, pollinate crops. Nevertheless, with all his scientific knowledge, it is only by constant effort that man is able to hold his own against insects.

Consider just a single crop—wheat. Each year insects destroy in stored wheat the equivalent of 2,000,000,000 loaves of bread enough to supply every person in the United States for seven weeks. Or consider just a single disease—encephalitis, spread by mosquitoes. At least 500 cases occurred in the Plainview area last summer. Many of the victims died.

But let's be fair about it. Insects got here first. They have been on earth for at least 250,000,000 years, 250 times longer than man. And in all that time, they have remained relatively unchanged. The roach, for example, looks just about as he did 250,000,000 years ago. Old fossils and stone impressions tell us this.

For thousands of years man

probably swatted or squashed insects to defend himself against them, but by 1,000 B. B., Homer was atkin about sulphur as a fumigant. Since then insecticides have improved. One, DDT, was developed in 1942, and gave early promises of providing the knock-out punch against insect hordes. But it has not. Entomologists say flies, salt marsh mosquitoes, lice and roaches quickly developed resistance to the chemical, and Mexican beetles, spider mites and many aphids are not affected by it.

Today we know a complete program of insect control calls for constant application of good home and community sanitation—such things as garbage cans with tight lids, good systems of garbage pickup, and well operated sewerage disposal plants—together with periodic spraying with effective insecticides, declare officials of the Texas State Health Department.

Fortunately, Hamlin has generally good facilities for controlling insects, and city officials have determined to do their best at insect control—but individual cooperation, they declare, is necessary.

METHODISTS

(concluded from page one)

Amarillo conference include: Rev. David Stephens to the McCaulley Methodist Church. He succeeds Rev. Jarrel H. Sharp, who was assigned to Blackwell. Young Stephens is the son of Rev. Clarence Stephens, pastor at Seymour.

Rev. Vernon Mayfield was appointed to the Sagerton-Tuxedo charge, succeeding Rev. Frank Knox, who went to Euila.

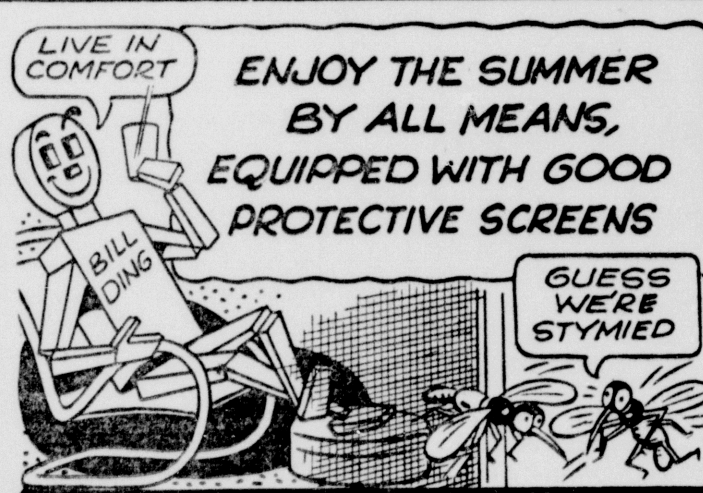

Rev. Joe Yoho was returned to the Sylvester Methodist Church. Among other former pastors of the area listed in appointments were: Rev. James E. Harrell, who was assigned to Morton Methodist Church and Rev. S. Duane Bruce, who was moved from Phillips to Perryton First Methodist Church.

RETURNS TO SAN ANGELO.

Mrs. S. J. Burleson of San Angelo returned Monday to her home after having visited for several days with her sister-in-law, Mrs. W. S. Graham.

BASIC RESPONSIBILITIES HAVE FALLEN ON US

Early in April, news dispatches from London told of serious political problems faced by Prime Minister Macmillan—and of what was termed a "new wave of anti-Americanism."

These two developments are closely related. They stem from a British fear, which finds many influential voices in the country's principal newspapers and magazines as well as government, that England is becoming the tail to the U. S. kite. For example, our agreement at Bermuda, to supply England with guided missiles, drew this comment from the Sunday Express: "The Bermuda deal gives rise to fears that the rocket defense of Great Britain is virtually handed over to American GIs."

The root of all this lies in the profound change that is taking place in Britain's role in the world. The British are proud people and for good reason. Behind them is a magnificent history. What is shocking to traditionally minded England is that the days of vast empire and power are also behind them. U. S. News and World Report puts it this way: "Great Britain, in all except economic relations with commonwealth nations, is drawing back to the status of an island country—still with great strength and great resources in capital and in people, but no longer a power that leads." It adds that the islands are militarily vulnerable in this age of hydrogen weapons, and, on top of that, are self-sufficient in very few of today's basic national needs.

The magazine traces what has happened to the old empire—that empire on which the

sun never set. It came to its zenith in the great age of Victoria, who was the ruler of a quarter of the globe. Then the colonies, beginning with Australia, began to gain their independence. One new and independent nation after nation has been created. Today the population of remaining British colonies is but 80,000,000—where as recently as 1939 it was 563,000,000.

Britain's economic power and military power have declined accordingly. Once the British Navy ruled the waves. At the peak of her sea power, in 1914, she had 195 capital ships. In 1939 she had 122. Now she has 48, and but 20 are currently in operation.

What this means is that much of the authority Britain used to exert in the world has passed to other hands. She remains an ally of the United States, and to most students she is the most important and reliable ally. But her capacity to pursue major policy purely on her own hook and in accordance purely with her own judgment is gone—which the Middle Eastern crisis and the resignation of Prime Minister Eden so dramatically demonstrated.

What importance has this fateful evolution to the United States? The answer is: Every importance, whether we like it or not. When vacuums exist in the world, they must be filled. Only two powers are capable of filling great vacuums—the United States and the Soviet Union. These are the sole powers with the wealth, the weapons, the populations, the strengths of all kinds. Americans certainly want no empires. But basic responsibilities of empire have fallen upon us.

40 Per Cent Tax on Travel

How many miles was your automobile driven last year—5,000, 10,000, 15,000 miles?

Statisticians tell us that the average mileage of U. S. passenger automobiles in 1956 was approximately 9,300 miles. In the process, 640 gallons of gasoline were consumed, for which 8.35 cents per gallon was paid in federal and state gasoline taxes.

This means Mr. and Mrs. Average Motorist paid \$53.44 last year in direct taxes levied on motor fuel. (The total will be even more this year because of a one-cent per gallon increase in federal tax which became effective last July).

There are few other widely used commodities on which taxes equal about 40 per cent of the purchase price as gasoline taxes do.

From 1925 to the present—even including the most recent price increase—the consumer's cost of gasoline, exclusive of taxes, has increased only 15 1/2 per cent. This compares with an increase of some 67 per cent in the selling price of clothing; more than 62 per cent in household furnishings; 71 per cent in food.

And, unlike various other products which have not been materially increased in quality, today's gasoline has been steadily improved in every respect.

So next time you ask the attendant to "fill it up" remember this: The real price you pay per gallon—that is, the price exclusive of taxes—still represents one of the best bargains on your family shopping list.

Joy in Working

A self-righteous man went to see a philosopher. "I was told once," he said, "that they who learned to do the right things are happy. I have not found it so. I am tired of doing the right things when I do not get rewarded for my sacrifices."

"I begin to see your difficulty," said the philosopher. "There is something yet for you to learn. It is not enough just to do the right things. If you would be happy you must learn to enjoy doing them."

Some women look as though they had been poured into their dinner gown without remembering to say "when."

Cut Taxes—But Spend More

In a report on constituents, a congresswoman from Oregon says: "The proposed federal budget for 1958 has brought a flood of letters to my office. Almost without exception the letters urge cuts. Some letters urge me to vote to repeal the income tax and to cut the budget—and also to vote for a pension to every citizen over 65."

This is simply an extreme example of a widely held public attitude—that economy should be confined to "the other fellow." So long as it prevails, we will have grossly swollen budgets, confiscatory taxation, and we will face the specter of more inflation.

Editorial of the Week

A NEEDED AMENDMENT

Section 41 of Article I of the Texas liquor control act provides a penalty of \$100 to \$1,000 or one year in the county jail for the illegal sale of alcoholic beverages. State Senator Andy Rogers has introduced an amendment that would raise the penalties to a minimum of \$500 and a maximum of \$5,000 or five years in the penitentiary for anyone convicted the second time for this offense. Rogers contends that the present penalties are not sufficient to deter violations of the liquor control laws.

The Standard agrees with the senator 100 per cent. Bootlegging has been too easy in Texas. We have yet to hear of the maximum penalty being assessed an offender. One day's operation will often pay the fine if the party be apprehended. It is small wonder that so many flaunt the law and continue to peddle the evil tax free.

When the judges and juries of this state learn that the people mean business and want all laws enforced such illegal sales will soon be stopped, and when they have been brought to an end the people will go to the polls and vote out legal sales also.

Nothing but fear will deter some persons from wrong-doing. Christian people should give their moral and vocal support to Senator Rogers and all others who insist that we have some liquor control legislation that will let the world know that the people of Texas have had enough of dallying around with the liquor traffic, legal or illegal.—The Baptist Standard.

Stronger Prices Are Rule in Trading First of Week on Fort Worth Markets

All classes of livestock, except shorn old crop lambs, opened the week with strong performances at Fort Worth Monday, declares Ted Gouldy, special market reporter for The Herald, in his weekly release. His release continues: In the cattle yards the offering was cleared early and fed steers and yearlings were steady to strong, as steers averaging 1,010 pounds from Wynnewood, Oklahoma, scored \$24, and fed heifers from McClung Land & Cattle Company of Johnson County, topped at \$23.

Cows sold on a stronger basis, and bulls were steady to 25 cents higher. Fat calves were strong to 50 cents or more higher as choice kinds brought \$21 and \$22 freely. Stocker and feeder cattle and calves again sold on a strong to 25 or 50 cents higher basis.

Comparative prices: Good and choice slaughter steers and yearlings, \$20 to \$24; and common and medium butcher sorts, \$13 to \$19. Fat cows netted \$12.50 to \$16, and canners and cutters, \$8.50 to \$12.50. Bulls sold from \$11 to \$15.75.

Good and choice slaughter calves cashed at \$18.50 to \$22, while plain and medium butcher kinds sold from \$14 to \$18. Cull and common sorts sold from \$10 to \$14. Good and choice stocker steer calves cashed at \$19 to \$23, and good steer yearlings sold from \$21.50 down. Plain stockers sold from \$13 to \$17.50. Stocker heifer calves ranged from \$21 down. Stocker cows bulked at \$10 to \$14.

Choice butcher hogs cashed at \$20 and \$20.25 at Fort Worth Monday, the best price since January, at which time the top was \$20.50. This January price was the highest on hogs at Fort Worth since June, 1955.

Medium grade butchers sold from \$16 to \$19. Sows sold from \$15 to \$17.50, and stags cashed at \$9 to 12.

Spring lambs of good and choice grades sold Monday at Fort Worth at \$20 to \$23, and the trade was 50 cents or more higher than at last week's close. Old crop shorn wether lambs cashed at \$18 down, but strictly choice kinds were considered eligible to top that figure somewhat. Old sheep, stockers and feeders sold steady.

Comparative prices: Good and choice milk fed lambs netted \$20 to \$23; and cull to medium spring lambs sold from \$14 to \$19. Feeders spring lambs sold from \$19 down. Late last week some fancy cross-bred feeders at 65 pounds topped at \$20.25.

Good and choice shorn old crop lambs cashed at \$16 to \$18, and cull to medium old crop lambs drew \$10 to \$15. Stocker wether old crops sold around \$15 down, and stocker ewes shorn old crops sold from \$18.50 down, with cross-bred black faces quotable at \$20.

Slaughter ewes cashed at \$5 to \$7, and aged bucks sold from \$4 to \$5. Old wethers cashed around \$12 down, and some two-year-old wethers sold from \$16 down.

The packers and stockyards division of the Agricultural Marketing Service of the United States Department of Agriculture has prepared a booklet of questions and answers regarding the application of the packers and stockyards act of 1921 as amended, and how it serves the livestock producer.

This is the regulatory act that governs all livestock markets under USDA control. A free copy of this booklet will be sent to the readers of The Herald upon written request to: Livestock Market Institute, 122 East Exchange Avenue, Fort Worth 6, Texas. The booklet is free on request, postage paid.

It is full of information important to livestock producers. A typical question is: "Who benefits from the act?" Answer: "Farmers and ranchers, for it protects their interests when selling livestock at a market subject to the act by preventing stockyards, market agencies, dealers and packers from carrying on practices that would injure livestock producers. General public, for it protects the community with a financially sound and stable outlet for livestock and a good source of meat supplies. Market operators, for it protects their interests from those operators who may be lax in handling their responsibilities."

BLIND STUDENT WINS AWARD—K. Martin of Fort Worth, a blind student at Texas A. & M. College, (left) receives an award for winning second place in the showmanship contest at the Little Southwestern Livestock Show at College Station. Martin, who fitted and groomed his Rambouillet yearling ewe, placed second over approximately 70 other students. He is an agricultural education major at the college.

Vacation Bible Schools Doing Good In Hamlin Despite Rainy Weather

Despite threatening weather, muddy grounds and poor transportation, the simultaneous vacation Bible schools being conducted this week at nine churches of the city, fairly good crowds of youngsters have been attending the classes, report officials of the schools.

A colorful parade Saturday afternoon at 5:00 o'clock in downtown streets of Hamlin featured decorated floats boosting the five-

Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending June 1, 1957, were 20,608 compared with 23,002 for the same week in 1956, reflecting a continuing decline from the year ago figure. Cars received from connections totaled 11,461 compared with 12,185 for the same week in 1956.

Total cars moved were 32,069 compared with 35,187 for the same week in 1956. Santa Fe handled a total of 33,567 cars in the preceding week this year.

day schools, with scores of youngsters and instructors taking part in the festival.

Churches participating in the simultaneous vacation Bible school are Faith Methodist Church, First Methodist Church, Church of the Nazarene, Sunset Baptist Church, Foursquare Gospel Church, Calvary Baptist Church, First Baptist Church, Mexican Baptist Church, and North Central Avenue Baptist Church.

Workers in the First Methodist Church Bible school are: Mrs. M. L. Smith, director; Mmes. Bill Fagan, John D. Ferguson and Max Murrell, kindergarten; Mmes. Dean Witt, Fred Smith, Wesley Nail and George Poe, primary; Mrs. L. C. Bonds, juniors; Mrs. R. L. McClung and Mrs. L. W. Shivers, float decorations.

Workers at the Faith Methodist Church are: Mrs. N. L. Crowley, director; Billie Dominey, music; Mrs. Irene Woolf and Mrs. N. L. Crowley, kindergarten; Mrs. H. C. Adair, junior girls; Mrs. Jerrill Renfro, junior boys; Mrs. O. R. Criswell, primaries.

Workers at the North Central Avenue Baptist Church are: Rev. Woodrow McHugh, principal; Mrs. Leaford Stone, song leader and secretary; Sharon Cary and Mrs. Sid Clay, nursery; Mrs. Woodrow McHugh, Mrs. W. J. Stuart, Mrs. Ben Wilcox and Mrs. Willard Jones, beginners; Mrs. Bob Christian, Mrs. G. B. Phillips, Mrs. J. W. Brown and Beth Christian, primaries; Mrs. Bobbie Yearry, Mrs. Jackie Embrey, Mrs. Dorothy White and Mrs. Sarah Carlan, juniors; Mrs. W. A. Pattillo, Mrs. Charlene Bonds, Mrs. L. H. Clark and Mrs. Marie Wilcox, intermediates; Mrs. A. G. Anderson, refreshments.

VISITS IN SAN ANGELO.
Viola Avants is visiting with friends, Mr. and Mrs. Russell Trimble, in San Angelo this week.

IT WORKED FIRST TIME.
A somewhat haughty government inspector approached a farmer and demanded to see his livestock. "My card, sir. It entitles me to inspect your farm."
A little later the farmer heard screams from his alfalfa patch where the inspector was being chased by a bull.
Leaning over the gate as the inspector drew near, the farmer yelled: "Show him your card, mister, show him your card!"

Twelve 4-H Club Youths of County Go to Round-Up

Twelve Jones County 4-H Club boys and girls will go to the annual 4-H Club Round-Up at Texas A. & M. College to enter in the state contests June 11 to 13, according to Bill Lehmborg, county agent, and Mary Y. Newberry, home demonstration agent.

The girls who will be participating are Judy Simmons and Kathy Hagler of Anson, vegetable team demonstration; Patsy Wade and Rita Herring of Anson, electric team demonstration.

Boys making this trip are Jimmy Roberts, Delbert Wilson, Will Agee, John Mitchell, Tom Martin and Mark Holloway of Anson in share-the-fun festival. John Bill Oman of Ericksdahl and Darrell Richards of Lueders will enter the state soil and water conservation contest.

These four teams won first in the District III 4-H contests at Wichita Falls on April 13.

Some 2,000 Texas 4-H Club boys, girls and adult leaders will gather on the campus of A. & M. College for the annual round-up. Theme of this year's round-up is "The People to People Program" and is based on the conference called by President Eisenhower recently on this subject.

The two agents and A. H. Roberts will accompany these boys and girls to College Station.

Hamlin FFA Group Goes to Throckmorton Lake for Three Days

Several members of the Hamlin Future Farmers of America chapter were at Throckmorton Lake last Monday, Tuesday and Wednesday on a fishing trip as part of the group's recreational activities. They were accompanied by Harold Eades, one of the local advisors of the boys, and Jimmy Sedbury of Hamlin.

The group reports lots of luck fishing and a good time had by all 11 boys. Boys who made the trip were DeVaughn Carrigan, Steve Reynolds, Carl Weaver, Red Fowler, Larry Moore, Jimmy Beasley, Dale Ponder, William Cranford, Victor Criswell, Ronnie Hill and Terry Scott.

NOT LONG THAT WAY.
"John, I found this letter in your coat pocket this morning. I gave it to you a month ago to mail."
"Yes, dear, I remember. I took that coat off for you to sew a button on and I'm still waiting."

Annette Fletcher and Dee Prewit Say Marriage Vows in Church Ceremony

Annette Fletcher and Eugene Dee Prewit repeated marriage vows Saturday afternoon, May 25, in the Hamlin Church of Christ. Officiating for the single ring ceremony was Austin Siburt, minister of the church.

The bride is the daughter of Mrs. Jackie Fletcher, and parents

Leo Massers Feted At Farewell Party

A farewell party, sponsored by the McCaulley Home Demonstration Club, was given for the Leo Massers Saturday evening in the McCaulley school gymnasium.

The Massers are moving soon to Fort Dodge, Iowa. The club presented the Massers a lovely bedspread and friends brought other gifts.

Refreshments were served to the several scores of attendants at the party.

of the bridegroom are Mr. and Mrs. L. E. Prewit, all of Hamlin. Preceding the ceremony music was provided by a quartet from Abilene Christian College, and it featured Marilyn Fletcher, cousin of the bride, and Richard Palm of ACC.

The bride was given in marriage by her uncle, P. D. Pearson of Tulsa. She wore a gown of imported venetian lace over white taffeta. The scoop neck and cap sleeves were re-embroidered with scallops of lace, and she wore long tulle mitts. Her waltz length skirt of tiered tulle ruffles and scalloped lace panels fell from a basque waist, and a taffeta bustle bow circled her waist.

Sandra Pearson of Abilene was maid-of-honor, and Charlotte Wallace of Hamlin was bridesmaid. Miss Pearson wore a pale blue polished cotton dress, and Miss Wallace's dress was yellow. Each carried an arc of daisies.

Ken Prewit was his brother's best man. Lane Fletcher was groomsmen. Ushers were Jerry Fred Jay and David Noel Weaver.

Both the young people are 1957 graduates of Hamlin High School, where they were popular in school activities. He was a four-year letterman on the Pled Piper football team and was president of the Student Council.

Following a short wedding trip the newlyweds are at home in Abilene at 2526 South Sixteenth Street.

Reception Follows Fletcher-Prewit Rites

A reception was held for attendants at the Fletcher-Prewit wedding Saturday afternoon week immediately following the rites in the Hamlin Church of Christ, the reception being held in the home of Mr. and Mrs. Austin Siburt.

Georgia McDonnell registered the guests as they entered.

Cake was served by Lavada Teichelman, and Mittie Ann Ray ladled the punch. Others in the house party included Barbara Cheshire, Martha Gage, Elva Siburt, Myra Siburt and Elizabeth Norton.

RETURNS TO MICHIGAN.

A. B. Clements returned to his home at Battle Creek, Michigan, Friday after a two-week visit with his brother and sister, Ira Clements and Mrs. W. J. Howell, and friends at Hamlin. It had been 43 years since he had been back to Hamlin. He subscribed to The Herald, declaring, "I read it from cover to cover."

MRS. EUGENE DEE PREWIT (above) was before her marriage on May 25 at the Hamlin Church of Christ, Annette Fletcher. The popular young people, who are both graduates last month of Hamlin High School, are making their home in Abilene. She is the daughter of Mrs. Jackie Fletcher, and his parents are Mr. and Mrs. L. E. Prewit, all of Hamlin.

Stretching the Dollar Can Be Easier With Planned Shopping and Serving

Dollar stretching is a quality that every housewife wishes she had. Here are some ways to help acquire that elusive ability:

The first step is to plan your purchases as far ahead as possible. This enables you to shop leisurely and take advantage of any specials or sales that might come along.

Make a list of all the things you will be needing within the next year. It is easy to think of the large items, but try to include

some of the small purchases you usually buy on "impulse."

Paying cash helps to stretch money, too. Plan ahead for any major purchase. Then if you can pay a good part in cash, you will not have to pay as much in interest.

Are you quality and quantity conscious? The cheapest is not always the thriftiest. Cheap clothes often wear out more quickly than expensive ones. But expensive items are not always practical, as in children's clothes. Since children grow quickly the quality does not have time to prove itself in durability.

Large amounts usually come cheaper. So when grocery shopping, buy soap, tooth paste, cleansers and bleaches in the largest possible size. Stagger your purchases by buying soap one week, then tooth paste and shampoo the next. This helps cut down on the weekly bill.

Another way to stretch dollars is to take care of what you have. Try to keep track of small items like bobby pins, thumb tacks or spools of thread, so you don't have to replace them. Also mend clothes before tears and holes become so noticeable. Also keep tools and household equipment in tip-top shape.

McDonnell-Evans Party Has Reception

Immediately following the McDonnell-Evans wedding rites Saturday evening at the Church of Christ, a reception for members of the wedding party was held in the home of Dr. and Mrs. William S. Seals.

Guests were received at the door by the hosts and directed to the serving room.

Mittie Ann Ray ladled the punch and Lavada Teichelman served the wedding cake.

Guests were registered by Charlotte Wallace.

On January 10, 1946, the U. S. Army first hit the moon with radar impulses.

"New Tablet Relieves Painful Monthly Cramps — Brought Me Greater Relief Than Aspirin!"

"Couldn't sleep, was all on edge," adds Mrs. H. Y., Russell, Ky. "But new Pinkham's Tablets gave me soothing relief the very first day!"

For millions who suffer torture of cramps and nervous tension every month, an amazing new tablet has been developed that brings greater relief than aspirin! Relief for 3 out of 4 Tested! For 3 out of 4 women tested by doctors, pains and cramps were stopped or strikingly relieved. This new discovery offers more relief than aspirin because it contains not just 1 or 2 ingredients but a unique combination of medicines that act on the cause of distress. Called "Lydia Pinkham's Tablets," they're at all drugstores without prescription. Try Pinkham's Tablets! See if you don't escape much irritability, discomfort—both before and during your period! (Also liquid Lydia Pinkham's Vegetable Compound.)

Hamlin People Go to Fall, Back-to-School Markets in Dallas

Elsie Withers of Bailey's Department Store, George Malouf and Mrs. Inell Huff of Malouf's Department Store, and Mr. and Mrs. Frank Bayouth of Frank's Department Store attended the greater Dallas fashion market's fall and back-to-school market last week in Dallas. Exhibits were shown in the Adolphus, Baker and Dallas Hotels and in the Merchandise Mart.

The greater Dallas fashion market is composed of four market associations — American Fashion, National Fashion, Southwest Children's Wear and the Dallas Fashion Center, with combined membership of more than 1,000 salesmen showing 3,000 lines of women's and children's apparel.

Featured events of the week were the sales merchandising clinic fashion shows on Monday and Tuesday night in the Crystal ballroom of the Baker Hotel, and a giant bingo game in the recently completed Dallas memorial auditorium on Wednesday night.

Theme of the two identical fashion shows, "Fashion's Theme and Variations," depicted leading colors and latest styles in fall apparel with emphasis on school wear from kindergarten through college. Mrs. Evelyn Lambert, formerly director of sales and promotions for Neiman-Marcus of Dallas, directed and commented the shows.

Tooth Decay Can Be Controlled With Care And Right Brushing

Tooth decay and the common colds are the nation's most prevalent health problems. But much of the dental discomfort can be avoided.

Damage to the teeth is caused primarily by the action of bacteria on carbohydrates in the mouth. This produces an acid that can dissolve tooth structure.

So by following a few simple rules, the average person can prevent decay. Healthy teeth are clean teeth. The greatest danger to the teeth occurs within half an hour after eating, which is all the time needed by the bits of food that remain in the mouth to form enamel-destroying acids.

Teeth should be brushed immediately after each meal at home. If you are eating out, a thorough rinsing of your mouth with water is recommended. In brushing, use a downward stroke on the upper teeth and an upward motion on the lowers. Always brush away from the gums.

A tooth brush's best ally in keeping teeth clean is dental floss or dental tape. It is a waxed nylon thread that is drawn between the teeth after brushing to remove particles of food that lodge in crannies and crevices where they cannot be reached by the brush.

To use dental floss correctly draw about a 12 or 14-inch length from the self-cutting container.

Confucius was a Chinese philosopher.

This striped man tailored jacket and solid color slim skirt are both styled for town and country wear. They are both made from Dan River's Wrinkl-Shed combed cotton sheen. Fabric is washable and treated for water and spot repellency.

Three From Hamlin Attend FHA Session

Joyce Grimm and Sara Kay Fomby, homemaking students at Hamlin High School, and Mrs. James E. Simmons, instructor, attended a meeting in Stephenville Monday, Tuesday and Wednesday of this week of the executive council of Future Homemakers of America, Area IV.

The group made plans for both the Area IV and district meetings; met as the regular executive council; and studied their jobs as leaders.

Joyce Grimm is vice president of Area IV, District 2.

Sara Kay is outgoing area secretary and is incoming local FHA president.

MOVING KEYHOLE.

A policeman watching a man who was having trouble unlocking his front door, walked over and politely offered to help.

"If you let me have your key," he said, "I'll see what I can do."

"Thank all right," replied the other. "I'll handle the key. You just hold the house."

NOT A DUMMY, ANYWAY.

The little girl of five was entertaining the guests while her mother was getting ready to serve dinner. One of the ladies remarked to the other with a significant look: "Not very p-r-e-t-t-y," spelling the last word.

"No, but awfully s-m-a-r-t," said the child quickly.

Georgia Lee McDonnell Becomes the Bride of John Edward Evans Saturday

Georgia Lee McDonnell of Hamlin and John Edward Evans of Dyess Air Force Base in Abilene repeated wedding vows in double ring ceremonies Saturday evening in the Hamlin Church of Christ. Officiating was Austin Siburt, minister of the church.

The bride is the daughter of Mrs. Fannie Worthington, and parents of the bridegroom are Mr. and Mrs. H. C. Evans of Englewood, Colorado.

Traditional wedding music preceded the marriage rituals, and "Because" was furnished by a recording of the Abilene Christian College a Capella Choir.

The bride chose a white chantilly lace dress over white crystal-

ette. The bride was fashioned with a decollete neckline outlined with lace appliques encrusted with pearls and iridescents. The full skirt of illusion pouffed beneath an apron effect of the lace. Her finger-tip veil of illusion fell from a petal shaped cap of lace worked with seed pearls and iridescents. Her bouquet featured red carnations.

Shirley Hulsey of Odessa, cousin of the bride, was maid-of-honor. She wore a princess styled red faille dress and carried a bouquet of white carnations.

Jack Miller of Dyess Air Force Base was best man, with Jerry Jay and Sonny Winegeart acting as ushers.

The bride is a 1957 graduate of Hamlin High School, and Evans is a 1955 graduate of Englewood, Colorado, High School.

After a brief wedding trip the couple will be at home in Abilene. For traveling the bride wore a blue princess style dress with matching accessories. She wore the red carnations from her bouquet.

Wong is the most common family name—it is used by at least 150,000,000 Chinese.

State Capitol NEWS

By Vern Sanford,
Manager, Texas Press Association

Austin.—Fifty-fifth legislators will have a shorter-than-usual "vacation." Governor Price Daniel says he will call them back, probably about October, for a special session.

Final score showed 47 out of 51, or better than 90 per cent, of the governor's recommended bills were passed in the regular session. But the missing 10 per cent are vital, says Daniel. He still wants:

1. His law enforcement commission, a sort of state-wide grand jury, to investigate official misconduct.

2. A lobbyist registration act, registration of persons who represent others before state agencies, and, possibly, other "better government" bills previously advocated.

3. A state plan for buying water storage space in federal reservoirs. A constitutional amendment to do this died in the past session. Since amendments cannot be considered in a special session, the governor said he is working on a statutory plan—possibly the creation of a state-wide water district with authority to issue bonds and levy taxes.

4. Action on "other matters that may arise" after the Travis County grand jury reports. Jury is looking into any irregularities that might have caused the ICT Insurance Company collapse and alleged pay-offs to legislators by the Texas Naturopathic Association.

So, instead of the usual post-session lull, the capitol faces a summer of suspense followed by a frenzied fall.

New Jury at Work.—Texas has generated more troubles than one grand jury could see to in two months. Hence, a brand new Travis County jury begins this week where the old one left off after digging away all during April and May.

Old-Timers Meet In Annual Session At Anson Tuesday

Several from the Hamlin area were present last Tuesday for the annual gathering of Jones County old-timers at Anson. The session was conducted at the high school cafeteria.

Mrs. Robert Paxton of Hawley was introduced as the person living in the county for the greatest length of time, since 1882. Oldest person present was Mrs. George Baker, 90. She has lived in the county since 1891.

Old-timers were registered by Mrs. Etta Whaley, and Ab McKeever, president, welcome the group. Virgil Reeves led a song festival of old favorites. Rev. Frank Foster of Aspermont, son of Allie Foster of Anson, presented the sermon.

Music was presented by S. H. Mays with violin, Dave Herring with guitar and Mrs. Bertie Mae Gentry at the piano. A solo was presented by Jack Weltman.

Following the covered dish luncheon served by Mrs. Alton Sealy and Mrs. Clint Brandon, there was a period of old-timers testimonials and lots of "remember back when" talk.

McKeever was reelected president and Ellis Dean was reelected vice president. New secretary is Mrs. Arrie Barrett. Outgoing secretary is Mrs. W. M. Cowser.

Its study of ICT's past and naturopathic legislation will probably last all summer.

A Dallas grand jury already has indicted Ben Jack Cage, one-time ICT manager, on charges of theft and embezzlement. Authorities are trying to get him returned from South America so he can be tried.

Who, What, Where and When?—Texas' off-again, on-again Insurance Commission is still a prime source of speculation.

Past Legislature passed laws abolishing the old board and enabling the governor to appoint new members. It also directed the commission to move within three years from its leased office quarters into a building to be erected with insurance tax revenue. And it passed dozens of new restrictive insurance laws for the new commission to administer.

Old board members Mark Wentz and John Osorio promptly resigned. But Governor Daniel refused to accept their resignations. He said they'd have to stay on until their successors were named.

Then Attorney General Will Wilson rules the insurance tax revenue could not be used for a new building. It goes into the general fund and is already earmarked for other things, he pointed out.

And, until the new commission gets going, insurance men over the state are uncertain as to how to comply in detail with some of the new laws.

Ethics Secondary.—Just who should do what to comply with the new code of ethics is still being discussed in the capitol.

Some 163 legislators and state officials have given the secretary of state statements about their connections with businesses under state regulation. Assets ranged from Cuban oil companies to small town dry goods stores.

Secretary of State Zollie Steakley said failure to file such a statement could be grounds for removal from office, but that he did not have authority to enforce it.

Governor Daniel said he saw no need for his filing, since the constitution prohibits a governor's serving as officer or director of a corporation under state regulation. But, he suggested the secretary of state might ask for an attorney general's ruling to clear up other points about the law.

Bonds Go Begging.—First sale of the second \$100,000,000 issue of Texas veterans land program bonds attracted no takers.

In today's "tight money" market the constitutionally prescribed three per cent interest does not lure buyers, said Land Commissioner Earl Rudder.

He said the bonds would not be offered again until conditions improve.

Crops Lag.—After years of long-ing for water, most Texas farmers now are trying to "recover" from the rains.

State Agriculture Commissioner John White estimates flood damage to crops at \$50,000,000 or more. Cotton planting deadlines had to be extended by the state office because farmers were delayed in plowing their wet fields. Even so, some crop loss was foreseen from inability to plant.

In some areas of North Texas small grains were reported hurt by too much water. But dry land cotton farmers in South Texas said they could use a little more moisture.

Texas already has received more

KERRY DRAKE

rain in the first five months of 1957 than in the entire year of 1956. Sample totals for 1957: Dallas, 36 inches; Austin, 24 inches; San Antonio, 19 inches; Greenville, 44 inches.

New Buildings Slated.—From four to six new buildings are to go up soon, moving toward the eventual creation of a "state government center" clustered around the capitol. In the offing are:

1. A State Courts building, now under construction, to cost about \$3,750,000.

2. A state office building, for which contracts have been let and site clearing begun, to cost about \$4,000,000.

3. A central power building to

furnish heat and air conditioning for the capitol and other buildings. Authorized by Legislature with directive that it be ready by October, 1958.

4. A state archives and library building for which Legislature appropriated \$2,500,000.

5. A Texas Employment Commission building and an Insurance Commission building. Lawmakers told each to move from rented quarters, but money for new buildings is not immediately available.

Short Snorts.—June will see a rise in the number of job holders in Texas, despite lay-offs from school endings, predicts the Texas Employment Commission. More jobs in industry will make up the

A HELPING HAND.

Joey—"Mother, please give me a nickel for the poor man who is crying out in front of the house." Mother—"Certainly, dear. But what is he crying about?" Joey—"He's crying, 'Ice cream, five cents a cone!'"

Obedience is yielded more readily to one who commands gently.—Seneca.

difference. . . . Despite over-crowding, morale of Texas prison inmates is good—no longer "hopeless and forlorn"—reported Pardons and Paroles Board members after a week-long tour. More space is due as a result of a \$3,500,000 appropriation last session.

HAD KNOW HOW.

Two countrymen at a fair approached a stall where little balls bobbed about on top of water spouts. One tried his skill with a rifle, but could not stop the bobbing balls.

"Let's have a shot," said the friend, and taking the rifle, fired. Every ball dropped.

Walking away from the stall, the unsuccessful one said, "That was good! How did you manage to stop all the balls with just one shot?"

"Easy," replied the friend. "I took a shot at the man who was working the pump!"

COLORED BOYS ENLIST.

Two Hamlin colored young men, both of whom recently graduated from DePriest Colored School at Hamlin, enlisted for duty with the United States Army Wednesday at the Abilene recruiting station. They are Louis C. Brown and Charles E. Mitchell.

THE WAY SHE ACTS.

Senator Lyndon Johnson Says Spread From Farmer to Consumer Too Much

Cost of living is up again, declares Lyndon B. Johnson, United States senator from Texas, in his weekly newsletter to The Herald from Washington. His release continues: For the eighth straight month a new record high in living costs has been set. The statisticians in the Bureau of Labor predict that the figures for May will show yet another increase.

Most of the rise in the national cost of living index was due to an increase in food prices. But higher prices at the grocery store do not mean higher prices on the farm. A congressional committee is now investigating this question: Why have food costs to the housewife gone up so much over the last several years while the farmers' prices have gone down? The committee's findings will certainly be of interest to Texans.

Farm income has gone down from over \$14,000,000,000 to about \$11,000,000,000 during the last four years. That is a drop of about 17.5 per cent. During the same time income of other segments of the American economy increased by 12.5 per cent. The farmers' share of the consumer dollar went down from 47 to 40 cents.

Conings and Goings.—My mother has gone back home to Texas after visiting with us for a month.

New Coach Tells Lions He Has Fine Coaching Staff

While hedging about any definite promises about producing a football machine that would win the district and state next year, new Hamlin High School Football Coach D. C. Andrews declared he hoped to further develop a formidable grid aggregation next fall, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

The new coach, who succeeds Truman Nix, who has gone to the Wink High School, was presented by W. T. Johnson, who told he comes to Hamlin with a good record behind him at Memphis High School.

Andrews declared that he and the school officials have selected the complete coaching staff, and that already they are at work on an all-around athletic program for HHS that should produce some good teams. Assistant football coach and track coach is Jimmy Laughan, who comes from Dalt. Basketball coach is Neal Laminack, who has had championship basketball teams eight of the last nine years. He comes from New Deal, Andrews said.

Andrews further told of the summer recreation program for youths of the city.

Besides Andrews, other guests at the Tuesday luncheon included Sergeant J. H. Myers of Abilene and Tom Lowery of Denton.

Lady Bird and I and our two girls certainly enjoyed her visit and we miss her.

Attorney General Will Wilson was in Washington recently, accompanied by his charming wife and their two children, Lou and Will Jr. Young Will was wide-eyed over a visit to the FBI.

I was glad to see George Chance of Bryan, who is currently president of the National Cotton Council. Chance operates a big farm in the Brazos River Valley. He said the floods have caused him to do most of his farming from a row boat this spring.

Appropriation Bills continue to occupy much of my time. We are still making cuts in amounts requested by President Eisenhower in his budget. Prudent, careful consideration is being given to every proposed expenditure.

Chancellor Konrad Adenauer of West Germany visited Washington for the fifth time since 1935. I am always inspired by an opportunity to talk with this wise and patriotic old gentleman. He is America's loyal friend and staunch ally. He has kept freedom alive in Western Germany. He is a symbol of hope to all those who pray for the reunification of the German nation.

Texas Flood Damage will be inspected by a committee of the House of Representatives. They will find we need more flood control projects in Texas. They will find that existing projects have paid big dividends. I know the visit to Texas of these representatives, who will be accompanied by a number of newsmen, will prove beneficial to our state.

Kent Westbrook in Petroleum Fraternity

Kent Westbrook of Hamlin has been initiated into Pi Epsilon Tau, national honorary petroleum engineering fraternity at the University of Oklahoma.

Westbrook, a junior studying petroleum engineering, is the son of Mr. and Mrs. W. C. Westbrook, 44 Northwest Avenue C.

Membership in the fraternity is restricted to juniors in the upper 17 per cent of their class and seniors in the upper 25 per cent of their class. The organization is the top scholastic society in OU's school of petroleum engineering, the largest petroleum engineering school in the world.

James C. Lambdin Gets Degree at UT

James Chester Lambdin of 1933 Southeast Avenue A, Hamlin is among the 158 students of the University of Texas who received masters' degrees at June 1 commencement exercises at Austin.

Young Lambdin took a master's degree in education at the big state school.

STUDENTS RIOT—Angry charges of Red affiliation and counter charges of "propaganda from the rich," flew on the campus of Juarez Agricultural College after students wrecked some \$20,000 in property damage. This auto was the property of an instructor in the school at Juarez, Mexico. Police were powerless as 1,200 strikers held the campus as their fortress.

Installation Rites For Faith Church Officials Slated

Installation service for the new officials will feature the morning worship service of the Faith Methodist Church in the beautiful new auditorium recently completed in Northwest Hamlin, it is announced by Rev. Henry C. Adair, pastor.

The pastor will officiate when the following officials are installed with appropriate rites:

Stewards—Glen Bond, Gerald Renfro, Bill Dominey, T. W. McGuire, Mrs. D. W. Carlton, Mrs. J. W. McCrary and R. Cooley.

Trustees—B. F. Ford, E. A. Lawlis, O. C. Stice, N. C. Crowley, Glen Bond, M. Rawlins and Mrs. O. R. Criswell.

Miscellaneous Officers — Jack Bond, Sunday School superintendent; Mrs. J. W. McCrary, lay member to annual conference; Mrs. N. C. Crowley, first reserve lay member; O. C. Stice, charge lay leader; Mrs. O. R. Criswell, chairman of committee on membership and evangelism; Mildred Crowley, chairman of committee on education; Mrs. Bill Dominey, chairman of committee on missions; Gerald Renfro, chairman of committee on finance; Mrs. B. F. Ford, recording steward and church school secretary; Billie Dominey, church school treasurer; Mrs. O. C. Stice, treasurer; Mrs. T. W. McGuire, communion steward.

PERSONAL ARCHITECT.

If you would have your son be something in the world, teach him to depend on himself. Let him learn that it is by close and strenuous personal application he must rise—that he must, in short, make himself, and be the architect of his own fortune.—H. Edwards.

Rally Day Program Slated June 17 as Baptists of District Open Encampment

Rally day, set aside by Baptists of District 17 to visit Lueders Baptist Encampment grounds, take part in Bible study, hear inspirational messages and visit together, has been set for Monday, June 17.

Activities will open at 9:30 a. m. and will continue through the afternoon. Lunch and supper will be served at the cafeteria.

Dr. E. S. James, editor of The Baptist Standard, denominational publication, will be inspirational speaker. He will address the group at 11:30 a. m. and at 5:00 p. m.

Dr. Lindell Harris of Hardin-Simmons University at Abilene will hold Bible study at Abilene a. m. and again at 4:00 p. m.

Official opening of the new swimming pool, largest building project of many years, will be held at 2:00 p. m. after recreation period led by Carroll Herring of Oiden.

Morning devotional will be led by Rev. Ed Laux, pastor of Pioneer Drive Baptist Church in Abilene, and song service by Gayle Bowen.

Rev. Byron Bryant, pastor of the First Baptist Church at Breckinridge and president of Lueders Baptist Encampment, will preside for the day's activities.

Summer plans will be described by various speakers, including: Mrs. George Graham, district

VETERAN QUESTIONS

The questions and answers below about veteran problems are carried as a service to present and former service connected personnel by The Herald. Material for this column is supplied by the area office of the Veterans Administration at Lubbock.

Question.—I was totally and permanently disabled in an accident recently, and I now plan to apply to VA or a pension. In figuring my annual income, do I include the money I earned before my accident? If so, I know my yearly income will go above the maximum the law allows.

Answer.—No, you need not include the income earned before your accident. Your income will be computed on a proportionate basis, dating from the time you became totally and permanently disabled.

Q.—If a veteran dies without naming a beneficiary for his GI insurance policy, and the money is paid to his estate, how will it be paid—in one lump sum or in monthly installments?

A.—The insurance proceeds will be paid in one lump sum to his estate.

Q.—I am planning to sell my house and let the buyer assume my GI loan. In applying to VA for a release of liability, will there be any charges involved?

A.—Yes. Either you or the proposed purchaser will have to pay for a credit report on the purchaser, as well as recording the assumption agreement and release, if recording is necessary.

Q.—Is on-the-farm training allowed for young men or women eligible for an education under the war orphans' school program?

A.—No. The law limits war orphans' education to classroom studies only. Farm training would be prohibited.

ust 5 and 6; and WMU camp August 8 and 9. Youth camp has been set for August 22-25.

One of the seven state music camps will be at Lueders July 29 through August 1. V. F. Forderhase, state secretary of church music department, has announced.

TEXAS SIZE GARLIC—J. L. Parsons of Waco hold a giant size garlic plant he grew in his back yard. The stalk was 43 inches above the ground and another seven inches to the end of the root knot and the pod measures 10 inches around. Parsons said the plant might have grown some more but he spaded it up before it matured.

Twelve Students in HHS Summer School

Twelve students have been enrolled in summer classes at Hamlin High School, reported Principal B. V. Newberry this week.

Courses are being offered only for make-up of failures. Classes are being held five days a week from 8:00 till 11:00 a. m. They will continue for six week, Newberry says.

Paul Revere was born on January 1, 1735.

Attendance Drops At Sunday Schools Below 1,000 Sunday

Rainy weather, for which many of the churches have been praying for several years, kept scores of people from Sunday School last Sunday when 992 was the total attendance recorded by the 13 reporting churches. This compares with 1,206 for the preceding Sunday and 1,257 for the year ago total.

Attendance totals, by churches, for June 2, May 26 and a year ago follow:

Churches—	June 2	May 26	Year Ago
No. Cen. Baptist.....	76	77	63
Oak Gr. Col. Baptist 17.....	42	42	56
Mexican Baptist.....	41	48	53
Ch. of Nazarene.....	76	92	125
First Baptist.....	290	360	368
Sunset Baptist.....	37	44	42
Calvary Baptist.....	35	45	43
Faith Methodist.....	23	35	27
First Methodist.....	171	188	211
Church of Christ.....	128	149	147
Assembly of God.....	42	44	49
United Pentecostal.....	14	17	14
Foursquare Gospel.....	42	65	59
Totals.....	992	1206	1257

NOTICE IN ADVANCE.

Prospective Father-in-Law—"I am concerned, young man. Can you support a family?"

Bridegroom-to-Be—"Well, no sir. I was just planning to support your daughter. The rest of you will just have to shift for yourselves."

"We Were Amazed"

Says CAR LIFE, The Family Auto Magazine

We were amazed as we drove the Special four-door hardtop, to find that an automobile could be completely changed yet retain so much of its former appearance and character. The 1957 models have all the familiar, solid Buick virtues.

THE ABOVE brief clipping tells you worlds about the '57 Buick.

It tells you we went all out to make this car completely new—yet we didn't sacrifice a single Buick virtue.

So you still get that unmistakable Buick styling.

You still get that big-car room and comfort and that solid Buick quality.

But you also get so complete a change in the vitals of this car that the driving of it is a wondrous new experience.

You get a brilliant brand of performance that's different from anything else that goes on four wheels.

Words won't describe it. Telling you there's an all-new engine, an instant new Dynaflo,* a completely new power train—none of that will convey this news to you.

What you have to do is get in this car and drive it. Drive it around the block, through town, out on the highway. Actually feel what happens when you press the gas pedal, turn the steering wheel, touch those powerful new brakes.

Then—and not till then—will you know why folks call this "the dream car to drive."

The best advice we can give you, by far, is this: Ask your dealer for a trial run today.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Buzzer is standard on Roadmaster, optional at extra cost on other Series.

Exclusive With Buick SAFETY-BUZZER*
—the "built-in conscience" that buzzes when you reach the miles-per-hour you want to stay under, keeps silent when you drop below that pace.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Big Thrill's Buick—The most completely change Buick in history

the little flame that freezes...
secret of today's
most amazing refrigerator

Thirty years ago came the first "electric ice boxes" ... costly, complicated, noisy, liable to break down, wear out and glutted for current. Two Swedish chemists decided there must be a better way. And, in their Stockholm laboratory, discovered The Little Flame That Freezes. A tiny gas flame replaced all those moving parts ... makes all other refrigerators old-fashioned. No noise! Nothing to wear out! They had discovered the refrigerator that was 30 years ahead of its time! It still is!

BUY the 30-years-ahead SERVEL
GAS REFRIGERATOR
MAKES ICE WITHOUT TRAYS

Almost like magic... its sparkling ice-circles replenish themselves. Take one or a handful—there's always plenty. And there are no messy ice trays to fill, spill and forget to refill.

HAMLIN HERALD

Taxes and Schools May Be Adjusted To Fit Today's Needs, Says Babson

Total taxes for the year, including federal, state and local taxes, will amount to more than \$100,000,000 for 170,000,000 people, it is pointed out by Roger W. Babson, economist-analyst, who is a regular writer of The Herald. His release for this week continues:

There is very little possibility of relief from federal or city taxes. On the other hand, if we would really put up a fight, we should be able to keep down state and local taxes. State taxes amount to about \$80 per individual. They range from a low of about \$50 in New Jersey (where city taxes are relatively high) to a top of around \$135 in the state of Washington (where city taxes are especially low).

More than 30 states have income taxes or sales taxes, or both. The states also get a big amount from automobile taxes, with cuts on alcohol and tobacco taxes. Unfortunately, most states are careless in their expenditures because their money comes so easily.

As a result, total state debts have increased almost five-fold during the last 10 years—from about \$2,500,000,000 to more than \$11,000,000,000. Now there is a row on as to who should pay for the new schools. School costs are really the responsibility of the cities and counties, but they are being passed on to the states, which in turn are trying to hand the mover to the federal government.

It is generally agreed that

Mrs. S. D. McMahon's Sister Dies Tuesday

Funeral services for Mrs. J. C. (Ura Ella) McCarley, 88-year-old sister of Mrs. S. D. McMahon of Hamlin, were to have been held Wednesday afternoon at 3:00 o'clock at the First Baptist Church. Pastor Calvin Bailey and a Fort Worth pastor were to officiate. Burial was due in the Hamlin East Cemetery.

Mrs. McCarley, who had visited in Hamlin a number of times, died early Tuesday morning at the home of a daughter, Mrs. L. S. (Inez) Sparks in Fort Worth after a seven-week illness.

A more complete story about Mrs. McCarley will be carried in next week's Herald.

THESE WOMEN!

By d'Alessio

David Spaulding to Go to Greenland Post

Commander David L. Spaulding, whose folks live in Hamlin, as a member of the U. S. Navy, is flying on June 21 from New York to Thule, Greenland. He will represent his naval command at special summer exercises. These exercises will take place as soon as the ice melts and will continue until the ice starts freezing again. He will be in Greenland about three months. Back in the States he will be stationed at Portsmouth, Norfolk, Virginia.

Commander Spaulding is the son of Mr. and Mrs. R. L. Spaulding and brother of Rodney and Billy.

Camel hair brushes are made mostly from the hair of squirrels' tails.

That last is becoming a most important question. Good downtown parking facilities must be provided to enable retailers to continue prosperous. However, parents not only believe that the city should provide parking facilities for their automobiles but also parking facilities for their children!

I believe the present school system is luxurious and expensive because of the desire of parents for places to park their children while they are at club meetings or out working. I, therefore, forecast a complete revolution in school construction, in school maintenance, in the number of teachers required, and in the school curriculum.

IT'S THE LAW IN TEXAS

A Public Service Feature of the State Bar of Texas

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

FUTURE TENSE LAW.

You can tell a lot about people by the way they regard time.

Do they put stock mostly in the past—their record; the present—their direct job in work or play; or the future—their plans? Why not use all three dimensions of time? Past experience to guide, the present for zest, and the future to realize dreams.

Lawyers report a sharp shift in the way people regard time and the law: Of old they thought of law in terms of past facts like failures to meet legal duties, misdeeds, etc.—facts useful chiefly in law suits.

You still have to think of the record, since you may have to go to trial some time. So keep good records of your affairs.

But more and more people now also think of the law in the future tense—in terms of built-in safeguards for plans which they want to go through without legal hitches.

Our heavy income and death taxes have made people plan ahead legally rather than wait for the axe to fall.

Any time you buy or sell a home or a business or make an investment you have choices of how you may do it—some wise, some not, in view of your circumstances.

Should you do business as a sole proprietor, a partnership or corporation? Do your contracts set out ways of meeting unexpected events? How best may you serve your estate (and also carry out your wishes)—by a will or a trust or by direct gifts?

While all of these things point forward, the past in the form of court records can serve you by showing where trouble may come from.

As more and more people know the symptoms of legal trouble—where to look for legal hitches in plans before big trouble starts, there will be fewer law suits and better human relations.

And where does trouble sometimes start? Most often where you lack a clear grasp of your relationships, your rights and duties, and your own and the other fellow's resources—in transactions involving large personal or financial stakes.

SMALL PARTY.

Corrective Old Gent—"My little man, you mustn't say, 'I ain't going.' You must say, 'I am not going.' He is not going; she is not going; we are not going; they are not going!"

Little Boy—"Ain't nobody going?"

Bryant Insurance Agency
Hamlin, Texas

Over \$367,260 Is Loaned by FHA to Farmers of Area

More than \$367,260 has been loaned to farmers in Jones and Shackelford Counties during the 10 months ended April 30, 1957, by Farmers Home Administration, the agency's county supervisor, Thomas M. Nanny, announced this week.

The heaviest demand has been for credit to finance farm operations.

During the same 10-month period Farmers Home Administration extended credit in operating, emergency and real estate loans to some 18,500 Texas farmers and ranchers for a total of \$54,773,000, the agency's state director, Walter T. McKay, reported. This is an increase over the same period last year of about \$6,500,000.

"This increase is due primarily to the demand from family type farmers for credit needed to place their farming operation on an efficient basis," McKay explained. "In fact," he added, "agency records reveal that there has been a slight decline in the demand for emergency credit so far this year. Long-term credit, to develop balanced systems and make full use of resources available, has been extended to a number of operators of family type farms who previously obtained emergency loan assistance."

McKay and members of his staff are meeting this week with National Administrator Kermit Hansen to go over agency operations for next year. This meeting is preparatory to training meetings to be held for county office staffs throughout the state. The objective of these meetings will be to insure that maximum service is rendered to Texas farmers and ranchers promptly and efficiently.

HOLD EVERYTHING.

Bob—"Do you know why the man robbed the glue factory?"
Bill—"No, I don't. Why?"
Bob—"Because he was a stick-up man."

Pure gold contains 24 carats.

RESIGNED—Ken Loeffler, basketball coach at Texas A. & M. College, has resigned. The resignation is reported to be the aftermath of charges by the National Collegiate Athletic Association that the veteran coach violated recruiting rules.

Three from County Due to Be Drafted in Call for Men in July

Probably three men from Jones County will be included in the July draft call, it is estimated as quotas are being sent out. The state quota for Texas draft boards in July calls for 661 men. Colonel Morris S. Schwartz, state selective service director, said Tuesday.

The state's July call of 661 compares with a quota of 661 for June, 662 for May and 661 for April. The July call is the state's share of a national call for 13,000 men. The July quota for induction, Colonel Schwartz also announced a call for 3,000 men to take pre-induction physical and mental examinations in July.

The July quota will be filled with men who are at least 22 years old on July 1, with the exception of volunteers or delinquents, who may be younger.

There are 12 pence in an English shilling.

19 Primary Students Have Perfect Records

Nineteen pupils of the Hamlin Primary School had perfect attendance records the past school term, reports Mrs. Fred B. Smith, principal.

Going the entire term without a tardy or absence were Reginald Wells, Darnisue Sims, Guy Roy Campbell, Louise Hill, Jimmy Knabel, Jerry Priddy, Vicki Newland, Charles Joiner, Joyce Marie Fry, Juanita Williams, Michael Cavitt, Michael Rountree, Michael Smith, Judy Jenkins, Patsy Sauls, Richard Johnston, Gary Woolf, Henry Gonzales and Jerry Hill.

Like the bee, we should make our industry our amusement.—Goldsmith.

Hamlin People Go to Crow Family Reunion

Mr. and Mrs. D. D. Crow, Mr. and Mrs. Earl Crow, Mr. and Mrs. F. M. Crow and Milton, Mr. and Mrs. Charley Ward of Midland and Marjory Griffin went to Craterville, Oklahoma, Sunday to attend the fifth annual Crow family reunion. Due to bad weather only about 40 attended instead of the expected 150.

Plans were made to meet there again the first Sunday in June next year, it is announced.

BARGAIN PRICES.

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

When you see a steep downhill stretch ahead, you set the selector at "GR" (Grade Retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth it.

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.

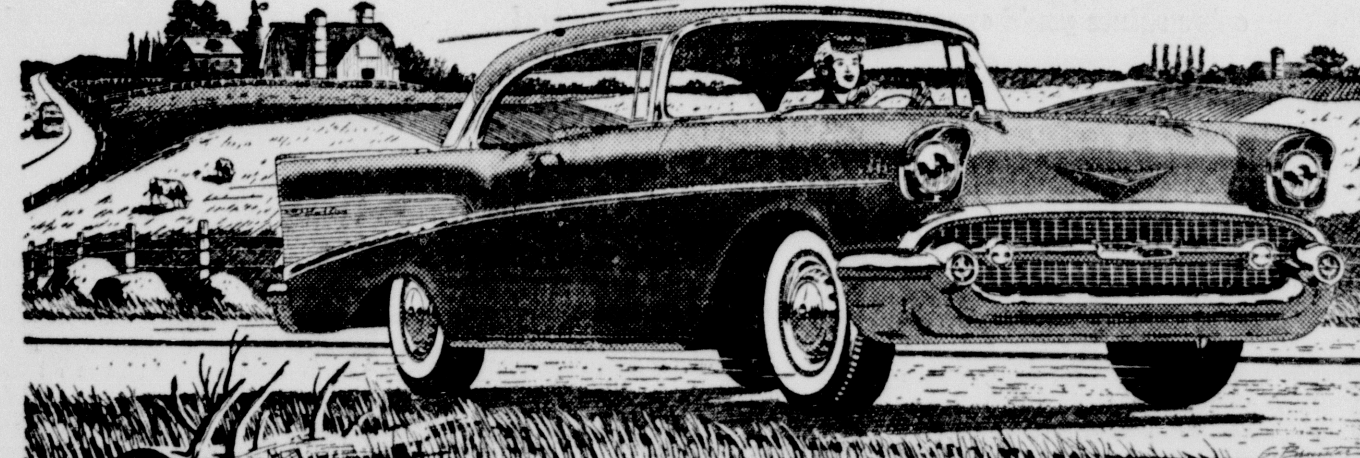

Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

Moves out in a single sweep of motion

Santa Fe Section Wheat May Reach 31,000,000 Bushels

A wheat crop of 31,000,000 bushels in Texas could be harvested this year with a break from the weather, declares the monthly crop condition report issued for Texas for June 1 by the Santa Fe Railway general offices in Amarillo, in a release to The Herald.

Spring work in Texas has dragged further behind schedule as showers and torrential downpours continued over a large part of the state, in many cases for as long as five consecutive weeks. Turbulent weather, in all except the High Plains counties, has resulted in considerable washing out of planted acreage and necessitated replanting again. In contrast with this extreme, on the southern High Plains cotton farmers have been waiting for the soil to warm up to get into the fields to plant sorghums and their allotted acreage of cotton. Ample moisture is generally available to get the dry land crop off in a good start.

Throughout the High Plains irrigated area and on the early dry land wheat, excellent yields seem to be in prospect. In the low Rolling Plains and eastward across North Texas where fields have not been flooded, wheat prospects are very good. Growth is rank in North Texas, and plants are very susceptible to lodging with open weather now until harvest needed to mature the crop.

He is not born for glory who knows not the value of time.—Vauvenargues.

The American continents were named after Americus Vesputius, a map maker.

HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Albert Stremmel, of Sagerton, medical, May 28; Mrs. Willie Schubert of Longworth, medical, May 28; Mrs. Albert Cork, ob., May 28; Cecil Sellers Jr., medical, May 28; Mrs. Everett Gibson, medical, May 29; E. S. Williams of Sylvester, May 29; Mrs. W. L. Burk of McCauley, medical, May 30; Mrs. J. F. Dugan of Anson, medical, May 28; Mrs. J. W. Patterson, medical, May 30; Mrs. Bruce Meador of Peacock, medical, May 30; Joe Orona Jr., medical, May 30; John T. Pope, surgical, May 30; Fay Dean, medical, May 31; Ross Gruben of McCauley, medical, May 31; Tommy Jene Wilson of Snyder, medical, May 31; B. O.

Hawkins of Aspermont, surgical, May 31; Rev. Woodrow McHugh, medical, May 31; Mrs. V. R. Bond, medical, May 31; Mrs. L. B. Means of Swenson, medical, June 1; Mrs. J. B. Seifres, medical, June 1.

Patients Dismissed—Mrs. James Carter, May 26; Mrs. W. N. Driskell, May 26; Mrs. Billy Jo Jordan, May 27; Mrs. J. D. Rodgers, May 27; Mrs. H. Kellerman, May 27; Tom Simmons, May 29; Mrs. Eddie Blackwell, May 29; Mrs. Arnold Johnson, May 29; Mrs. D. L. Carmen of Aspermont, May 30; Mrs. Roy Roquemore, May 30; Mrs. Bell Knox, May 30; Dorma Jane Stapler, May 30; Mrs. Albert Cork, May 30; Cecil Sellers Jr., May 30; Joe Orona Jr., May 31; Mrs. J. F. Bobeen, May 31; Albert Stremmel, May 31; Mrs. Willie Alis, June 1; Rev. Woodrow McHugh, June 1; Mrs. Willie Schubert, June 1; Tommy Jene Wilson of Snyder, June 2.

THAT'S DIFFERENT.

A certain woman with a reputation as a "man hater" announced suddenly she was to be married. "Goodness gracious!" exclaimed a friend. "I thought you despised all men." "Oh, I do," replied the bride-to-be calmly, "but this man asked me to marry him."

People of Section Making Plans for Cowboy Reunion

Already people of the Hamlin territory are making plans to include the annual Texas Cowboy Reunion at Stamford in their summer schedule.

A giant parade at 11:00 a. m. on July 2 will open the twenty-seventh annual show this year, with a matinee performance in the afternoon. Night performances will be held on July 2, 3 and 4 with hundreds of cowboys and cowgirls who will participate in the parade and rodeo events.

Directors and chairmen of the annual affair are predicting this year will be one of the best shows ever, according to W. G. Swenson, who has been the president ever since the beginning in 1930. Over 500 contestants entered last year's shows.

Mrs. Jack Mills, wife of the vice president and general manager of Rule-Jayton Cotton Oil Company, will be hostess to the visiting cowgirl sponsors this year, and Judy Metz, daughter of Dr. and Mrs. L. F. Metz, will be the Stamford sponsor. Judy is a junior at the University of Texas, where she is a member of Kappa Kappa Gamma Sorority and is actively associated with the university rodeo organization.

Homer Merriott, principal of one of the Stamford schools and father of three daughters who are excellent riders, will be sponsor chairman. Ryland Gleaton is chairman for the sponsors' ball, to be held on the night of July 2.

STILL A MAN OF TASTE.

The successful actor had been on a treadmill schedule, dashing between engagements, and decided to catch a quick meal in one of those hole-in-the-wall restaurants.

He was horrified to recognize the waiter as a former colleague who had appeared with him in several first class plays in the past.

"Great Scott!" he gasped. "You—a waiter in this place!"

The waiter drew himself up with dignity.

"Yes," he replied, "but I don't eat here."

DISCRIMINATION.

"I hear you have broken your engagement to Joe because your feelings toward him aren't the same. Are you going to return his ring?"

"Oh, no. My feelings toward the ring are the same as ever."

Unusual harem headline is starting feature of this romantic afternoon dress by a young Australian designer. The beautiful paisley print is an Everglaze cotton satin.

Earl Smith Attends School for Bankers

Earl E. Smith, vice president of the Farmers & Merchants National Bank at Hamlin, left Sunday for Baton Rouge, Louisiana, where he is attending the School of Banking of the South at the State University of Louisiana.

Smith, who has been with the local bank for about 12 years, is taking refresher courses in various phases of modern banking.

HAD HIM STYMIED.

A little boy was visiting in the home of a friend, and when he made no attempt to eat his boiled egg in a duck-shaped egg cup, he was asked:

"Don't you like eggs, Gordie?"

"Yes," he said, "I like eggs, but I don't know how to eat this one. Eggs are always flat ones!"

Cotton Quiz

WHERE DID GINGHAM GET ITS NAME?

ORIGINALLY IT WAS "GING GONG," A CLOTH OF CHECKS AND STRIPES WOVEN FROM YARN DYED COTTON BY NATIVES OF MAYLAVA & JAVA.

Father of Dr. Smith Accumbs at Vernon

Alexander Smith, 68-year-old father of Dr. M. L. Smith of the staff at Hamlin Memorial Hospital, died Monday morning at Vernon following a heart attack suffered earlier in the day.

The elder Smith was editor of The Vernon Daily Record.

Details of the funeral could not be ascertained by The Herald at press time.

VISITS IN CALIFORNIA.

The Herald is in receipt of a picture postcard from Paul Bryan, long-time Hamlin lumber yard owner, mailed at San Mateo, California. Paul is visiting a brother at San Mateo and otherwise seeing the sights of the West Coast.

Constantinople was once known as Byzantium.

The tip of South America is farther south than the tip of South Africa.

PRINTING OF QUALITY

Get in the fine-car swim at the low Ford price!

America's favorite convertible line of 21 Ford models for 1937

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

But stop inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contour-seated over non-sag springs.

extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff! Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "Vincor" for that. Ford, for instance, has

a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford. Yes sir! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!

IS FEDERAL BUDGET GETTING OUT OF CONTROL?

Costs of government have mounted by leaps and bounds in recent years. These mounting costs have become of concern to millions of people—even folks right here in the Hamlin section are talking about them. Our people should be concerned. They should be interested in possible solutions for the problem, because, after all, we are the government.

Herbert Hoover has said, "Our federal budgeting and accounting is not adapted to today's enormous expenditures. Two things have resulted. No one can tell what the actual expenditures of the government really are. And for this reason, and the continuing appropriations, Congress has lost control of the purse—the very foundation of free men."

A news letter published by the Guaranty Trust Company of New York goes into this matter in some detail, under the title "Is the Budget Out of Control?" The answer to that question apparently is at least a qualified yes. The reason lies largely in the method by which each annual budget is prepared. It is a method that might be fairly workable in a smaller and simpler enterprise than the U. S. government. But it is a method that is something very different when applied to a government that has more than 100 departments and agencies, employs more than 2,360,000 civilians, and spends around \$70,000,000,000 a year.

The executive branch of the government prepares a budget and then submits it to the

Congress. So far so good. But the trouble, in the news letter's words, is that "... the executive budget is a vast aggregate of specific requests by many officials, most of whom are enthusiastic believers in the functions and programs which they respectively administer." Human nature being what it is, practically all of these officials want to do things on an ever-expanding scale. Thus, to quote the news letters again, "This constant pressure for higher rather than lower expenditure can be effectively resisted by the president only insofar as he is prepared to act against the recommendations of his own agents and is equipped to do so intelligently by intimate knowledge of the agents' operations." Inasmuch as these operations cover almost every activity known to modern man, it is obvious that neither the president nor the experts in the budget bureau are in a position to do this effectively.

Congress is in even a worse position. It does not have specialized staffs for guidance and suggestion. It votes for or against bills as they come along, on a piece-meal basis—not as part of a cohesive over-all program. Then, to further complicate matters, and to further impair control of the budget, Congress has adopted the habit of approving major spending programs covering periods of years. Thus, each year the money the government spends includes a large proportion of "carry-over" funds voted in past sessions.

Toward Free Agriculture

If any material cuts in government spending are to be made, and if there is to be any hope of eventual lowering of taxes within a balanced budget, every category of appropriation must be pared. The only exceptions to the fixed costs, such as interest and basic national defense requirement.

This means that the burden of agricultural subsidies must be reduced. Farmers cannot hope or expect to be immune from the effects of a demand economy that is gaining momentum throughout the nation.

If that happens, and if agriculture moves toward becoming a free enterprise in a supply-and-demand economy, the good results will not be limited to money saving. The principal benefits will be found in greater liberty and freedom of action for the farmer—both of which are severely and dangerously limited when government pays the bills and calls the tune.

Over the years, the producers of non-supported crops have actually had the happiest experience. Livestock, which moves in a free market, is a fine example. These producers, of course, have had many problems, and they have seen bad times along with the good. But their products have gone to consumption, not into storage. They can take their own plans and regulate their own destinies without following a rule-book written by bureaucrats. They have a day-in, day-out cash market always available, and it is a free and firm market, without arbitrary, man-made controls.

We do a lot of kicking about taxes, but let us not forget that a rise in taxes is caused not just by the governmental spending for projects advocated by the "other fellow," but also by the spending necessitated by the projects we ourselves advocated.—Baltimore Daily Record.

There's much ado being made about whether kings, dictators, commissars and the like from across the seas should be invited to our country and how they should be treated if they do come on invitation or otherwise. Did how can we sell if we don't show the product? The more people that see with their own eyes the incredible and unsurpassed achievements of a free people working under a free competitive system, the better it will be for us.—Hartland, Wisconsin, Reporter.

How Students Pay Tuition

At this time of year scores of Hamlin area young people are contemplating attending college or university for the first time next fall. Probably many of them feel stymied by the problem of paying the costs of a higher education.

Most college under-graduates receive about half of their expenses from the current income of their parents, according to a recent survey. All in all 15,000 college students in over 100 colleges where expenses average \$1,600 a year were questioned. About 11,000 of this group receive an average of \$840 from their parents.

Two-thirds of the men and half the women earn an average of \$890 each year (including summers). Four out of 10 students get an average of \$765 from long term savings.

More than one-fifth get some form of scholarship. The average is about \$430 for men, \$260 for women.

Of the 15,000 under-graduates, only some 1,100 borrowed money. Fewer than 1,000 received veteran benefits.

Editorial of the Week

JUSTICE BY MACHINE?

With a spectacular and significant congressional investigation under full steam, the matter of the lie detector again steps onto the stage.

It can be an aid to justice. But it also risks being swept up into popular mythology and made a betrayer of justice.

The magazine Newsweek quotes J. Edgar Hoover saying:

"The name is a complete misnomer. The machine used is not the lie detector. ... The person who operates the machine is the lie detector by reason of his interpretation."

Add to that the fact that such machines register only human agitations. Over the matter under inquiry? Over some other matter acutely embarrassing but not incriminating? Over the anxiety of a sensitive, conscientious, innocent person lest he tell something other than the truth or harm someone? Compared to such a one the hardened criminal has an advantage.

To repeat: The lie detector machine, expertly interpreted, can be an aid to justice. But it is not a substitute for the procedures and safeguards which have evolved out of the often bitter experiences of free peoples.—The Christian Science Monitor.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

TWENTY YEARS AGO.

Among news items of interest in the Hamlin community 20 years ago were the following, reprinted from the issue of The Hamlin Herald dated June 18, 1937:

Committees from Hamlin, McCaulley, Sylvester and Sweetwater will be in Austin Monday in the interest of a highway from Hamlin, through McCaulley and Sylvester, to Sweetwater. They will appear before the Texas Highway Commission.

New officers were elected for the coming year by members of Hamlin Masonic Lodge, A. F. & A. M., at a recent meeting. They are: J. O. Hopper, worshipful master; R. B. Morgan, senior warden; Ira Clements, junior warden; J. W. Ezell, treasurer; W. E. Benson, secretary; V. V. Anderson, tiler.

Mr. and Mrs. Curtis Martin and daughter, Marian, left this week for Waco, where Martin is taking a course on the treatment of poultry. Mr. and Mrs. Martin have just closed a successful season with their big hatchery at Hamlin.

Dr. and Mrs. L. S. Magee and daughter, Kathryn, spent last week at Harlingen. They went into Mexico on a visit.

Mr. and Mrs. M. J. Grayson and son, Haywood, of Wichita Falls spent Sunday with Mr. and Mrs. W. B. Cotten.

TEN YEARS AGO.

Reviewing the past, The Herald reproduces the following items of interest in the community 10 years ago, taken from the issue of The Herald dated June 20, 1947:

More than 250 carloads of wheat from the crop in the Hamlin territory has been shipped out of the local freight yards, a check-up by The Herald reveals. Price has averaged \$1.90 per bushel.

Bowen Pope and O. D. Roland are representing the Hamlin Rotary Club at the international convention this week at San Francisco, California. They were accompanied to the West Coast by their wives.

Restrictions have been placed on use of water in the city of Hamlin because of processing and storage facilities that are being taxed, according to Mayor Holly Toler.

Light voting was recorded in the Hamlin Independent School District Tuesday when a \$60,000 bond issue was passed by a 54 to 5 vote. The bond money will provide funds for completing of the two new school buildings, the elementary and junior high school structures.

The new Hammond electric organ, which has been on order for several months, was received and installed Thursday by the First Baptist Church.

FIVE YEARS AGO.

Goings-on in the Hamlin community five years ago included the following, reproduced from the issue of The Hamlin Herald dated June 20, 1952:

Forty-one young people from the Hamlin community are participating in the summer swim program being promoted at the Anson municipal swimming pool.

Permit has been granted by the Dallas office of the National Production Authority to the West Texas Utilities Company to construct a \$4,375,000 steam generating electric plant at Paint Creek Lake that will supplement facilities of WTU for generating electricity for the Central West Texas area served by the company.

Firshing to the new Carmichael building at the corner of Southwest Third Street and Avenue A are being applied this week, and the Hamlin post office will move into the structure next week, it is announced by Perry Sparks, postmaster.

ONE YEAR AGO.

As we recall other years in the Hamlin territory, we reprint the following items of interest taken from the issue of The Herald dated June 21, 1956:

A petition signed by merchants and others of the city has been presented to the City Council asking that the parking meters be removed temporarily from Hamlin streets. Stamford recently has removed the meters.

C. Austin Siburt is the new minister of the Hamlin Church of Christ. He comes here from Henderson, in East Texas. He succeeds E. M. Borden Jr., who went to the Wheeler Church of Christ nearly a year ago.

Rebecca Ann Ferguson, daughter of Mrs. Thomas Ferguson, has been named Stamford Reunion rodeo sponsor from Hamlin.

Big Arrival of Summer Livestock on Market Fails to Sag Prices Materially

The arrival of more than 11,000 cattle and calves at Fort Worth Monday signaled the start of the summer shipping season, which has been hampered by rain, mud and flood in recent weeks. The big movement followed the first few days of dry weather following the record breaking rains of April and May, declares Ted Gouldy, special market reporter for The Herald, in his weekly release. He continues:

For the record it was the largest offering in four years and approached the numbers recorded October 21, 1946, before the day was over.

Grass cattle prices weakened under the impact but strong stocker and feeder demand held the price break to relatively minor proportions. Grain fed steers, yearlings and heifers held steady. Bulls sold 25 cents lower. Cows, slaughter calves and plain to medium grade stockers were around 30 cents lower. Grasser yearlings and heifers shared the 50-cent decline. Good or choice quality stockers and feeders held firm.

Good and choice steers and yearlings bulked at \$19.50 to \$23 with a few individual steers to \$25. Plain and medium butcher sorts bulked at \$12 to \$18.50. Fat cows drew \$12.50 to \$15.50, and some heiferish cows reached \$16 and were consigned by C. T. White of Brady, who also had some young fat dry females at \$16.75 that weighed around 1,050.

Canners and cutters drew \$8.50 to \$12.50. Bulls ruled at \$11 to \$15.50. Good and choice slaughter calves cashed at \$19 to \$21.50, a few to the butcher trade to \$22. Common and medium offerings drew \$13 to \$18.50, while culls bulked at \$10 to \$13. Good and choice stocker steer calves cashed at \$19 to \$23, and stocker steer yearlings bulked at \$21.50 down. Feeder yearling heifers sold from \$19.50 down, and stocker heifer calves ranged from \$20.50 downward. A few replacement cows sold from \$10 to \$14.

The seasonal improvement of hog prices continued as Corn Belt offerings were of moderate proportions on Monday. The top at Fort Worth was \$20.50 and \$20.75, and swine at the higher figure established a new high for 1957, and were at the best level since June, 1955.

Last week, and during January this year, the top reached \$20.50

Good Participation in Summer Recreation At School Reported

Good participation in the summer recreation program started last Thursday at the new Hamlin High School gymnasium by boys and girls of the community is reported by D. C. Andrews, new head coach at HHS, who is directing the activities.

Boys and girls from next year's sixth grade through high school are participating in the morning sessions of games, which begin at 9:00 a. m. and continue through 12:00 noon, Monday through Friday.

Recreation consists for volleyball, basketball, tennis, ping-pong and shuffle board.

The summer recreation program, a new project of the Hamlin High School, is designed to provide supervised recreation for boys and girls of the community during the vacation period.

It is not too late for students of the district to enroll in the play periods, Andrews points out.

FASTER GET-AWAY.

The safety engineer went over the plant carefully. "Any suggestions?" inquired the owner.

"Mr. Rawlins," the expert said, "yours is the safest plant I've ever seen. But I'd like to suggest that you make one little change—bank that curve near the time clock!"

Foundations Being Run on Church Unit

Foundations for the new \$60,000 educational building addition to the First Baptist Church were being run over the week-end by workmen of the Stone Construction Company of Colorado City, general contractor on the project. Although rainy weather hampered the initial work on the edifice, good progress has been made since the weather cleared.

The contractor has 210 working days in which to complete the two-story 70x44-foot structure, but he still contends that he will complete it in less time, barring unforeseen difficulties.

PRICE OF SANDWICH.

Judge—"Why did you steal that fifty thousand dollars?"

Accused—"Your honor, I was hungry."

PROPER PUSH.

"The flustered wife of a government bigwig had been invited to do the honors at the launching of a new battleship. As she was handed the customary bottle she glanced around apprehensively and then whispered to the nearest admiral:

"How hard do I have to hit it to knock it into the water?"

JUST MADE IT.

Old Timer—"My father was quite a politician in his day." Visitor—"What did he run for?" Old Timer—"The state line."

DESENSITIZE THAT ITCH! JUST 15 MINUTES

If not pleased, your 40c back at any drug counter. Instant drying ITCH-ME-NOT deadens itch in minutes; kills germs on contact. Use day or night for eczema, insect bites, foot itch, other surface rashes. Now at Howard City Drug.

Renewed Interest Being Shown in Proposed Reservoirs on Brazos River

(concluded from page one)

development on its tributaries as on the main stream, according to a review of projects in various stages of planning just completed by the staff of the Brazos River Authority. But, although many fine dam sites are on the river's tributaries, locations of major conservation projects naturally are along the main stream, it is noted by Herbert S. Hilburn of Plainview, the authority's president.

"The Brazos River Authority's aim," Hilburn said, "is to administer the waters of its whole river basin as a unit and for the best advantage of all the people, municipalities, industries, farms, pow-

er and recreation—all of them should get their proper consideration."

The Brazos River Authority conducts a continuing study along the main stream and also along the tributaries to carry out its legal duty to conserve the river's storm, flood and unappropriated waters. Engineers have been exploring the best ways to build dams to serve the people along the big Brazos as well as along the rivers and the lesser streams that feed into it.

Besides the three great dams already in existence on the Brazos—Possum Kingdom, Whitney and Belton—many small reservoirs serve municipalities and industry. The long range development plan of the Brazos River calls for 14 new reservoirs on the tributaries and seven projects on the main stream. (Enlargement of Possum Kingdom is one of these.)

"Some of these 21 dams the authority hopes to build," Hilburn said. "Some, under federal law, the U. S. Corps of Engineers will erect as flood control or multiple-purpose projects. Where it is feasible, the authority will buy conservation storage in these. Local entities that seek to build reservoirs, if they are economically feasible and the water will be put to beneficial use, will receive the authority's active help. We have already aided in development of reservoirs for Albany, Breckenridge, Eastland, Ranger, Anson, Throckmorton and elsewhere.

"The authority is prepared to cooperate with any agency—federal, state or local—which has a sound project to conserve water. All these projects, large and small, must be knit into one over-all pattern for fullest development of the river's potential."

The 21 potential dam locations are: Seymour (two), Nugent, Breckenridge, South Bend, Possum Kingdom height increase, Turkey Creek, Inspiration Point, Hightower, DeCordova Bend, Bee Mountain, Waco, Proctor, Lampasas, San Gabriel (two), Laneport, Ferguson, Navasota, Somerville and Allen's Creek. In some cases, it was observed, building of a dam at one site might make another location unnecessary or impractical.

"A project, first of all, must be judged economically feasible," Hilburn said. "Then it must be financed. Such financing depends on firm contracts with either water users or power users, or both. When financing can be arranged for any specific project, the Brazos River Authority will undertake to build the dam or help another agency to do so."

SWIMMING POOL

(concluded from page one)

and officers wish to thank each and every citizen for their continued effort and for the fine care they have extended toward this swimming pool.

Especially does the entire board wish to thank the following people and firms for their fine cooperation in the rebuilding of the filter system this year: Midwest Cooperative Oil Mill for its wonderful cooperation and help; Bill Rountree, city superintendent, for his cooperation and information in rebuilding of the filter plant and opening of its operation; E. F. Fairley for his time and expense donated to the supervision of the rebuilding of the filter plant and remodeling of the ladies' dressing rooms; Pritchard Trucking & Gravel Company for picking up of the old gravel from the filter plant and scattering it in the low places in the parking area; Hamlin Band & Gravel Compny for the filter gravel donated for the filter plant; Hamlin Machine & Welding Service for pipe and pipe parts donated.

Sale of advertising signs to be placed along the fence at the pool is being conducted, proceeds from which will be used to maintain and pay our part of the operation costs of the pool.

B. V. Newberry, Hamlin High School principal, is operating the pool under a lease agreement with the foundation.

MAYBE BASHFUL.

Landlady—"That new boarder is either a married man or a widower."

Daughter—"Why, ma, he says he's a bachelor."

Landlady—"Well, I don't believe it. When he opens his pocketbook to pay his board he always turns it back to me."

TWIRLING TEACHER—Yvonne Caldwell, McMurry College senior from Baird, will be one of 10 baton twirling instructors on the staff of McMurry's ninth annual summer band and twirling school in Abilene. Several from Hamlin have signed up for the school.

General Information and Time Table For Cotton Presented by County Agent

Here is a handy table giving some general information on cotton which farmers of the area may want to clip out and save, according to Bill Lehmborg, county agent.

1. Time to come up—Average seven to 10 days; range, seven to 30 days.
2. Appearance of third leaf (first true leaf)—Eight days after emergence.
3. Appearance of fourth leaf (second true leaf)—Nine days after emergence.
4. Emergence to square—Thirty-five to 40 days.
5. Square to white bloom—Twenty to 25 days.
6. Bloom to open ball—Fifty to 65 days.
7. Ball full grown—20 to 25 days after bloom.
8. Should be ready to harvest in 160 days (25 per cent open in 130 days).
9. Number of seed in one bushel of average seed—120,000.
10. Most effective fruiting period is from June 20 to August 1.
11. Approximately 35 to 40 per cent of blooms make bolls.
12. August 20 is generally the last date for effective setting of fruit in normal year.
13. Boll period ranges from 45 to 65 days.
14. Fiber length laid down first 25 to 30 days.
15. Critical period in length of fiber is 16 to 20 days after blooming.
16. Strength of fiber is built up in second 25 to 30 days of boll development.
17. Moisture is the limiting factor in determining length of lint in a given variety.
18. Ninety is the average number of days to blooming peak.
19. Thirty-five is average number of days from first bloom to peak of blooming.
20. Forty is average number of days from first bloom to shed peak.
21. Average per cent of blooms per plant is 40 to 45.

UNANSWERABLE LOGIC.

"I don't like to criticize," said the English visitor, "but I do think our way of answering the telephone is better than yours."

"Oh? What do you say that's so much better?"

English Visitor—"Well, instead of saying, 'Hello,' we say, 'Are you there?' Then, of course, if you're not there, there's no use going on with the conversation."

Soil Building Guar May Be Planted in Area through July

Bountiful drouth-breaking rains have resulted in unfavorable conditions for the timely planting of spring and early summer crops, and many farmers are running far behind schedule compared to the normal plan of operations.

The wide and extensive range of planting season for guar will be of particular interest to farmers in Texas where, for many crops, planting deadlines are advancing rapidly and, in instances, have already passed. Guar, a soil conditioning summer legume, can be planted throughout June and the forepart of July as a combination soil improving and cash crop offering substantial returns to the grower.

Guar is strictly a hot weather crop and thrives when moisture is available for growth. The 1957 summer season promises excellent performance in the Hamlin section, and apparent assurance of crop production even on lands following winter crops of small grains.

Seed is in plentiful supply from wholesale seed houses and available through retail seed dealers. Plant guar like milo or begari, but at only five to six pounds per acre, and cultivate to keep fields clean. It harvests readily with standard combines.

Coach Neil Laminack Moving to Hamlin

Second member of the coaching staff of Hamlin High School to move to his new home town this week is Neil Laminack, who comes from New Deal. He and his wife and three children were taking up their residence first of the week.

Head Coach D. C. Andrews and wife and three-year-old daughter moved two weeks ago from Memphis.

Due to move to Hamlin probably next week is Jimmy Vaughan, who will come from Dalhart. He and his wife have no children.

Vaughn will be assistant football coach, and Laminack will be basketball coach and assist with other sports.

ROUGH ASSIGNMENT.

The choir was learning a new hymn.

"Now, don't forget," said the choirmaster, "wait until the tenors reach 'The Gates of Hell,' then you all come in."

Ruby Fay Campbell Becomes Bride of Bobby Wayne Seifres in Sunday Rites

Ruby Fay Campbell and Bobby Wayne Seifres repeated wedding vows that made them man and wife Sunday afternoon at 2:00 o'clock at the North Central Avenue Baptist Church. Officiating for the double ring rituals was Rev. Woodrow McHugh, pastor of the church.

Mr. and Mrs. George E. Campbell are parents of the bride, and Mrs. Eula Seifres is mother of young Seifres.

Maid-of-honor was Minna Mae Campbell, sister of the bride. Bridesmaids were Freddie Lou

Rogers of Carlsbad, New Mexico, and Mrs. George Stark of Fort Worth. Flower girl was Nancy Marie Milsap of Abilene.

Best man was Kenneth Seifres of Hamlin, brother of the bridegroom. Ushers were Alvin Stewart, cousin of the bride, of Petty and Joe Dominey of Fort Worth.

Candle-lighters were George Stovall of Hamlin, cousin of the bridegroom, and Beth Christian. Groomsmen were Audrey Neagle and J. P. Miller, both of Hamlin.

Given in marriage by her father, the bride wore a formal length gown of chantilly lace and tulle over white satin fashioned with a sweetheart neckline on a lace bodice. The skirt was of tulle ruffles atop with scalloped lace. Her extended finger-tip illusion veil was held by a headband of lace centered with iridescents. She carried a white orchid atop a white Bible.

The maid-of-honor was dressed in a pink sheer dress with a bateau neckline with white schiffli embroidery. Her bouquet was of white gladioli.

Dress of the flower girl was of white nylon net with neck of lace and the skirt scalloped with exquisite lace circling the skirt. She carried a basket of pastel rose petals.

Two large baskets of white gladioli were placed on each side of the altar, flanked by candelabra with white tapers backed with palms.

Music for the wedding was played by Mrs. Willard Jones. Ray Bingham of Fort Worth sang "I Love You Truly" and "The Lord's Prayer."

The bride is a 1957 graduate of Hamlin High School, where she was active in school functions. Young Seifres is employed at the Hamlin plant of the Celotex Corporation.

Following the Donham-Carter wedding recently a reception was given to ceremony attendants at the home of the bride's parents.

Glenda Williams, cousin of the bride, served punch. The table was laid with a white linen cloth and the appointments were crystal. Centering the table was a low bowl of white flowers.

Following a brief wedding trip the newlyweds are at home at 244 Southwest Fourth Street in Hamlin.

AFTER A HONEYMOON to points in New Mexico, Mr. and Mrs. Bobby Wayne Seifres will be at home in Hamlin this week-end. Mrs. Seifres (above) was Ruby Fay Campbell before her marriage Sunday afternoon. She is the daughter of Mr. and Mrs. George E. Campbell, and graduated last month from Hamlin High School.

Sue McCrary Weds Hubert M. Drake Jr. In Church Ceremony

Sue McCrary became the bride of Hubert McKinley Drake Jr. in a double ring wedding ceremony Friday morning at 10:00 o'clock at the Faith Methodist Church. Officiating for the rites was the pastor, Rev. Henry C. Adair.

The altar was decorated with pink carnations flanked by pink tapers in tall candelabra.

Attendants for the principals were the bride's parents, Dr. and Mrs. J. W. McCrary. Young Drake is the son of Mrs. H. M. Drake of Midland.

Mrs. McCrary played organ music before the ceremony. Only relatives and close friends of the couple were present for the rites.

Mrs. Drake attended Hamlin High School and Draughton's Business College in Fort Worth. She has recently been employed by American Trading and Production Company in the Abilene office. Young Drake is employed in the land office of the same firm.

Following the wedding the newlyweds left for a honeymoon to East Texas. They will be at home in Abilene.

Following the ceremony a reception for wedding party was held in the McCrary home on West Lake Drive. Ella Temple assisted with the affair.

Keep Milk Cold Is Advice of Experts

A reminder from dairy scientists to those who have trouble with milk curdling is to take it from your grocery sack as soon as possible and place it in the refrigerator.

With warmer weather and sunny days upon us, the effects of higher temperatures and light tend to impair the good flavor and vitamin content of milk.

VISIT FROM GEORGIA.

Mr. and Mrs. Lefler Bruner of Columbus, Georgia, are visiting this week in the home of his mother, Mrs. Mattie Bruner.

Philadelphia, Pennsylvania, was chartered as a city in 1701.

Immediately and store at zero temperature or below.

For more information on freezing foods, call on your home demonstration agent for Bulletin B-175, "Frozen Foods: How to Freeze and How to Cook."

TO BE MARRIED IN JULY to Charles Ray Absher is Faith Simpson (above), daughter of Mr. and Mrs. Joe A. Simpson of Hamlin. Young Absher is the son of Mr. and Mrs. W. E. Absher of Mart. Both have been students at Baylor University in Waco, where the romance bloomed. The wedding will take place at the Hamlin First Baptist Church.

Faith Simpson and Charles Ray Absher Of Mart to Marry

Mr. and Mrs. Joe A. Simpson are announcing the engagement and forthcoming marriage of their daughter, Faith, to Charles Ray Absher, son of Mr. and Mrs. W. E. Absher of Mart.

The wedding will be solemnized early in July at the First Baptist Church. Rev. Calvin Bailey, pastor, will officiate.

The bride-elect is a 1954 graduate of Hamlin High School. She is now a senior elementary education major at Baylor University at Waco. Before entering Baylor she attended McMurry College where she was a member of the Chanters and Gamma Sigma social club.

The future bridegroom is a 1945 graduate of Mart High School. He also attended Baylor University three years before entering the U. S. Army in April.

Miss Simpson has chosen her sister, Carol Jo, as maid-of-honor. Her bridesmaids will be Angela Malouf, Ann Holt, Marisue Daniel of Hamlin, Ruth Walker and Sue Patrick of Mart.

Katherine Donham And Milton Carter Say Wedding Vows

Double wedding rites performed Saturday evening, June 8, in the home of the bride's parents, Mr. and Mrs. Dewey D. Donham, united Katherine Donham and Milton Carter. Parents of the bridegroom are Mr. and Mrs. Glenn Carter, also of Hamlin.

Rev. Bill Hanna, pastor of the Church of the Nazarene, officiated for the rituals, repeated beneath an archway of greenery with baskets of white gladioli on each side.

Given in marriage by her father, the bride wore a street length princess dress of white imported linen, accented with lace. Her flowers were a capulet of white lace flowers and leaves, and she carried a white Bible covered with French carnations and centered with sweetheart roses.

Matron-of-honor was Mrs. Robert Rhoton Jr. of Snyder. She wore a flared skirted dress of polished cotton satin. Her accessories were white and her corsage was of white carnations.

Reception Follows Campbell-Seifres Wedding Sunday

Immediately following the marriage rites for Ruby Fay Campbell and Bobby Seifres Sunday afternoon a reception was given for attendants was held at the church annex.

Mary Lou Ellison served the flared wedding cake. Glenna Putnam ladled the punch. Irene Putnam registered the guests.

Others in the house party were Mrs. J. B. Seifres and Mrs. Willie Ellis.

Following the reception the newlyweds left for a wedding trip to Carlsbad, New Mexico. For traveling the bride wore a part silk linen dress of peacock blue with a bateau neckline with white accessories.

They will be at home at 236 Southwest Fourth Street.

"New Tablet Relieves Painful Monthly Cramps -- Brought Me Greater Relief Than Aspirin!"

"Couldn't sleep, was all on edge," adds Mrs. H. Y. Russell, Ky. "But new Pinkham's Tablets gave me soothing relief the very first day!"

For millions who suffer torture of cramps and nervous tension every month, an amazing new tablet has been developed that brings greater relief than aspirin!

Relief for 3 out of 4 Tested! For 3 out of 4 women tested by doctors, pains and cramps were stopped or strikingly relieved. This new discovery offers more relief than aspirin because it contains not just 1 or 2 ingredients but a unique combination of medicines that act on the cause of distress.

Called "Lydia Pinkham's Tablets," they're at all drugstores without prescription. Try Pinkham's Tablets! See if you don't escape much irritability, discomfort—both before and during your period! (Also Liquid Lydia Pinkham's Vegetable Compound.)

Reception Follows Donham-Carter Rites

Following the Donham-Carter wedding recently a reception was given to ceremony attendants at the home of the bride's parents.

Glenda Williams, cousin of the bride, served punch. The table was laid with a white linen cloth and the appointments were crystal. Centering the table was a low bowl of white flowers.

Following a brief wedding trip the newlyweds are at home at 244 Southwest Fourth Street in Hamlin.

County Home Demonstration Agent Gives Pointers on Vegetable Freezing

Gardens are really growing in Jones County after the abundant spring rains, observes Mary Y. Newberry, county home demonstration agent. One vegetable that seems to be making very good growth at this time is beans.

Many homemakers are preserving beans by canning or freezing, and these will taste mighty good next winter. One of the easiest ways of preserving beans is to freeze them, and it takes very little time. If instructions are followed, you will have a good finished product.

For snap beans, select only fresh, tender, young beans. Wash, cut or snap off the tips and sort for size. Freeze small beans whole if desired. Cut or break larger beans into one or two-inch pieces. Put beans in blanching

basket, lower basket into boiling water and cover. Keep the heat on high and begin counting heating time immediately. Heat in boiling water: Small beans, two minutes; medium beans, three minutes; large beans, four minutes.

Plunge basket of heated beans into a large container of ice water or into running cold water. It takes about as long to cool vegetables as to heat them. When beans are cool, remove them from water and drain.

Pack the beans into moisture, vapor-proof containers. Leave one-half inch head space. Label container with name of vegetable, locked number and date. Freeze

CRISS-CROSS by BESTFORM

TAKES INCHES OFF IN COMFORT

nylon girdle with satin elastic back

Come on in and see how this wonderful girdle will give you the lovely figure you've longed for! State Capitol NEWS

By Vern Sanford, Manager, Texas Press Association.

Austin — Although still four months off, Governor Daniel's plan for a special legislative session in the fall is already generating lively discussion around the capitol.

There is sentiment both for and against.

A "memorandum" was reportedly circulated asking persons to write the governor and ask him not to call the special session. It predicted the bills the governor wants would fare no better than before. A long time House member was believed to be the author of the memorandum.

But if the session is held, Representative Tony Koriath of Sherman says he hopes the governor will submit small loan regulation as an emergency measure. Koriath's "loan shark" control bill died in committee last session.

New "States" Formed.—While Texas lawmakers take a break, some probable leaders of the future are trying their hands at government in Austin.

They are nearly 1,000 high school students from over Texas who came to the capital city for Boys State and Girls State. Texas Department of the American Legion and the Legion Auxiliary sponsor the "states" annually as citizenship laboratories for outstanding youngsters.

Participants hear talks by top officials from the governor down, then form political parties, nominate candidates and elect officials of their own.

Aim is to give the students a first-hand understanding of politics and government.

Road Building Speed-Up.—Texas State Highway Commission is moving swiftly to take advantage of new laws designed to speed up highway construction.

A meeting of the commission and key personnel was to be held in Houston this week. Objective: To hasten the day when heavy traffic can move safely and smoothly along multi-laned super highways with no crossroads.

Principal legislative changes are (1) provision for the state to go 50-50 with cities and counties on land buying costs; and (2) new authority for the state to obtain land for and have control of super roads through cities.

Goal for 1970, according to Highway Engineer D. C. Greer, is 900 miles of expressways linking Texas' population centers.

First of the new laws means car and truck owners will pay 10 per cent more for their next license plates. Second means state will set speed limits on state highways through towns—no local speed traps.

But one "speed up" law failed. Legislature decided against raising present 60-mile-an-hour limit, no matter how good the road.

Tougher for Teens.—Law enforcement officers will, in effect, have a new hickory stick for teenage trouble-makers after August 22. New laws to go into effect then provide:

1. Youngsters 14 and over can be fined \$100 for speeding, DWI or driving without a license.
2. Parents will be liable up to \$300 for property damage by minor children.
3. Drivers licenses for youngsters under 16 will be harder to get. Department of Public Safety, rather than local county judge, will have say-so.
4. A special "license" will be needed for driving motor bikes and scooters.

The Hamlin Herald

Your Home Town Paper

Taking a more optimistic view of the same subject were the more than 100 experts, educators and parents in Austin for the Texas P-TA's youth development workshop.

Today's youth seems to be "sailing along," they opined, but suggested more interest by fathers might help.

At Least It's Wet.—More and more rain and less and less crops is the farm report from many parts of the state.

Besides flood damage, losses are expected to mount high from wind, hail, rust and insects. And continued heavy rains have washed out more fields, delayed much needed work in others.

And more rain will mean complete loss of North Texas grain crops, according to observers. U. S. Department of Agriculture reported weather too wet and cool for cotton in all areas but South Texas.

Even so, the stored-up moisture makes farmers generally hopeful. With some clear weather now, some say they might yet get the best crops in years.

For ranchers outlook is even better. Hill Country Hereford Association reported record breaking sales as grass grows higher, cattle fatter.

Building Bogs Down.—Continuous rain has brought construction to a "virtual standstill" in many parts of Texas this year.

Building authorizations for the first four months of 1957 were one per cent higher than last year, reports the Bureau of Business Research. But actual construction was four per cent less due to the weather.

Increase in the authorization totals was attributed to higher costs rather than more building.

Business Activity Up.—Almost all indicators show Texas business moving slowly, but steadily, ahead of what it was in 1956. Retail trade was up eight per cent over last year with family clothing stores showing the biggest jump—39 per cent.

Bureau analysts foresee "good" retailing for the rest of the year, but with "fierce competition" and a "ruthless squeeze on profits and margins."

Short Snorts.—Virgil T. Seaberry of Eastland has been elected president of the State Bar of Texas, according to Austin headquarters. He will take office at the bar's annual convention in Fort Worth in July.

First high state official to announce for the 1958 elections is Railroad Commission Chairman Olin Culberson. He has been on the commission since 1941. Cotton planting deadlines have been extended until June 20 for farmers in 69 East and Central Texas counties. Agriculture Commissioner John White said the extension was "against my better judgment" as far as pink bollworm control is concerned, but that farmers should not be deprived of a good cash crop.

Simultaneous Bible Schools Best Series Ever Held in Hamlin

Best series of vacation Bible schools ever conducted by Hamlin churches was reported by sponsoring churches, according to a check-up by The Herald.

Nine churches of the city conducted simultaneous schools beginning June 3. Some of the school lasted only one week, while some of the others continued through most of last week.

Churches participating in the simultaneous series of schools that were promoted by a parade Saturday afternoon, June 2, were North Central Avenue Baptist Church, Mexican Baptist Church, First Baptist Church, Foursquare Gospel Church, Church of the Nazarene, Calvary Baptist Church, Faith Methodist Church, Sunset Baptist Church and First Methodist Church.

KERRY DRAKE

Freight Carloadings Of Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending June 8, 1957, were 23,816 compared with 27,367 for the same week in 1956, reflecting a continuing decline from the year ago figure. Cars received from connections totaled 10,031 compared with 11,008 for the same week in 1956.

Total cars moved were 33,847 compared with 38,375 for the same week in 1956. Santa Fe handled a total of 32,068 cars in the preceding week this year.

Lady of the House—"I don't need none."

Salesman—"How do you know? I might be selling grammars."

Milk in Area Sells for \$5.40 per 100 in May

Daily Class I sales by Central West Texas handlers during May were 6.60 per cent less than during April, 1957, and 1.07 less than the daily sales during May, 1956, according to Byford W. Bain, market administrator, in a release to The Herald.

Minimum uniform price to be paid for 4.0 per cent milk from area producers, including a number of the Hamlin area, by Central West Texas handlers during May will be \$5.40 per 100. The uniform excess price is \$2.93 per 100 for 4.0 per cent milk.

The Herald has rubber stamps

SHOWED REAL POWER.

During the war, a magician on his way to entertain the boys overseas consented to give a performance for the troops aboard ship. His parrot, who had seen each and every bit of the magician's repertoire hundreds of times, was bored stiff.

In the midst of the act a terrific explosion raked the boat, causing it to sink. Moments later, the man and the bird found themselves below in the water, clinging safely to a small raft. Sullen, sulking, the bird refused all the entreaties to get it to speak.

Finally, after three days, it broke down: "All right, Sam, you win. How did you make the boat disappear?"

BE PREPARED When You Fish

Usually, the fellow who gets the most fish in the shortest length of time is the one who has the proper equipment. At White's you'll find a complete line of everything the fisherman needs. Make our store your Fishing Supply Headquarters.

4-H Junior Rodeo At Roby Slated For June 28 and 29

Approval has recently been given by the American Junior Rodeo Association to the annual Fisher County 4-H Club Junior Rodeo, which has been slated for Friday and Saturday, June 28 and 29, it is announced by James Norman, county agent of Fisher County, and sponsor of the clubs of the county staging the event.

This year's rodeo will be the seventh annual event to be staged by the club groups, and the second time the event has been given AJRA approval.

Events are arranged for both boys and girls for the rodeo. The boys' contests include calf roping, ribbon roping, bull riding and bareback bronc riding. Girls' contests include ribbon roping, poll vanding, barrel race and saddle race. Prizes totaling several hundred dollars will be awarded to winners.

An added rodeo feature, a wild pig race, has been announced as a thrill maker for each performance, which begin at 8:00 o'clock each evening. A parade at 5:30 Friday evening will be staged in downtown Roby.

Scores of Hamlin area people are scheduled to attend the Roby show. Admission will be \$1 for adults and 50 cents for children. Proceeds will go to the 4-H Club fund, to be used for trips for the clubbers and other activities.

SNOWBIRDS WELCOME—Rose Marie Beebe looks to the north and thinks of the poor "Snowbirds" who still have too cold weather to go swimming. The pretty Port Isabel miss is taking it easy on the shores of Padre Island, where it has been swimming weather for some time. "Snowbird" is the name the natives in the valley gave to the winter vacationers from the "snow country."

Attendance Drops at City Sunday Schools From Previous Week

A drop of 134 from the previous week was recorded by Sunday Schools of the city Sunday from the 13 reporting churches. The 1,105 total, however, was 82 more than the year ago figure.

4-H Club Contestants From Jones County Win Round-Up Spots

The Jones County delegation of 4-H Club boys and girls returned last Thursday from the state 4-H Club Round-Up at Texas A. & M. College, Judy Simmons and Kathy Hagler of the Anson Junior Leaders Club placed third in the vegetable team demonstration contest.

The Jones County entry in the share-the-fun festival placed in the red award group. They presented a pantomime, "St. George and the Dragonet." Boys in the skit included Jimmy Roberts, Delbert Wilson, Will A. Agee, John Mitchell and Ray Barber.

The electric team, composed of Rita Herring and Patsy Wade of Anson, and the soil and water conservation demonstration by John Bill Oman and Darrell Richards of Ericksdahl did not place in the top three.

The group participated in both the educational and recreational parts of the round-up.

The Anson and Stamford Chambers of Commerce contributed

Jerald Lee Woodruff Joins Marine Corps

Enlisting for a three-year stint of duty in the U. S. Marine Corps last Wednesday at Abilene was Jerald Lee Woodruff, 20-year-old son of Mr. and Mrs. Robert L. Woodruff of 1049 Southeast Avenue B. Woodruff is married to the former Dolores Decker of Hamlin.

Young Woodruff was sent to the San Diego Marine Corps recruit depot for recruit training and will later be assigned to Camp Pendleton, California, for individual combat training.

West Texas Utilities Company Offers Assistance in Seeking Industries Here

Services of the area development section of the West Texas Utilities Company are available to the Hamlin Planning Board, according to Bob Kennedy of Abilene, manager of the public service department, who recently visited here with members of the board, of which Fred Smith is president.

"Our engineering staff is at your service in supplying data to any firm which may consider locating a plant here," said Kennedy.

Kennedy left copies of a new booklet prepared by West Texas Utilities Company entitled "It's Your Town," presenting a complete plan designed to help citizens develop their community.

The five definite factors presented by the booklet are:

1. Desire: This comes from within a community—the enthusiasm must be generated by your leading local citizens.
2. Organization: To utilize the local manpower and brain power.
3. Work: Lots of hard work must be done.
4. Money: It will take some money to get this program started and completed. The returns on local investment will be great.
5. Time: Rome wasn't built in a day.

The introduction to the booklet contains this paragraph: "After reading this booklet consider 'needs' in your town for more recreational facilities, for a neater and more attractive town, for better hospital facilities and fire

protection, for an improved standard of living through business and industry or for future in your town for young people, and other needs."

WILLIS PROMOTED.

Walter Willis, former Hamlin man, recently has been promoted to assistant office manager of the Goodyear Tire Company store in Orange, it has been announced. Young Willis married the former Joyce Cooper.

The banjo was invented by Joseph Sweeney, an Irishman.

Hamlin Lions Attend Zone Meeting at Roby

Four members of the Hamlin Lions Club attended a quarterly zone meeting Monday evening at the Silver Spur Cafe in Roby. L. H. McBride of Hamlin, zone chairman, presided, when representatives from five of the nine clubs in the zone were present.

Plans for the ensuing club year beginning July 1 were discussed by the officers.

Besides McBride, others at the Roby meeting were Willard Jones, president-elect; Miller Harmon, first vice president; and B. V. Newberry, board member and deputy district governor.

These Forty Years!

Forty years ago, in June of 1917, the Humble Company received its charter from the State of Texas.

The Company was formed through a merger of the properties of a number of independent oil operators. Its founding brought together a remarkable group of men who occupy an important place in the annals of the oil industry:

R. S. Sterling and his brother, F. P. Sterling, the principal organizers of Humble Oil Company from which the present company acquired its name; W. S. Farish and R. L. Blaffer composing Blaffer and Farish; H. C. Wiess with assets from Paraffine and Reliance Oil Companies; Walter W. Fondren and C. B. Goddard, producers; and L. A. Carlton and E. E. Townes as lawyers.

All of these men contributed greatly in adopting the principles, in shaping the policies, and in laying out procedures that have guided the Company's

progress through these forty years. Their influence will survive as long as the Company continues.

They possessed courage and business judgment. They established high standards of performance. They built a strong organization of competent men and women.

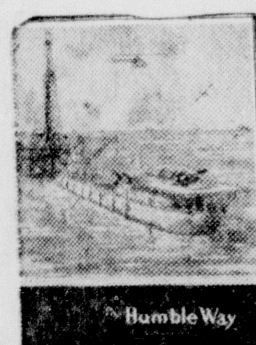

The Company, as it stands today, is a tribute to the leadership, the vision, and the work of its founders.

But it is doubtful that these men, with all their foresight, visualized the changes that have occurred in the oil industry since 1917, or the size and complexity of Humble's present operations, or the extent of the Company's contributions through the years to the progress of our society.

To all who have made those contributions possible—employees, customers, shareholders and the people of the states in which the Company operates—Humble extends its thanks.

HUMBLE OIL & REFINING COMPANY

HUMBLE

The full story of "These Forty Years" is told in the anniversary edition of *The Humble Way*. If you would like a copy, it is yours for the asking. Address Humble Oil & Refining Co., Room 1158, P. O. Box 2180, Houston 1, Texas.

Roger W. Babson Discusses Supply and Demand of Various U. S. Commodities

Commodities that affect everybody's day-in-and-day-out existence are this week discussed by Roger W. Babson, famous economist and analyst, who is a regular contributor to The Herald. He says:

During recent years I have discussed a wide variety of subjects in this column, and I hope that these discussions have been interesting and useful to my numerous readers. Lately I have been studying supply and demand relationships prevailing in some of the major commodity groups, and give below some of the highlights as I see them.

Total volume of new construction put in place, on a dollar basis, hit a record high for the first four months of this year. However, the sharp drop in housing starts in 1957, compared with 1956 is curbing demand for some key items, particularly lumber, plumbing equipment and other materials. I see no immediate major improvement in this adverse situation. Nevertheless, the total dollar volume of new construction will hold at a high level—a fact that will make for a still good demand for building materials in coming months. Supplies, for the most part, will continue ample.

I see nothing to worry about in hard fuels. Production should continue in good balance with requirements. These will hold at satisfactory levels, allowing for the usual seasonal variations. Liquid fuels also will easily meet current and prospective needs. Gasoline stocks, though heavy, probably will not prove burdensome, now that the season of high consumption is close at hand. Large imports of petroleum and heavy fuel oil are causing concern in some quarters, and will be sharply curtailed, I forecast, either voluntarily or by government decree.

The overall food outlook remains firm. Supplies of most major items will hold at relatively high levels. Supplies of meats, however, may be somewhat smaller this summer than last, largely reflecting an expected drop in the supply of pork. With pastures all over the country in excellent condition, milk production from now through the summer will hold at a high rate. This should result in larger commercial supplies of dairy products but heavy CCC pricing should help maintain the prices.

Looking ahead a bit, I forecast that new food crops, even with only average weather conditions during the important growing periods, will again be large. Domestic demand for most food products, both fresh and frozen, will continue at a high level, reflecting a continued high rate of national employment and disposable consumer income. Foreign demand for U. S. food products may, however, be less aggressive than it was a year ago.

Despite government efforts to reduce them, our grain and feed supplies in the aggregate are still large. Early indications point to another large supply of feed grains for 1957-58; the total may not differ materially from last year's record. Carry-over stocks into the new season will be sharply above those of a year ago. These large current and prospective supplies should militate against any sustained price advances.

Supplies of well fed beef cattle are by no means heavy. Currently rice strength prevails in feeder cattle, which have been in good demand. I forecast a rather heavy run of grass fat cattle, including feeders, this fall and lower prices. Marketings of the 1956 fall pig crop are now well out of the way—and will probably be followed by temporarily higher average prices; but prices could turn sharply downward as marketings of the large spring pig crop increase.

Demand for industrial commodities should be well maintained at good levels, allowing for the usual summer let-down. Supplies, for the most part, should suffice. Industrial prices may even strengthen moderately later in the year. Supply-demand ratios in the metals group lean more to the

Rubber bands at The Herald.

Willard Jones Go To Lions Convention

With the Lions International convention as their ultimate goal, Mr. and Mrs. Willard Jones and grandson, Dubby, son of Mr. and Mrs. June Jones, left Wednesday morning for San Francisco, California. The convention opens next Tuesday and continues until Friday.

The party will tour several states during their trip to the West Coast. Jones is president-elect of the Hamlin Lions Club.

Obedience is the mother of success, and is wedded to safety.—Aeschylus.

BUREAUCRACY AT WORK.

In Washington they tell the story of the government official who asked his secretary to look through the haphazard filing system in his office for some details on a case. "The name is Sawyer," he said.

The girl looked but told him she couldn't find the name.

"Well," shouted the exasperated official, "what do you have filed under S—?"

"Only the sandwich I'm having for lunch," she said.

Butter Cartons Fine For Storage of Foods

The foil wrapper and waxed carton in which your purchase of butter afford ample protection from strong food flavors in your refrigerator, says butter expert George Reeder.

The foil wrapper alone provides protection for a couple of days, he adds, if the butter is stored in the conditioner of newer refrigerators.

USING COLOR SCHEME.

Small Susan Gray loved her Grandfather Brown. When he married a woman named White, she was very thoughtful.

Finally she came to her mother and said, rather plaintively, "Mummy, do I have to marry someone called 'Green' or 'Black' when I grow up?"

A wallaby is a baby kangaroo.

MISSION ACCOMPLISHED.

Salesman—"Give me five minutes, sir, and I can show you how to earn twice the money you're making now."

Citizen—"Don't bother—I do that already."

GOLDEN SILENCE.

"Have I told you about my grandchildren?"

"No, and I appreciate it."

Adding Millions

to our area economy with resources we already have

We yearn for new industries... new payrolls... bigger business volume... in our trade area... that we may each benefit. We'll work and wish unceasingly for these.

Yet we are likely to forget that an Old Dollar which stays here to circulate and re-circulate among us, creates growth and prosperity just as effectively as a New Dollar coming in.

While we're waiting and hoping for new financial blood in our community business veins... shouldn't we guard what we already have... against transfusion into other areas... through too much buying in far away cities?

It Pays to Buy Where You Live!

Of all the business establishments in the world—only those in Hamlin are sincerely interested in the future of Hamlin and in the future of YOU who live here . . .

Three from City Enroll for Band Clinic at McMurry

Three Hamlin young people have registered for McMurry College's ninth annual summer band and music twirling clinic, to be held on the McMurry campus at Abilene July 14 through 27.

They are Beth Cochran, daughter of Mr. and Mrs. J. D. Cochran; Rebecca Ferguson, daughter of Mrs. Thomas Ferguson; and Everett K. Gibson Jr., son of Mr. and Mrs. Everett Gibson.

Miss Cochran will receive instruction in flute and twirling, and Miss Ferguson will study drum and twirling. Gibson will receive instruction in cornet. All of the students will participate in one of the concert bands to be organized at the school.

Raymond T. Bynum, professor of music and band director at McMurry, is general director of the two-week and band twirling clinic, one of the largest of its kind in the country.

Bynum said that 285 boys and girls had registered for the school through June 10. He expects final registration to top last year's record enrollment of 404 students.

Participants will be housed in McMurry dormitories and will take their meals in the college dining hall. They will receive instruction in solo, ensemble and concert band, music theory, chorus, twirling, drum majoring and other specialties.

Twelve Texas public school band directors are included on Bynum's staff of about 80 band and twirling teachers.

Further information on registration, eligibility or cost of the band school may be obtained by contacting Professor Bynum at the McMurry College Band Hall, Abilene, Texas.

NAMED to head the reorganized State Board of Insurance is District Judge Penn J. Jackson of Cleburne. Governor Price Daniel made the appointment of Jackson, who has been judge of the 18th District since 1944.

Sprays Effective In Weed Control, Declares Agent

The rains have been fine—but they have brought on the biggest growth of weeds many old-timers can remember in the Hamlin section.

Many Jones County farmers and ranchers are using 2-4-D hormone weed killer to fight the battle of the weeds, reports Bill Lehmberg, county agent.

Here are a few reminders from the agent about this chemical: General rate of application, one to one and one-half pints per acre; the amine type does not drift as bad as the ester type; it is not poisonous to humans or livestock; cotton, tomatoes and most broad-leaf plants are susceptible to 2-4-D and can be damaged or killed by it.

It can drift up to two miles under favorable conditions, and should not be used close to fields planted to cotton.

Many farmers have asked, the agent says, whether it is safe to spray fields to be planted to cotton. It is not recommended and can cause damage to seedling cotton if conditions are right.

For further information on this see your county agent.

Rains Improve Setting and Spirit Of Stamford Show

Things are really looking up for the Texas Cowboy Reunion, to be held at Stamford July 2, 3 and 4, since all West Central Texas has been blessed with wonderful rains, giving the setting a beautiful green look after several years of parched pessimism, declare officials of the show.

Twenty-seven years can be a mighty long time if it is spent in the "pokey" or paying installments. But for the thousands of persons who attend the rodeo and reunion it is only a short time for recalling events and a wonderful vacation. Despite the drought the past few years, 538 contestants participated in the show, and more are expected this year.

Spectators will enjoy the thrills and spills again of such events as calf roping, bronc riding, wild cow milking, bull riding and the cowgirls' clover leaf barrel races just as they have since the beginning of the show in 1930. Many of the contestants are sons and daughters of those who took part in the very first reunion.

The big parade will open this year's show at 11:00 a. m. on the morning of July 2. The world famous Hardin-Simmons Cowboy Band will be on hand to add color and spirit throughout the three-day celebration.

President W. G. Swenson has announced that the special GI roping event will be held again this year, with the top 10 ropers who are GIs or ex-GIs competing in the arena the last night for a beautiful saddle.

Three of Hamlin Enroll at H-SU Summer Session

Three Hamlin young people, including a school teacher, are among the more than 425 students enrolled in the first session of summer school at Hardin-Simmons University in Abilene.

They are Bobby Bingham, senior student and son of Mr. and Mrs. C. D. Bingham; Lola Lee Milstead, a graduate student, and daughter of Mr. and Mrs. R. L. Milstead; and Cecelia Albritton, freshman student and daughter of Mr. and Mrs. W. Henry Albritton. Young Bingham is a member of the Cowboy Band.

The first six-week term of summer school got underway June 5 with registration. Classes, which are one and one-half hours in length, began June 6 at 7:00 a. m. Courses of instruction are being offered in 23 major university departments.

Registration for the second summer semester will be held July 15. Summer baccalaureate is set for 8:00 p. m. August 21 and commencement at 8:00 p. m. August 23.

President Evan Allard Reiff announced that the entire recreational facilities of the university will be open to summer students. They include athletic fields, gymnasium, riding stables, swimming pool and tennis courts. Forty-four H-SU professors will remain on the campus during the summer to teach during the two six-week terms.

DELEGATE-AT-LARGE.

Son—"Pop, what is a delegate-at-large?"
Pop—"A delegate who goes to a convention without his wife."

HIGH SCHOOL TRACK STAR TO ATTEND ACC—Carvin Cooley of Hawley (left) is shown with Abilene Christian College track coach Oliver Jackson on the Cooley farm at Hawley. The 18-year-old farm boy, who won the Class B hurdles at the state meet this year, has announced plans to enroll at ACC. The college track team has another fast farmer—Bobby Morrow, Olympic sprint champion—who hails from San Benito.

GOC Unit to Stage Alert Again Sunday

Another in a series of practice alerts will be observed Sunday afternoon by the Hamlin chapter of the Ground Observer Corps, it is announced by James Josey, captain of the local group.

The alert will be from 1:30 to 5:50 at the fire station. Josey says 42 people have enrolled for the GOC, which was organized to report possible enemy plane attacks as well as function in bad weather and other emergencies.

Two-County Singing Slated at Stamford

Singers and song lovers of the Hamlin area are reminded this week of the Haskell and Jones County singing scheduled Sunday afternoon at the Foursquare Gospel Church in Stamford.

Singing will get underway at 2:00 o'clock, to which the public is invited, say singing leaders.

"Who, me?" he said matter-of-factly. "Now, sheriff, who would I be playing cards with?"

Twenty-Two Get Lions Club 100% Attendance Pins

Twenty-two members of Hamlin Lions Club were presented 100 per cent attendance pins for the test period September 1 to April 1, when the civic group met Tuesday noon at the oil mill guest house in regular weekly luncheon session.

Presenting the pins was Secretary Donley Williams. Receiving the pins were C. C. Bailey, B. O. Bell, Arlie Cassie, Joe Culbertson, Ed Duncan, Miller Harmon, George Herman, E. A. Hewett, Willard Jones, James Josey, Jim King, Claude Lancaster, Ronnie Brown, Joe League, L. H. McBride, Joe McCrary, B. V. Newberry, W. S. Seals, Stanley Shepperd and A. Spencer.

Officers for the new club year beginning July 1 were installed by Deputy District Governor Newberry, after he outlined some of the work of Lions International. He pointed out that since the Lions were organized in 1917 it had grown to be the largest service club in the world, with more than 1,300 clubs in 82 countries with more than 560,000 members.

Installed were: Willard Jones, president; Miller Harmon, first vice president; Donley Williams, second vice president and secretary; Stanley Shepperd, third vice president and assistant song leader; George Campbell, treasurer; Josey League, tail twister; James Josey, Lion tamer; Austin Siburt, song leader; Shepperd, Siburt, Hollis Madden and Bobby Crowley, directors.

HUDSONS HAVE GUESTS.

Major and Mrs. Earl C. Misener and sons, Bobby and Richard, of Camp Polk, Louisiana, and Mrs. Elda Misener and son, Jack Misener of Oakland, California, have been visiting in the home of Mr. and Mrs. M. T. Hudson. Mrs. Misener is the former Joyce Hudson. The California people are mother and brother of Major Misener.
